Picking up speed: MI-5 agents ramp up in third season of 'Slow Horses'

The phrase "You can't teach an old dog new tricks" may or may not be true, but Apple TV+ has proven that, at least when it comes to horses, even the slowest ones can gain speed. Based on the Slough House book series by English novelist Mick Herron, "Slow Horses" begins its third season with two fresh episodes Friday, Dec. 1, on Apple TV+.

The first season of the Gary Oldman ("Darkest Hour," 2017) -led series kicked off on the streamer in April 2022 and made good use of Herron's first Slough House novel, "Slow Horses," for which the show's is named. Season 2 continued the author's saga, taking its plot details from the literary series' second book, "Dead Lions." Now, heading into its third season to be released within a year and a half, the newest instalment will follow the tradition of pulling content chronologically from the novels, this time focusing on Herron's "Real Tigers," the third book in the series.

On screen, the spy dramedy follows a group of aging and disgraced MI-5 agents, who all appear to have lived out their usefulness within the high-ranking British espionage organization. As such, the agents have been relegated to another department, "known un-affectionately as Slough House," where a large part of their job involves sitting behind a desk and pushing papers; a low-stakes operation for agents who have made "career-ending mistakes."

Slough House is headed up by "brilliant but misanthropic leader" Jackson Lamb (Oldman), and also acts as a sort of workplace home to recovering alcoholic Catherine Standish (Saskia Reeves, "Luther"); former hactivist Roddy Ho (Christopher Chung, "Waterloo Road"); Louisa Guy (Rosalind Eleazar, "Uncle Vanya," 2020), assigned to Slough House following a botched tailing job; and River Cartwright (Jack Lowden, "Dunkirk," 2017), whose desire to redeem himself in the field set the tone for the premiere season.

Other agents have come and gone over the seasons, including Jed Moody (Steven Waddington, "Jamestown"), Struan Loy (Paul

Higgins, "Apostle," 2018), Min Harper (Dustin Demri-Burns, "Cardinal Burns"), Shirley Dander (Aimee Ffon-Edwards, "Peaky Bllnders"), Marcus Longridge (Kadiff Kirwan, "Ths Is Going to Hurt") and Sidonie "Sid" Baker (Olivia Cooke, "Bates Motel"), the last of whom was a competent MI-5 agent assigned to Slough House for seemingly unknown reasons.

Headed into Season 3, many Season

BY DANA SIMPSON

1 and/or 2 characters are expected to return, including Lamb; Cartwright; Ho; Guy and Standish; MI-5 director general and head of operations Diana Taverner (Kristin Scott Thomas, "Gosford Park," 2001); Cartright's grandfather, retired intelligence officer David Cartwright (Jonathan Pryce, "Pirates of the Caribbean: The Curse of the Black Pearl," 2003); and MI-5 agent James "Spider" Webb (Freddie Fox, "Victor Frankenstein," 2015). Supporting characters Harper, Dander and Longridge are also scheduled for Season-3 return.

In terms of the plot, Apple TV+ notes that the newest season of "Slow Horses" features "a romantic liaison in Istanbul [that] threatens to expose a buried MI-5 secret in London. When Jackson Lamb and his team of misfits are dragged into the fight, they find themselves caught in a conspiracy that threatens the future not just of Slough House but of MI-5 itself."

Some of the best news for fans of the show, however, is that Season 4 is also confirmed. Renewed for back-to-back seasons in June 2022, the Season-4 confirmation could mean a more dramatic end to Season 3, as writers know that the show is definitely returning. Beginning strong with a two-episode premiere, the third season releases episodes weekly until Dec. 29. While the Season 4 release date has yet to be announced, entertainment sites expect it to arrive sometime in 2024.

Christmas confections: 'Elf on the Shelf' comes to life in new baking competition

There are all sorts of elves, but only some are talented enough to make cookies for Santa. This all-new series puts confectioners to the test, as "The Elf on the Shelf: Sweet Showdown" continues with new episodes, airing Sundays on Food Network.

Hosted by Duff Goldman ("Holiday Baking Championship"), this five-episode, Christmas-themed series boasts chef Kardea Brown ("Delicious Miss Brown") and pastry chef Ashley Holt ("Bake Squad") as judges, rounding out a team of Christmas-loving cooks.

"Santa and his loyal Scout Elves, along with the help of legendary cake master Duff Goldman, will challenge six teams of sweetmakers in a competition full of surprises. Each week, the teams must create edible showpieces that bring the holiday season to life," a recent news release from Food Network describes — and with two challenges per episode, the season has already produced some crazy confectionary creations.

So far, teams have adopted their own Scout Elves, created personalized and edible shelves for them to enjoy, crafted show-stopping, snow globe showpieces, prepared for "elfie selfies" and tirelessly sewed the sugared seams of some runway-ready elf-fits — and the season's just begun.

