**Why Public Notice Should Remain in Newspapers**  
Newsprint is inherently superior to the internet for public notice because reading a newspaper is a serendipitous process.  
We find things in newspapers we weren't expecting to see. On the internet, we search for specific information and ignore everything else.  
Governments aren't very good at publishing information on the internet. Unlike newspaper publishers, public officials aren't compelled by the free market to operate effective websites.
