I am so grateful to work at PACHS where your coworkers truly feel like family.

Although we are small, we are progressive and strive to constantly grow the services we offer our community. I have my dream job now as Director of Outpatient Cardiac and Pulmonary Services. We provide Cardiac and Pulmonary Rehab and it is very rewarding to see patients flourish in our programs. We also coordinate the scheduling and performance of many outpatient tests which relate to your heart and lung function, such as Nuclear Stress Tests, Pulmonary Function Tests, Cardiac Monitors with Holters or ZioPatches, Home Sleep Tests, and Echocardiograms.

It is never too late to live a healthier life by eating your vegetables, moving more, and finding tranquility and peace within yourself.

Invest in a healthier you, and if our paths cross,
I look forward to helping you on this journey!

Why Public Notice Should Remain in Newspapers

Newsprint is inherently superior to the internet for public notice because reading a newspaper is a serendipitous process.

We find things in newspapers we weren't expecting to see. On the internet, we search for specific information and ignore everything else.

Governments aren't very good at publishing information on the internet. Unlike newspaper publishers, **public officials aren't compelled by the free market to operate effective websites.**
