"Faraway Downs" (Hulu — Nov. 26, Limited Series Premiere)

The story centers on an English aristocrat, Lady Sarah Ashley (Nicole Kidman) who travels halfway across the world to confront her wayward husband and sell an unusual asset: a million-acre cattle ranch in the Australian Outback called Faraway Downs. When a ruthless Australian cattle baron, King Carney (Bryan Brown), plots to take Lady Ashley's land, she reluctantly joins forces with a rough-hewn cattle drover (Hugh Jackman) to protect her ranch. The sweeping adventure romance is explored through the eyes of young Nullah (newcomer Brandon Walters), a bi-racial Indigenous Australian child.

Life and death in the Midwest: Hamm, Temple join 'Fargo' for fifth season

As anyone living in or visiting Alberta this past October can testify, the province is a great place to film a snowy series. And while the cast and crew of "Fargo" had long since finished filming by the time Calgary received its most recent unseasonable dumping of snow, TV audiences are just now about to witness the magic (and crime — lots of crime) for themselves. Season 5 of "Fargo" begins Tuesday, Nov. 21, with back-to-back episodes on FX. Episodes are available to stream the following day on Hulu.

Despite filming in Canada, the current season of the series created by Noah Hawley ("Legion") is set primarily in North Dakota (as indicated by its title). Expected to run for 10 episodes, "Fargo's" fifth season is set in 2019, making it the series' most recent timeframe to date. (For those interested, seasons 1 through 4 take place in 2006, 1979, 2010 and 1950, respectively.)

Those unfamiliar with "Fargo" may not know that the critically acclaimed series is based on the 1996 film of the same name by the Coen Brothers ("Blood Simple," 1984), which starred William H. Macy ("Shameless") and Steve Buscemi ("Boardwalk Empire") alongside Frances McDormand ("Three Billboards Outside Ebbing, Missouri," 2017) in her Academy Award-winning role as police officer Marge Gunderson. Like the film, FX's "Fargo" is a black comedy, but rather than follow the same storyline as the film, the series opted to present its content as an anthology, jumping through timelines and to various locations in order to tell a series of related tales, each as unsettling — yet somehow inviting — as the next.

Season 5 stars Juno Temple ("Ted Lasso") as Dorothy (Dot)

Lyon, a Minnesota-based housewife who appears to lead a normal, happy lifestyle. But, when Dot ends up getting into trouble with the local authorities, her past comes back to haunt her — a past that is much more sinister than anyone would have expected from this average midwestern woman. As she tries to sort out the best course

BY DANA SIMPSON

of action, Dot is pursued by North Dakota Sheriff Roy Tillman (Jon Hamm, "Mad Men"), Deputy Witt Farr (Lamorne Morris, "New Girl") and a mysterious man named Ole Munch (Sam Spruell, "The Martian," 2015).

Jennifer Jason Leigh ("The Woman in the Window," 2021) joins the main cast as Dot's well-off mother-in-law, while "Stranger Things" Joe Keery and "Never Have I Ever's" Richa Moorjani step into the roles of the sheriff's son, Gator Tillman, and Deputy Indira Olmstead, respectively.

Meanwhile, David Rysdahl ("Oppenheimer," 2023), Jessica Pohly ("Stalker"), Nick Gomez ("She-Hulk: Attorney at Law"), Lukas Gage ("The White Lotus") and Dave Foley ("The Kids in the Hall") star in recurring roles throughout the newest season.

And although the producers and casting directors once again managed to snag some serious star power for "Fargo," many viewers and critics wondered if the series would be returning at all. On Nov. 29, 2022, the day the Season 4 finale aired, series creator Hawley was asked about his intentions to continue the anthology.

"The danger is always that you're going to stay at the dance a little too long," Hawley replied, "so I have to put a lot of it in place in my head and really make sure that it's worthy of joining these 41 hours."

Hawley continued, stating: "I don't want to try and make another one [season] unless I think, 'Oh, we have to make this one. It's the best one yet."

Julia Child takes the cake in 'Chopped'

Sixteen chefs, one iconic kitchen: an all-new season of this fan-favorite cooking competition honors one of the greatest names in cooking, as "Chopped" returns with new Julia Child-inspired episodes. "Chopped: Julia Child's Kitchen" airs new episodes Tuesdays on Food Network.

"Julia Child was a chef, instructor, author and legend! Even today she influences modern chefs to achieve greatness and push themselves to be their best," Food Network recently shared. "In this competition, four Julia Child fans compete in a preliminary battle with baskets inspired by Julia's recipes."

Keeping to the same format as usual "Chopped" seasons, this "Childish" competition features three rounds, in which four chefs must use random and often unusual "mystery basket ingredients" to complete a tasty dish. Each round, one chef is eliminated until only two remain, together facing the judges in the final dessert round, where one is finally crowned the winner.

This — "Chopped's" 55th season — will feature a panel of rotating judges, said to include the likes of Scott Conant (chef, host of "24 Hour Restaurant Battle"), Susan Feniger ("Too Hot Tamales"), Amanda Freitag ("Iron Chef America"), Alex Guarnaschelli ("Ciao House"), Nilou Motamed ("Top Chef"), Michael Voltaggio ("Bobby's Triple Threat") and Isabella Rossellini (who stars in "Julia," premiering its second season two days later on Max). Each episode will also see the arrival of four new chefs, with each winner moving on to the tournament's finale, where the final four will fight for a grand prize of \$25,000 and a Julia Child-themed dream trip to France.

Upcoming episodes of the series feature bright and bold flavors some Julia herself would never approve of — as the series' second episode promises that "citrus and a salad are part of the puzzle in the appetizer round, and the three chefs who make it to the entrée round must make use of some unusual powder and fancy mushrooms," while a description for the third episode shares that: "The chefs get an unusual piece of chicken and a potato product that would have made Julia cringe."

However, in a season featuring fish stew, veal, processed cheese and more, host Ted Allen learns that the stinkiest thing of all might just be his cohorts' Julia Child impressions.

As the chefs continue their journeys to France — and practice their accents — "Chopped: Julia Child's Kitchen" premieres an all-new episode, Tuesday, Nov. 21, on Food Network.

Lando Norris continues his search for first F1 victory

Formula One has officially arrived in the desert, as teams and drivers prepare for the inaugural Las Vegas Grand Prix. The race kicks off Sunday, Nov. 19, in Las Vegas at the newly built Las Vegas Street Circuit, with pre-race coverage and race-day coverage airing live on ESPN.

As the F1 season winds towards its conclusion, rising star Lando Norris has been proving all season long he has what it takes to compete against the best of the best. At just 23 years old, Norris has become a household name, finishing second place five times

this season as he continues searching for his first F1 victory. However, with Red Bull as dominant as it has been, the top of the podium has remained elusive throughout his 2023 campaign.

While second place is not quite what team McLaren and Norris have hoped for, two major car upgrades this season have allowed Norris to come within 19 seconds of Red Bull's Max Verstappen during two different races — a major feat considering the massive point gap the Red Bull star has established.

With Norris officially under contract until 2025, the British native has plenty of time to build more momentum in his career. However, when asked by Sky Sports 1 reporters if he could win a race this season, Norris held realistic expectations of himself and his team.

"Unlikely. Not the answer I want to tell myself or anyone, but it's unlikely. ... Vegas is still a big question mark, but there are no high-speed circuits, which is where we are very strong. It's where we have always been strong and we are almost on par with Red Bull in the high-speed corners. It's just the slow speed is letting us down at the minute," Norris said. "We understand it and know it's our area to focus on and improve on. When it comes together, probably not this year but next year, I think we can do some good things."
