Finding a great rate on a CD is nice, but to get the most from your CDs, you need a strategy. Get in touch to learn more.

*Annual Percentage Yield (APY) effective 04/18/24. CDs offered by Edward Jones are bank-issued and FDIC-insured up to \$250,000 (principal and interest accrued but not yet paid) per depositor, per insured depository institution, for each account ownership category. Please visit www.fdic.gov or contact your financial advisor for additional information. Subject to availability and price change, CD values are subject to interest rate risk such that when interest rates rise, the prices of CDs can decrease. If CDs are sold prior to maturity, the investor can lose principal value. FDIC insurance does not cover losses in market value. Early withdrawal may not be permitted. Yields quoted are net of all commissions. CDs require the distribution of interest and do not allow interest to compound. CDs offered through Edward Jones are issued by banks and thrifts nationwide. NOTICE TO LANDOWNERS AND OPERATORS

Each person in possession or control of any lands in Emmet County infested with noxious weeds shall immediately, or at the proper time, destroy and keep under control such noxious weeds according to the following tables:

Group 1 - by June 5 - Leafy spurge, Hoary cress, Smooth dock, Red sorrel, Musk thistle, Buckhorn.

Group 2 - by June 16 - Canada thistle, Russian knapweed, Buckhorn plantain, Wild mustard.

Group 3 - by July 15 - Field bindweed, Wild carrot, Poison hemlock, Multiflora rose, Horsenettle, Sowthistle, Quackgrass, Velvetleaf, Puncturevine, Cocklebur, Bull thistle, Tall thistle, Wild sunflower, Teasel, Peppergrass, Shattercane, and all other thistles of the Cirsium or Carduus genus, Purple loosestrife.

You are hereby notified to destroy or cause to be destroyed, and as often as necessary to control the growth, all noxious weeds growing upon your property located within Emmet County, Iowa, on or before the dates fixed for the destruction of each group of noxious weeds as stated herein, and that unless you do destroy or cause the same to be destroyed, the Board of Supervisors of Emmet County, Iowa, will cause said weeds growing upon said lands to be destroyed and the cost thereof to be taxed against said land as provided in Chapter 317.21 of the Code of Iowa and amendments thereto.

BY ORDER OF THE BOARD OF SUPERVISORS

PUBLIC NOTICE

Emmet County will have a contractor start spraying noxious weeds along the county road right-of-way sometime around May 13, 2024.

Residents who do not want their roadside sprayed must complete the No Spray Permit. Signs must conform to the "DO NOT SPRAY" signs available at the Emmet County Engineer's Office (at a cost of \$3) and erect them on their property where spraying should be omitted.

The contractor does not spray directly in front of any rural residence that is being maintained, so signs are not needed at these locations; however, the contractor does spray the ROW directly across from rural residences unless notified otherwise. If you are concerned about spray drift carrying across the road to your residence, you need to post signs on the ROW opposite your residence.

To obtain the signs, the resident must fill out an application which states that they will control the noxious weeds at the sign locations. Applications should be completed annually. Sign-up must be done by May 3, 2024 in the Emmet County Engineer's Office. Email afisher@emmetcountya.gov with questions or for an application.

We can stop HIV, Iowa—by protecting our sexual health through talk, test, treat.

talk Talk with your partner before having sex. Talk about when you were last tested and suggest getting tested together. Talk to your healthcare provider about your sex life and ask what STI tests you should be getting and how often.

test **Get tested!** It's the only way to know for sure if you have an STI or HIV. Many STIs don't cause any symptoms, so you could have one and not know. If you're not comfortable asking your regular provider for an STI or HIV test, find a clinic that provides free or low cost confidential testing.

treat All STIs, including HIV, are treatable. If you test positive for an STI, work with your healthcare provider to get the right treatment. Ask about partner services to get your partner tested and treated. If you test positive for HIV, your healthcare provider or testing location will help connect you to treatment and resources!
