**Look Local First Shop At Home With Friends & Neighbors**

**Why Public Notice Should Remain in Newspapers**

Along with open meeting and freedom of information laws, public notice is an essential element of the **three-legged stool of government transparency**

Since the first U.S. Congress, public officials have understood that newspapers are the best medium to notify the public about official matters because they contain the **essential elements of public notice:**

- Accessibility
- Independence
- Verifiability
- Archivability

**Publishing notices on the internet is neither cheap nor free**

**This is not about "newspapers vs the internet". It's newspapers and newspaper websites vs government websites and newspaper websites have a much larger audience. Moving notice from newspapers to government websites would reduce the presence of public notices on the internet**

## Thanks for Being There for Us!

Thanks to everyone who volunteered, supported, donated, and helped in other ways to make the Ayrshire Days 2024 a success!

The winners of Cow Pie Bingo were: Gary Rouse, Leah Konechne, Jake Schneider, Carol Wolff, and Jay Schoning. The winner of the quilt (made by the Ayrshire Quilters) was Richard Farlow. The winners of the BBQ/Smoker Cookoff were Rob Allen (1st place), Tony Terveer (2nd place), and Lonnie Henricksen (3rd place).

See you at Ayrshire Days in 2025!!!  
Ayrshire Betterment Association and Ayrshire Days Committee

## We can stop HIV, Iowa—by staying up-to-date on recommended screenings!

Health screenings help to identify diseases and chronic conditions before symptoms occur. The CDC recommends:

- All people ages 13-64 should be screened for HIV at least once in their lifetime.
- All people ages 18 and over should be screened for hepatitis B at least once in their lifetime.
- All people ages 18 and over should be screened for hepatitis C at least once in their lifetime.
- Pregnant women should be screened for HIV, hepatitis B, and hepatitis C during each pregnancy.

Talk to your healthcare provider about getting screened! Forgot if you've had a screening? Ask them to check your records!

Screenings are important because HIV, hepatitis B and hepatitis C don't always have noticeable signs or symptoms. Some people should be tested **more often**—visit the web resources below to learn more!

Scan here to learn more about HIV screening recommendations—  
Or visit <https://cdc.gov/hiv/testing/>

Scan here to learn more about hepatitis B screening recommendations—  
Or visit <https://cdc.gov/hepatitis-b/testing/>

Scan here to learn more about hepatitis C screening recommendations—  
Or visit <https://cdc.gov/hepatitis-c/testing/>

**I STOP HIV IOWA**

# GRAIN MANAGEMENT SOLUTIONS

Recently GSI announced that they are retiring some products. The AD Link platform and remote monitoring will no longer be supported after December 15th, 2024.

2 options for replacing your BULLSEYE system are:

- 1 AgroLog is a complete automation system which will control aeration fans for you. The system monitors temperature, moisture, CO2, Grain Level and puts this information where you need it most, on your laptop and smartphone.
- 2 Grain Trac utilizes either existing or new temperature cables. Grain Trac allows the user to interact with his grain system remotely on his laptop or smartphone and sends alerts if the grain goes out of condition. A typical Grain Trac system would cost around \$2,900.