Descriptions given by the network share that upcoming episodes will see more Christmas chaos, with a synopsis for the season's third episode describing: "the Scout Elves want to play the 12 Days of Christmas at their elf concert tonight, but they accidentally mixed up all the lyrics! Host Duff Goldman tasks the remaining teams with figuring out their jumbled lyrical prompts and delivering a twisted-up 12 Days of Elfmas showpiece.

During the fourth, "host Duff Goldman revs up the teams as they create an edible sleigh design that will wow Santa and show off their magical skills. Then, two teams go head-to-head in the Santa Showdown by creating inventive snow forts.'

Finally, the remaining three teams will square off in a super-sized season finale, just before the Scout Elves head back to the North Pole to help Santa prepare for his big night. The flight home is long and cold, but the Elves fly over some of their favorite places on Earth in the meantime, and the remaining bakers pay homage by "elf-ify"-ing a famous landmark in their honor.

After the final round of eliminations, one team — and their very special elf — will earn the ultimate Christmas gift: \$25,000 and the title of The Ambassadors of Confectionery Concoctions.

Sugary sweet and full of Christmas magic, "The Elf on the Shelf: Sweet Showdown" airs an all-new episode Sunday, Dec. 3, on Food Network.

Hurricanes' Kotkaniemi aims to continue hot streak in Edmonton

In another clash of offensive talents, the surging Carolina Hurricanes get set to battle the Edmonton Oilers Wednesday, Dec. 6, at Rogers Place in Edmonton, Alberta. The action airs live on TNT.

In what's been yet another impressive season for the Carolina Hurricanes (9-6-0 as of Nov. 11), the team currently sits comfortably near the top of the Metropolitan Division with contributions coming from the likes of Sebastian Aho, Martin Necas and Teuvo Teravainen helping Carolina rank among the top teams in goal scoring.

However, one player catching eyes around the league — and certainly proving his worth this season — is bonafide second-line center Jesperi Kotkaniemi.

Coming off an impressive season that saw Kotkaniemi set career highs in goals (18), assists (25) and points (43), the Finnish native has carried that momentum into this season.

In Kotkaniemi's first 15 games, he managed to rack up six goals and seven assists for a total of 13 points — an impressive feat to start the season for the young star, as he sits as one of the team's top five contributors.

Facing the Hurricanes will be the offensive juggernaut Edmonton Oilers, led by none other than Connor McDavid and Leon Draisaitl. While those two names ring synonymous with success, the start of the 2023-24 campaign has been quite the opposite in comparison to their opponents.

For the Oilers, they sit at the bottom of the Pacific Division, recently coming off one of their worst losses of the year, falling short to the league-trailing San Jose Sharks, marking a new all-time low for the Oilers.

As the Hurricanes prepare for the Oilers, Kotkaniemi's contributions will prove critical against a team that, regardless of their struggles, is a threat night in and night out.

Full name: Jesperi Kotkaniemi Birthdate: July 6, 2000 (23) Birthplace: Pori, Finland Height/weight: 6-2/201 pounds Team(s)/number: Carolina Hurricanes, No.82 (2021-present), Montreal Canadians, No.15 (2018-2021)

Honors and achievements: U18 World Junior Championship gold medal (2018), U17 World Junior Championship silver medal (2017), U20 SM-Liiga silver medal (2017)

"Reacher" (Prime Video — Dec. 15, Season Premiere)

Based on "Bad Luck and Trouble," the 11th book in Lee Child's global best-selling series. Season 2 begins when veteran military police investigator Jack Reacher (Alan Ritchson) receives a coded message that the members of his former U.S. Army unit, the 110th MP Special Investigations, are being mysteriously and brutally murdered one by one. Pulled from his drifter lifestyle, Reacher reunites with three of his former teammates turned chosen family — Frances Neagley (Maria Sten), Karla Dixon (Serinda Swan) and David O'Donnell (Shaun Sipos) — to investigate.

"Finestkind" (Paramount+ — Dec. 15, Movie Premiere)
This film tells the story of two brothers (Ben Foster, Toby Wallace), raised in different worlds, who are reunited as adults over a fateful summer. Set against the backdrop of commercial fishing, the story takes on primal stakes when desperate circumstances force the brothers to strike a deal with a violent Boston crime gang. Along the way, a young woman (Jenna Ortega) finds herself caught perilously in the middle. Sacrifices must be made and bonds between brothers, friends, lovers, and a father (Tommy Lee Jones) and his son are put to the ultimate test.

This eagerly-anticipated sequel to the beloved computer animated family film, "Chicken Run," catches back up with Ginger (Thandiwe Newton), who, having pulled off a death-delying escape from Tweedy's farm, has finally found her dream — a peaceful island sanctuary for the whole flock, far from the dangers of the human world. When she and Rocky (Zachary Levi) hatch a little girl called Molly (Bella Ramsay), Ginger's happy ending seems complete. But back on the mainland, the whole of chicken-kind faces a new and terrible threat. This time, Ginger and the team are breaking in to save the day.
