OFFICE OF: MUNICIPAL UTILITIES  
RE: CUSTOMER NOTIFICATION OF PEAKS IN ELECTRIC ENERGY DEMAND

Dear Customer:  
This letter is being published for each of our electric customers in an effort to provide them with important information regarding their monthly electric billings. We would like you, as one of our customers, to know what you can do to help us hold down the cost of electric service.  
The cost of electric energy you use in your home, farm or business includes fuel; labor; materials; investment costs; and other miscellaneous expenses. Some of these costs, such as fuel are directly related to the total volume of electric energy used. Other costs, such as investment costs, are based on the "electric demand" placed on our system. It is the growth in the electric demand that required electric utilities to purchase additional capacity either in the form of new generation equipment or costly supply contracts with other generating utilities.  
By reducing your electric usage during those periods of peak demand; for example hot, humid summer days; the total system demand is reduced. Without increases in customer peak demand, new plant investment costs may be delayed and the associated rate increases may not be necessary.  
As your local municipally-owned electric utility, we are here to meet your electric energy requirements. By working together, we will be able to provide this energy at the lowest possible cost. We believe that is part of "Good Service" to our customers. This letter is being published as a requirement of the Iowa Dept. of Commerce, Utilities Division and is being paid for by our electric utility customers.

Sincerely,  
ESTHERVILLE MUNICIPAL UTILITIES

\*Rates are subject to change. Minimum premium of \$10,000 required.  
Guarantees are based on the financial strength and claims-paying ability of Farmers Life Insurance Company. Policy form numbers and product availability vary by state.  
Any interest or gain in the withdrawal will be subject to taxes and, if withdrawn prior to age 59½, may also be subject to a 10% early distribution penalty imposed by the IRS. By IRS mandate, interest is always distributed first.  
Guarantee Period continuation options are available at the end of the surrender charge schedule and may vary by state. See sales brochure for more details. Market Value Adjustment (MVA) applies to partial withdrawals that exceed the free withdrawal amount allowed and surrenders occurring during the surrender charge period.  
These are products of the insurance industry and not guaranteed by any bank, nor insured by FDIC or NCUA/NCUSIF. Not a deposit. Not insured by a federal government agency. Restrictions apply. May only be offered by a licensed insurance agent. Agents may not give tax, legal, accounting or investment advice. Individuals should consult with a professional specializing in these areas regarding the applicability of this information to his/her situation.

**HPV VACCINATION**

**Help Protect Against Cancer**

Human papillomavirus (HPV) infections may be common. Fortunately, the HPV vaccine prevents the virus and the cancers it can cause.

**WHO SHOULD GET VACCINATED?**  
The Centers for Disease Control and Prevention (CDC) recommends the HPV vaccine for boys and girls, starting as early as age 9 and through age 26.

**IOWA Health and Human Services**

Ask your child's healthcare provider about the HPV vaccine.
