## PACHS Offers Low-Dose CT Lung Cancer Screenings!

If you are a long-term heavy or former smoker aged 50 or older, or have other high-risk factors that may contribute to the development of lung cancer, then a low-dose computed tomography (LDCT) lung cancer screening may be right for you! This simple, non-invasive scan is our newest tool to help detect lung cancer at its earliest, most treatable stage. It is also the only test that has been proven to detect lung cancer at early onset and improve survival rates. If you're at a higher risk, talk to your doctor today about a screening referral!

A physician referral is required for a CT scan. For more information, please call at 712-852-5500.

# He is Risen!

Have a blessed Resurrection Sunday.

"Jesus said to her, I am the resurrection and the life. He who believes in me will live, even though he dies: and whoever lives and believes in me will never die. Do you believe this? John 11:25-26

"But what about you? he asked. "Who do you say I am? Matthew 16:15

Grateful to serve you until HE returns!

**We can stop HIV Iowa – by protecting our sexual health when we talk, test, treat.**

**talk**

Talk with your partner before having sex.

Talk about when you were last tested and suggest getting tested together.

Talk to your healthcare provider about your sex life. Ask them what STI tests you should be getting and how often.

**test**

Get tested! It's the only way to know for sure if you have an STI or HIV.

Many STIs don't cause any symptoms, so you could have one and not know.

If you don't feel like you can ask your regular provider for an STI or HIV test, find a clinic that provides free or low cost confidential testing.

**treat**

All STIs, including HIV, are treatable. If you test positive for an STI, work with your healthcare provider to get the right treatment.

Ask about partner services to get your partner tested and treated. Avoid having sex until you and your sex partner both complete treatment.

If you test positive for HIV, your provider or testing location will help connect you to treatment and resources!

STI Awareness Week is April 13–19—but you can take care of your sexual health all year! Learn more & find free testing near you at [stophiviowa.org](http://stophiviowa.org).
