 © 2024 Inogen, Inc.
 859 Ward Drive, Suite 200, Goleta, CA 93113

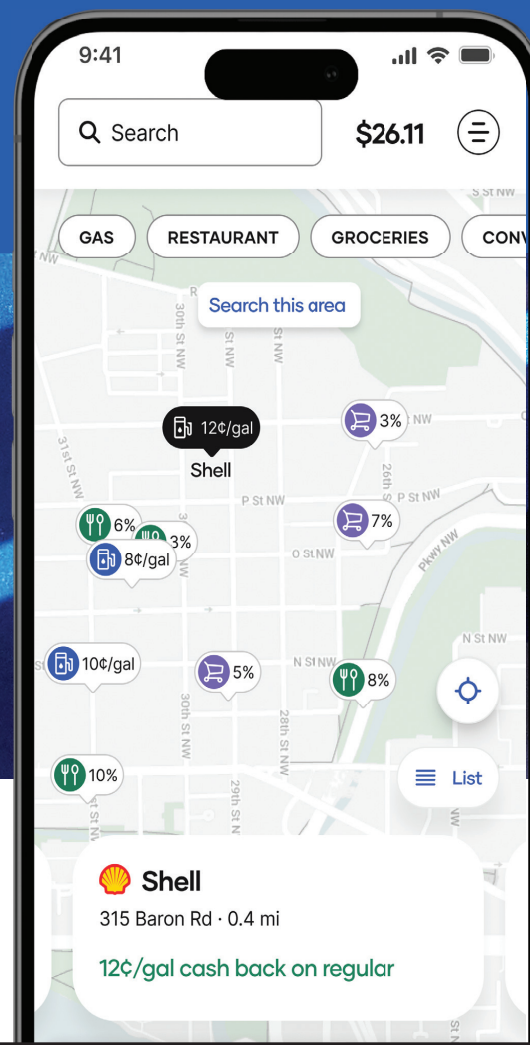

Inogen® Rise 4™ and Inogen® Rise 6™ are trademarks of Inogen, Inc. The usage of any Inogen, Inc. trademarks is strictly forbidden without the prior consent of Inogen, Inc. All other trademarks are trademarks of their respective owners or holders.

USES: The Inogen Portable Oxygen Concentrator provides a high concentration of supplemental oxygen to patients requiring respiratory therapy on a prescriptive basis. It may be used at home, in a vehicle, and in various mobile environments. DO NOT USE IF: This device is not intended to be used in any way other than described in the instructions for use. Do not use in gas or air series with other oxygen concentrator or oxygen therapy devices. This device is to be used as an oxygen supplement and is not intended to be life sustaining or life supporting. ONLY use this product if the patient is capable of spontaneous breath, able to inhale and exhale without the use of a machine. The "power" and "pulse" display are not intended to be used as a pulse oximeter. The device is not intended for use by patients who are unable to breathe during normal resting conditions. Proper device triggering, setup and operation must be performed by an experienced clinician or other respiratory professional. Not for use by tracheostomized patients. WARNINGS: The device produces enriched oxygen gas, which accelerates combustion. Do not allow smoking or open flames within 2m (6.5ft) of this device while in use. If you feel ill or uncomfortable, or if the concentrator does not supply oxygen, stop using the device immediately and contact your physician. If you are unable to breathe during normal resting conditions, you may require additional monitoring and care. Read the instructions for use and the manual of your responsible caregiver to avoid harm. Use only spare parts recommended by the manufacturer to ensure proper function and to avoid the risk of fire and burns. To avoid danger of choking or strangulation hazard, keep away from children and pets. TALK TO YOUR HEALTH CARE PROVIDER: The oxygen flow setting must be determined and recorded for each patient individually by the prescriber, including the configuration of the device, its parts, and the accessories. It is the responsibility of the patient to individually assess the settings of the therapy for effectiveness. The proper placement and positioning of the prongs of the nasal cannula in the nose is critical for oxygen to be delivered.

