Why Public Notice Should Remain in Newspapers

Newsprint is inherently superior
to the internet for public notice
because reading a newspaper is a serendipitous process.

We find things in newspapers we weren't expecting to
see. On the internet, we search for specific information
and ignore everything else.

Governments aren't very good at publishing information
on the internet. Unlike newspaper publishers,
public officials aren't compelled by the
free market to operate effective websites.
