**COUNTY PROJECT:** Work can now start on design and bidding for new LCHD/EMS facility

FORT MADISON - With the donation of the former Iowan motel property to the county now finalized, work will get underway to get the property ready for repurposing.

Glen Meller, of Meller Excavating and Circle M, Inc., said Thursday he has had the property appraised and he said with the structure now taken down, the property was appraised at close to \$700,000 for the 8-acre parcel.

The county's assessor's valuation for tax purposes has the land at 5001 Avenue O valued at \$117,000 for commercial property valuations.

The county accepted the property through a quit claim deed and contract at last Monday's Board of Supervisors' meeting.

Meller said he was little surprised by the complexity of making the donation, but said he was still glad to have given the property over to help the county build the health department.

"When (the county) first reached out I thought we were talking about selling the property, but when I heard what they wanted to do we just decided to donate it," Meller said Thursday morning at the site.

"I think it got a little sticky when the

county was trying to get things done so quickly, but we got it done. And we're happy to be part of it."

Now the county moves to design and construction meetings with Carl A. Nelson Co, the project's construction manager. Officials with the company said they are still finalizing contract language with the architect and then meetings will begin to with staff to firm up previous discussions on

space needs.

Plans for the \$5 million Lee County Health Department, which county officials have said will carry the Meller name on the building, begin in earnest next month with finalizing the space plans, completing a schematic design and preparing a budget all planned for August.

# Miller wants laws to prevent fentanyl deaths

DES MOINES — Iowa Attorney General Tom Miller called on legislators to pass bills to prevent fentanyl-related deaths.

"We know that many of the overdose deaths are accidental, often because people are unaware they've ingested a dose of fentanyl," Miller said. "We have tools available that could reduce these deaths, but we must first change Iowa's laws."

In 2021, 258 Iowans died of opioid overdoses, an increase of 21% over 2020, according to preliminary data from the Iowa Department of Public Health. About 83% of those deaths involved fentanyl or other synthetic narcotics.

"The stories are tragic," Miller said. "Iowans are being poisoned." In January, Miller warned Iowans about the increase in overdoses connected to fentanyl.

Story County Sheriff Paul Fitzgerald, who serves as chairman of the Central Iowa Drug Task Force, has seen the dangers of fentanyl use in Iowa first-hand. His office and the drug task force have encountered 10 overdose cases, three of which were fatal. All three of the individuals who died were exposed to fentanyl.

"We at Story County Sheriff's Office and the Central Iowa Drug Task Force strongly support the efforts of what you are doing," Fitzgerald said during a press conference on Thursday. "This will save lives."

Miller plans to propose the following bills that would:

Legalize fentanyl test strips. These are small strips of paper that can detect the presence of fentanyl in pills, powder, or injectables. Under Iowa Code 124.414, the strips are considered drug paraphernalia and are illegal.

Several states, including Wisconsin and Georgia, have recently decriminalized the test strips.

The Iowa Department of Public Safety and other agencies are seizing large amounts of pills that contain fentanyl. These counterfeit pills, known as M30s,

Design, bid work up next for new LCHD project

COUNTY - Continued from Page 1

Preliminary project proposal documents, show design development approval from the county could take place as early as October with finalized construction documents and prepared bids set for December.

In 2023, the county is set to obtain bids and award contracts with construction slated to begin in March. Preliminary estimates have the 11,000 square-foot building ready for occupancy by March of 2024.

Funding for the building will come from the county's remaining America Rescue Plan Act allotment, about \$3.6 million. A Community Development Block Grant is being prepared as well as potential private donations, and possible debt service to pay for the remainder of the construction costs.

With the property sitting in a City of Fort Madison Urban Renewal Area, the county would be able to issue bonds for the remainder of the costs without going to a referendum. However voters would still have a say in the project and could petition to have the debt service put on a ballot. Petitioners would have to gather about 1,600 signatures, which represents 10% of the votes cast in the last general election.

The county is currently paying \$7,500 per month to the Iowa Department of Corrections for space in the former John Bennett Center on the old ISP Grounds. The county doesn't pay utilities or maintenance costs at the center so some of that \$7,500 would go towards utilities and maintenance costs at the new facility on the western edge of town. However, the majority of the rent would be savings realized to the county.

Plans for the building also include a mobile drive thru for future mobile vaccination clinics in the event of another pandemic or a continued resurgence of the COVID pandemic.

In addition, Iowa law enforcement agencies are detecting fentanyl in other drugs, including heroin, methamphetamine, and cocaine.

"Test strips are inexpensive and easy to use, and most important, they can save lives," Miller said. "In public health, we know that harm reduction works."

The American Medical Association and other health groups have supported legalizing the test strips as well as increasing naloxone access.

# GOLF OUTING 2022

**SPONSORED BY**

The Central Lee Sports Boosters is working to raise funds to complete Phase I of the athletics facility improvement plan developed in 2022. Your sponsorship will help improve batting cages, track & field events, and the football & soccer field, while expanding the press box at the football field!

## SPONSORSHIPS

### **PREMIER SPONSOR (\$1,500):**

This is the headline sponsor with naming rights for the golf outing. The premier sponsor has the opportunity to display their banner at the venue, have their business as a hole sponsor, and have their logo and name displayed on all marketing materials and social media posts for the event.

### **HOSPITALITY SPONSOR (\$750):**

The golf outing includes lunch, dinner, and beverages for event participants. Our hospitality sponsors will be recognized during lunch and dinner, and also be included near the areas beverages are served. Hospitality sponsors are allowed signage at the lunch, dinner, and beverage locations.

### **HOLE SPONSOR (\$150):**

Each hole will have display signs showcasing businesses and organizations serving as a hole sponsor. Multiple businesses/organizations may be displayed on each tee box throughout the course.

### **ON-COURSE GAMES (\$250):**

Part of what makes a golf event like this a memorable experience are the on-course games/contests. These sponsors will be recognized on the course, in the program, and during the awards ceremony. On-course games include, but are not limited to, long drive, longest putt, and closest to the pin. We can even customize an on-course game to highlight your business!

### **RAFFLE PRIZE SPONSORS:**

At the conclusion of the golfing event, sports boosters will conduct a raffle/silent auction. To create a fun experience for both golfers and non-golfers, the booster club needs sponsors for the items! Businesses will be recognized by the individual item they donate and during the awards ceremony.
