**Why Public Notice Should  
Remain in Newspapers**

Newsprint is inherently superior  
to the internet for public notice  
because reading a newspaper is a serendipitous process.

We find things in newspapers we weren't expecting to  
see. On the internet, we search for specific information  
and ignore everything else.

Governments aren't very good at publishing information  
on the internet. Unlike newspaper publishers,  
public officials aren't compelled by the  
free market to operate effective websites.

Blessed is the man who walks not in the counsel of the wicked, nor stands in the way of sinners, nor sits in the seat of scoffers; but his delight is in the law of the Lord, and on his law he meditates day and night. He is like a tree planted by streams of water that yields its fruit in its season, and its leaf does not wither. In all that He does, he prospers. The wicked are not so, but are like chaff that the wind drives away. Therefore the wicked will not stand in the judgment, nor sinners in the congregation of the righteous;... Psalm 1:1-6 ESV
