**WHO SHOULD GET VACCINATED?**

## Why Public Notice Should Remain in Newspapers

**Newsprint is inherently superior to the internet for public notice**  
because reading a newspaper is a serendipitous process.

We find things in newspapers we weren't expecting to see. On the internet, we search for specific information and ignore everything else.

**Governments aren't very good at publishing information on the internet.** Unlike newspaper publishers, **public officials aren't compelled by the free market to operate effective websites.**
