THE WINNERS CIRCLE

From the Publisher

I believe being a good neighbor means supporting local businesses and projects. Newspapers like Clay Today serve as a valuable resource about local news events, including updates on local government, schools, businesses and our neighborhoods. It is information often not covered by larger news outlets, making a weekly community newspaper a vital source of knowledge. Community newspapers like Clay Today also provide a platform for local residents to share their stories and perspectives, allowing for a deeper understanding of the community and its members. These newspapers help foster a sense of community and connection among residents by providing a shared source of information and means of communication. Most importantly, weekly community newspapers like Clay Today are crucial in supporting and strengthening local communities.

Thank you for voting us as your #1 in Air and Heating Service in Clay for 2023!

We offer residential as well as commercial services. Quality, fast and friendly service at small town pricing.
Give us a call for all of your HVAC needs.

Farmer's Heating and Cooling Solutions, LLC - 2023 Best of Clay for Air and Heating Service

We truly want to thank our family, customers and employees for an amazing year. We started our business in July of 2021 to provide Clay County with great customer service and small town pricing in the HVAC field. We did not realize how quickly our company would grow to service local residential and commercial customers. We understand the importance of customer satisfaction and was blessed by the amount of reviews and recommendations from our customers. Through those recommendations, we have become a strong contender in this growing field.

Farmer's Heating and Cooling Solutions is a family-owned local business with over 17 years experience in the HVAC field. Our family has been in Clay County for generations. We take customer service seriously and vow to give the best experience to our customers. We know how important it is to keep your family cool in the summer and warm in the winter. Our technicians will go the extra mile to ensure you understand the work that is being completed on your system at each visit. They go to great lengths to explain your system and the measures the homeowner can take to ensure their unit continues to work efficiently.

Our family understands that finding a honest and fair HVAC company can be overwhelming and frustrating. We are here to take the load off your shoulders. Let us come out and solve your heating and cooling issues.

Our promise is to give you unbeatable and reliable customer service. We are committed to going the extra mile to make sure our clients are fully satisfied with our service.

We can find the SOLUTIONS to your system's problems. Our company is fully certified, licensed, bonded and insured.

Need some advice, clarification or an estimate? We also offer FREE second opinions and estimates. We value our military, first responders and teachers with a 10% off discount on services and parts.

Did you know, most warranties require a once a year maintenance provided by a licensed and insured HVAC company? We can help you maintain that requirement through our Preventative Maintenance plans. They will keep your HVAC unit working efficiently. Remember, it is more cost effective to maintain than to repair.

Check us out on Facebook, Instagram or visit our webpage at www.farmersheatingandcoolingsolutions.com

Haven's Custead Hospice
Care Center in Orange Park

Thank you for voting us
BEST HOSPICE

Serving as your neighborhood not-for-profit hospice since 1979, we provide compassionate care to patients in their homes or wherever they call home, in hospitals, and in our hospice care centers.

Let us share how we can help you and your family.
When health becomes a challenge, we will be your haven.

HAVEN  **S**
CLAY COUNTY!

800.HOSPICE (467.7423) | www.BeYourHaven.org

Serving advanced illness needs in North Florida since 1979. Licensed as a not-for-profit hospice since 1980. Haven does not discriminate on the basis of race, color, national origin, age, disability, or sex. Si habla español, tiene a su disposición servicios gratuitos de asistencia lingüística. Increasing Quality of Life with Haven Hospice

One of the most difficult choices people face at the end of life is choosing if or when to enter hospice care. Despite the benefits of using hospice, many wait to receive hospice care until the final weeks or days of life. Starting hospice early, however, can provide months of compassionate care and quality time with loved ones.

When receiving hospice or palliative care from Haven, you or your loved one can be cared for wherever you call home—whether that's your house, an assisted living facility or one of Haven's five hospice care centers, like the Custead Hospice Care Center in Clay County.

Choosing hospice care doesn't mean giving up hope; it means increasing your quality of life at the end of life. Haven's team works with patients and their families to develop a plan of care based on their specific needs and goals, providing pain and symptom management as well as emotional and spiritual support for everyone involved.

One family member, whose husband received palliative and hospice care from Haven, told Haven staff, "I wish more people would utilize services and not think that hospice is just for the end of life. I think people go into denial and think if they call hospice, it's the end. But it's not. Haven is always there for you."

If you or your loved one have a life-limiting diagnosis, reach out today to learn how Haven can help at <https://beyourhaven.org/> or 800.HOSPICE (467.7423).
