HTC girls booted by No. 1 Assumption

BY CHUCK VANDENBERG
PCC EDITOR

DAVENPORT - If Holy Trinity Head Coach Michael Sheerin had his way, the Iowa Girls High School Athletic Union would just give automatic bids to the top two girls soccer teams in the state and let the rest battle it out.

For the second year in a row, his Crusader's were ousted by the No. 1 ranked Davenport Assumption Knights in the Region 8 finals. The Knight have given up just five goals on the year and have yet to be scored on

in post season play and continued that trend with an 8-0 one-sided affair Monday night at St. Vincent's Athletic Complex on the Assumption campus.

"My opinion, I look at a team like Assumption here. They've been at state every year, they're young and they're going to go again, That team should automatically go to state, why is that team playing to go to state? That to me doesn't make any sense, I can't explain that, but that should be the case."

He said southeast Iowa has never gotten a break in coming out of the draws. He said two years ago Iowa City

Regina was the top team in Class 1A and HTC banged against them two years in a row. Then Regina rotated out of the district and Assumption was put in the district and HTC has had to face them ranked No. 1 in the state for the past two years.

"If we don't ever get a break coming out of southeast Iowa we'll always have to come out and face the number one team in the state to get to state," Sheerin said.

But he said that wasn't an excuse for how the game got

Fort Madison firefighters help pull in a disabled boat that had started to sink just past the Fort Madison Marina on the Mississippi River Monday at about 1:30 p.m. Fire Chief Joey Herren said a passing boater assisted the man whose craft had started taking on water and got him into the marina where rescue crews pulled the man to safety.

New city trash cart delivery Monday

BY PCC STAFF

FORT MADISON - Residents in the City of Fort Madison will receive their new solid waste carts during the week of June 11th. All carts are delivered to the front of each home to ensure that the address and cart is registered into a data base for the City. Residents are to put their solid waste cart away and place it at their regular location on their designated day for collection. Information on the new program and on current recycling programs will be included with the cart.

Collection:

Residents can start using their cart as soon as they get them, but the City's official start date for collecting solid waste in the cart is July 2nd. All solid waste must be bagged and placed in the City's issued cart for collection and paced out at the curb by 6:00 am the day of collection.

City may bring two bass events to Marina in July

BY CHUCK VANDENBERG
PCC EDITOR

FORT MADISON - The Fort Madison parks board will be considering approving two bass tournaments to take place this summer at the Riverview Marina.

At Wednesday's regular meeting of the Park, Recreation and Dock Board meeting, two agenda items will bring professional bass fisherman to the Fort Madison's riverfront with two Pool 19 events.

The first event would be the American Bass Anglers Fishing tournament at the marina on July 15.

According to Michael Koenig, the ABA Division 39 director, this is the first time this event will be held in Fort Madison.

Close to 15 boats and 25 anglers will be on the river from 5:30 a.m. to 2 p.m., however the event is only open to ABA members. Weigh-in will take place in the marina parking lot lasting about an hour.

The other event is not new to the area as the Illinois Bass Federation State Qualifying, will take place on the Mississippi off the marina. This event was last held locally in 2015.

Steve Tatum of the IBF said the event was very

popular the last time they were in Fort Madison and he's hoping for the same response this year.

In other action, the board:

- will also consider a request for the annual Elks Lodge Flag Day celebration. at Veteran's Memorial in Riverview Park on June 14.

- will hear on the Trailways Travel Show at Riverview Park Pavilion on June 19th.

- will hear on the Old Settlers Association's Concert and Car Show in Old Settlers Park on June 22.

- will hear on the Fort Madison Rotary Clubs Family Picnic in Central Park.

HTC struggles getting touches against Knights

SUBSTATE - Continued from Page 1

away from them. He said the plan coming in was to sit a zone defensively and move with the Knights to try and neutralize their high-scoring offense.

"If you look at these youngsters we did everything we could, but we did not have a great match," Sheerin said. "There was a real fear that they would score early. We came in with a plan defensively to sit in a zone. It was working for while and we were shifting with them, but that first ball came through and we got a foot on it, but it was deflected and that opened up our defense for a goal."

The first goal came with 29:25 left in the first period as the Crusaders were able to clear most of the Knights early offensive pushes. But a kick from the right side of the pitch sailed parallel to the back line and centered in front of the net. The Crusaders got a foot on the ball, but deflected it behind them where senior Molly Gervase was waiting to punch it in.

Holy Trinity didn't get much going with the free kick and the Knights quickly had the ball back on offense. Junior Carly King appeared to have put

Assumption ahead 2-0 but a goal was nullified for an offsides call at 27:55. However, the Knights quickly took control of the ball again and King this time threw in a header at 25:20 to make it 2-0.

The Crusaders were able to get their first run toward the Knights' goal at about the 22-minute mark, but Assumption quickly took control and brought the ball back into their territory. Holy Trinity, behind the speed of sophomore Ashlynn Haas and Emily Box, was able to thwart the Knights for about 10 minutes but sophomore Sophie Kersten was able to slip aside a scrum in the box and push another ball past sophomore goalkeeper Sam Pothitakis for a 3-0 lead.

