**We can stop HIV, Iowa—**  
**by finding the HIV prevention methods that work best for us!**

- Find a health care provider you feel comfortable talking to openly about your sexual health.**  
If you don't feel your regular provider can provide the best care in this area, consider finding a second provider that is knowledgeable, inclusive and affirming who will provide you the best sexual health resources.
- Make prevention and testing part of your journey.**  
Getting tested for HIV is the only way to know your status. And knowing your HIV status helps you choose options to stay healthy!
- Practice safer sex.**  
Internal and external condoms can prevent HIV and other STIs when used properly, and using an appropriate lubricant is also helpful! You can also choose sexual activities with a lower likelihood of passing on an infection.
- Get in care. Stay in care.**  
If you're living with HIV, getting and keeping an undetectable viral load helps you stay healthy and prevents transmission to your sex partners.

Single Premium deferred annuities are guaranteed for 3, 5, 7 or 10 years. At the end of the 3, 5, 7, or 10 year guaranteed interest period, the contract may be renewed for another guaranteed interest period. The renewed guaranteed interest rate will be the current interest rate offered at the time of renewal with a minimum rate guarantee of 1.00%. Credited rates effective 04/11/23 and are subject to change without notice. Quoted rates do not reflect optional liquidity riders. If you choose to add any of the available liquidity riders the interest rate will be reduced accordingly. Early withdrawals may be subject to Surrender Charges and Market Value Adjustments. The IRS may impose penalties for early withdrawals from qualified plans. Contracts issued by Sentinel Security Life Insurance Company. Not FDIC insured. Rates vary by state.
