Lewisburg Housing Authority Annual Back to School and Health Fair 2022

The past two years, with Covid-19, have caused many changes in the world. Many events have been canceled and the communities have tried to stay safe. This year, Lewisburg Housing Authority was able to have two of its annual events. The Annual Back to School Bash and our Annual Health Fair. Both events were successful and we were glad and thankful that we had this opportunity. On Saturday, July 23, 2022, we had the Back to School Bash. We gave out approximately 100 book bags and we had a picnic with hamburgers, hot-dogs, drinks, and chips. There were kid's activities and ribbons awarded to the winners. The Health Fair was held on September 24, 2022. There were several vendors onsite. We had available free Covid-19 vaccines, screening for blood pressure, blood glucose, cholesterol, PSA, and lots of health care information.

Advanced Master Beef Classes offered

On October 21st and 22nd, Marshall and Moore Counties will be offering a chance to take the Advanced Master Beef Class. This two class will cover a wide range of topics that will help educate local beef cattle producers with new and changing strategies to improve their cattle herds. The first day will be held in Lewisburg at the Lewisburg AgResearch and Education Center. This day the topics will include herd health, marketing, and nutrition. Producers will also have the opportunity

to listen to a presentation from Green Point Ag and the Marshall County Soil Conservation District. The second day will be held in Lynchburg at the American Legion Building. Topics that will be covered this day include: forages, hay production costs, and internal parasites. Farmers and producers can register for this class by stopping in at the UT Extension Marshall County office on 230 College St, Lewisburg. The cost for the two class is \$100 dollars and will include lunch both days. Once a producer

has completed the class their certification is good for three years. This helps them when applying for the TN Department of Agriculture's TAEP program. By completing the Advanced Master Beef class, they will be eligible for a 50% cost share on approved programs in the TAEP Application A. If you have any questions about this class or any other agriculture related issues please contact Jonathan Johns at the UT Extension Marshall County Office. 931-359-1929

LOOKING BACK!
