

BRISTOL COUNTY CONCERNED CITIZENS

Traditional values, common sense solutions

OUR CONCERN: We oppose the rise of a philosophy that undermines traditional American values and will increase social and economic burdens on those who can least afford it.

WHO WE ARE: Our group is aligned with no particular political party. Members include Republicans, Democrats, Libertarians and Independents. We are a group of concerned citizens seeking to promote traditional local and American values. We believe in common sense values and solutions that support the Declaration of Independence and our Constitution.

OUR MISSION/PURPOSE. To identify recruit and support political candidates at the state and local levels who share our concern for preserving traditional American values.

- Traditional family values as the foundation of a flourishing civil society
- The sanctity of life
- Educational choices to include charter, private and faith-based schools
- A welcoming community that promotes legal immigration, cultural assimilation, strong borders and voter ID
- Firm discipline and accountability to ensure a positive learning environment in our schools
- Strong economic growth with limited taxes
- Reasonable environmental policies that take into effect realistic impact and cost
- Freedom of speech, religion, assembly and the right to keep and bear arms

We believe it is time for We the People to stand up and protect our communities and our traditional American values