Single Premium deferred annuities are guaranteed for 3, 5, 7 or 10 years. At the end of the 3, 5, 7, or 10 year guaranteed interest period, the contract may be renewed for another guaranteed interest period. The renewed guaranteed interest rate will be the current interest rate offered at the time of renewal with a minimum rate guarantee of 1.00%. Credited rates effective 04/11/23 and are subject to change without notice. Quoted rates do not reflect optional liquidity riders. If you choose to add any of the available liquidity riders the interest rate will be reduced accordingly. Early withdrawals may be subject to Surrender Charges and Market Value Adjustments. The IRS may impose penalties for early withdrawals from qualified plans. Contracts issued by Sentinel Security Life Insurance Company. Not FDIC insured. Rates vary by state. Thank You
The family of Donald E Johnson extends their heartfelt thanks to all of our friends and family for their many expressions of sympathy and caring during this difficult time. The cards, food, memorials, phone calls, and visits were truly appreciated. A special thanks to Pastor Doug Burton of the First Christian Church for the wonderful service he delivered, to friends and family who shared their memories of Don, and to Leah Heffner and the Northwest Iowa Jazz Ensemble for their wonderful music. Don was a special man, and you all have honored him in a special way.

Office HOURS

Thank You

On behalf of the Ringsted Quasi Committee and the City of Ringsted, we want to say a big heartfelt thank you.

TEAM – together everyone achieves more. Thank you to our amazing core team that worked many months in the planning of the weekend events and to those that stepped up to help the committee chairpersons with activities throughout the weekend.

Thank you to the many sponsors of fundraising events (Bingo), monetary donors, as well as the many sponsors of activities throughout the weekend.

Thank you to people that came from near and far to celebrate our little communities 125th birthday.

Attendance was amazing. The weather was absolutely perfect. So many families and friends reconnecting.....truly what a celebration should be about.

So thank you again.

A Help Button Should Go Where You Go!

To be truly independent, your personal emergency device needs to work on the go.

MobileHelp® allows you to summon emergency help 24 hours a day, 7 days a week by simply pressing your personal help button. Unlike traditional systems that only work inside your home, a MobileHelp medical alert system extends help beyond the home. Now you can participate in all your favorite activities such as gardening, taking walks, shopping and traveling all with the peace of mind of having a personal alert system with you. MobileHelp, the "on-the-go" help button, is powered by one of the nation's largest cellular networks, so there's virtually no limit to your help button's range.

No landline? No problem! While traditional alert systems require a landline, with the MobileHelp system, a landline is not necessary. Whether you are home or away from home, a simple press of your help button activates your system, providing the central station with your information and location. Our trained emergency operators will know who you are and where you are located. If you're one of the millions of people that have waited for an alert service because it didn't fit your lifestyle, or settled for a traditional system even though it only worked in the home, then we welcome you to try MobileHelp. Experience peace of mind in the home or on the go.

"Hello, this is MobileHelp. How may I assist you?"

The automatic fall detect pendant that works WHERE YOU GO!

*For a limited time - promotions available for select systems and subscription plans, please call for specific details. Offers are valid for new customers and for the first year of service and cannot be combined with any other offers. \$19.95 is the monthly subscription price for a MobileHelp Classic (at home only) system. There is a one-time \$49.95 processing fee to subscribe to this plan. Equipment shown is the MobileHelp DUO (at home and on the go) system available at a higher monthly cost. Most equipment is included at no cost while actively subscribing and must be returned upon cancellation. Free one month of service offer valid with purchase of Annual plan and includes month 13 at no additional charge. Refer to terms and conditions for specific details. Depending on the promotion chosen, you may receive an additional savings of \$5.50 off the \$11 retail price of Fall Detection service. After first year, Fall Detect pricing reverts to discounted price of \$8.25/month when combined with MobileHelp Connect Premium. Fall Detection does not detect 100% of falls. If able, users should push their help button when they need assistance. Fall detection is not intended to replace a caregiver. MobileHelp is a registered trademark, patented technology. Current GPS location may not always be available in every situation on the cellular network at all times. Expedited shipping offer is for Annual plans made prior to 3 PM EST Mon-Fri. Expedited shipping is standard 2-day - no deliveries on Saturdays/Sundays or to Hawaii or Alaska. Shipping delays may occur due to situations beyond our control. PF-SPAD050511658 MHPN-01045 Rev. 1