The Knights put two more shots in the net before the end of the half, but one was nullified again for offsides. Assumption's junior Livy Lansing was able to put the fourth point on the board when Pothitakis came out of the box to contest some pressure and Lansing was able to slip to the side and slide the ball into the net.

Sheerin said the squad was having trouble getting touches and getting into the game due to the speed

and strength of the Assumption's players.

"The bottom line is that we struggled to get the ball out," he said. "They are so strong, they are fast and you've got girls out there hitting the ball 30 yards with no effort. Our biggest fear was playing a team that is used to this surface, and that's not an excuse, but we could just not get in the game."

The complex has a micropellet turf structure where soft rubber pellets lie loose beneath the turf to reduce strain on players joints and soften landings, a surface that is popular in most larger school districts."

"This is probably the hardest we've worked in a game, with the least amount of touches on the ball," Sheerin said.

Assumption went quickly to work again in the second half scoring with just 2:18 elapsed in the period when sophomore Sully Kelly found the back of the net to make it 5-0. Kersten scored again at 21:42 and Gervase got her second goal of the night at the 19:04 mark. King was able to put the Knights up by 8 with a kick from the right side with 18 minutes left setting the final score.

Senior Maya Rashid said the Crusaders got a little frustrated with not being

able to execute what normally works for them, but she said the team stayed positive and had fun.

"We got a little flustered on the field and we ended up not doing our passing game as we normally do. We weren't composed. This was the most physical team we played this year for sure," Rashid said after the game.

"But what we took out of this game was pride because for the past four years we've had to play the number one team in the

state at substate and that's an unfortunate event. But maybe that's what we need to get these players and these coaches to be out here every year."

Fellow senior Madison Mohrfeld said playing in southeast Iowa doesn't afford the Crusaders the opportunity to play at the higher level of competition.

"That's not saying anything bad about the schools in our area, but they just aren't at the levels of these teams we're playing. We go looking for that

during the year in Illinois and other places, but we just don't see this level of competition."

Assumption won the Class 1A title last year and is the odds-on favorite to repeat this year. That would make them the second state champions the Crusaders would face this year. They lost to Wheaton Academy 1-9 earlier this year in Quincy. Wheaton won the Class 2A state title in Illinois on Saturday.

The Crusaders finish the year 11-9.

Freshman Taylor Crabtree gets her jersey snagged by the Knights Autumn Kelly in early action Monday night.

Largemouth fishing heating up with warmer Iowa waters

DES MOINES - This is the weekly fishing report from the Iowa Department of Natural Resources for the week ending June 6, 2018 for southeast Iowa.

Big Hollow Lake

Water temperature are in the 80's. Largemouth Bass - Fair: The spawn has wrapped up; adults have moved out to deeper water to cool off. Work the flooded trees with soft plastics. Bluegill - Fair: Warm temperatures lead to a quick spawn. Most have moved back out into deeper water. Work the 6 to 8 foot deep water.

Deep Lakes

All that sand also warms up fast during the day. Largemouth Bass - Fair: Some males were still in fairly shallow late last week. The bigger females were out deep. Bluegill - Fair: Found some 10 inch bluegills last Thursday. Most of them are out in deeper water, but you can sight fish them.

Iowa River (Columbus Junction to Mississippi River)

The Iowa River continues to drop at a good rate. A few more anglers are getting out on the river. Channel Catfish - Fair: Work the logjams and the high cut banks as the catfish are getting ready to spawn

Lake Belva Deer

Water temperature is in the low 80's. Curlyleaf

is still pretty thick, but it should die back soon with these warm water temperatures. Largemouth Bass - Fair: Most of the bigger bass have moved to their deeper water haunts to recover from the heat and the spawn. Black Crappie - Slow: Go deep and move around the flooded timber to find crappies. Bluegill - Good: Most of the bluegills are done spawning, but you should still be able to find a few pockets of spawning fish. Channel Catfish - Good: Catfish are enjoying the hot weather and have moved into the rocks to spawn. The face of the dam is a good place to start.

Lake Darling

Hot weather over the holiday weekend raised the water temperature into the low 80's. Black Crappie - Slow: Crappies have moved out to 8 to 12 feet deep water. Look for them over the rock piles and cedar trees at those depths. Largemouth Bass - Slow: Adults have moved off into deeper water to cool off and recover from the spawn. Clouds of 1 1/2 little bass in the shallows. Channel Catfish - Good: Catfish are in the rocks down at the dam and

along the deeper shorelines spawning. Bluegill - Good: Most bluegills are done with this round of spawning. Still pockets of spawning fish in some of the more shaded areas of the shallows.

Lost Grove Lake

Water temperature is around 70 degrees; water is very clear (14 feet). Largemouth Bass - Fair: Most of the spawn is over; look for bass to be deeper out taking it easy. Bluegill - Fair: Most bluegills are done spawning. Look for them around the brush and trees in 6 to 8 feet of water. Channel Catfish - Fair: Start along the face of the dam in the riprap for males guarding the nests.

Skunk River (Rose Hill to Coppock)

The Skunk River water level are holding steady. Plenty of water for most boats. Channel Catfish - Good: Catfishing has picked up with the stable water levels. Flathead Catfish - Fair: Starting to see some diddy poles out.
