County looking for answers with hospital closure

AMBULANCE - Continued from Page 1

is a "B" call or Basic support call, that doesn't require a paramedic, then the EMTs handle the call and the paramedic is back in service.

If an "A" call comes in the paramedic can move to that call and if a transport is required the paramedic can get on the ambulance for the life saving support and an EMT can drive the command vehicle back to the base.

This would keep paramedics available for higher level emergencies, and not just riding on rigs.

With the added staff and a second ambulance, the county will need new housing for the staff in the city. Seyb, Pflug, and EMS staff did tour several facilities that are for sale in Keokuk that could be options for the near future.

Pflug asked Cosby what the county was looking at in reality.

"Since they only gave us 30 days notice, we're going to have to supplement with the Donnellson unit," he said. "We'll have to move some trucks around and do the best we can for the first couple weeks until we get that second truck staffed."

He said there will also be some overtime until they get extra staff in place, if they can find other staff.

Pflug said people in Keokuk are "scared to death". Lee County grant writer and ARPA administrator Chuck Vandenberg said one Blessing official responded that he didn't support subsidizing the Lee County service.

However, Blessing Health CEO Maureen Kahn had said in a recent article that the former Keokuk Hospital Foundation money could go toward EMS services. However, that money has been diverted to the Keokuk Community Foundation. The foundation had several hundred thousand dollars.

Vandenberg said he reached out to the USDA, and Great River Health for any potential assistance with the funding shortfall that is anticipated with the increased emergency transports in the county out of Keokuk.

So now the county is looking at setting up a system based on transport efficiencies.

"This is something we have to do. Garry made the comment that we have to have the best transport in the state of Iowa. And whatever it takes to do that, we're gonna do it," Pflug said.

He said taking patients to urgent care for emergencies isn't a viable option.

Cosby said the more minor incidents like needing sutures could work, but not for stabilization.

"If you come to urgent care and they can't take care of your condition they tell you to call 9-1-1 or tell you to go the emergency room. They won't take you," Cosby said.

Pflug said he's not sure two hospitals are warranted in the county, but if the county can keep Fort Madison healthy financially, that's a smart way to look at it.

Seyb said very few counties in Iowa, especially rural counties don't have two hospitals. He said that's why a solid transport service is a necessity.

"We need to build the system to be able to have the most effective transport from wherever that call comes from to get to a hospital."

Cosby said that's a model that is being developed across the country including in metro areas.

Supervisor Chuck Holmes said the county needs to look at this as a long-term situation.

Rough patch of schedule now behind Central Lee Hawks

BY JOHN BOHNENKAMP PCC SPORTS

WELLMAN — There is time, Central Lee coach Chuck Banks said, for the Hawks to turn around their football season.

Friday's 51-0 loss to Mid-Prairie, though, was another night when, while the Hawks occasionally showed the ability to move the ball, they also turned it over.

"Right now, we have to remember this," Banks said. "It's one of those games where, although you want to forget games like this, we need to remember it. We have to come back Monday and keep working."

The Hawks (1-4) were down 7-0 when the turnovers started coming.

Dylan Henry's interception of a Cory Jones pass set up a 4-yard touchdown run from Mid-Prairie's Collin Miller for a 14-0 lead.

After Central Lee failed to convert on a fourth-down at midfield, Miller would score again on a 5-yard run for a 21-0 lead.

A blocked punt set up a 7-yard touchdown run from Landry Gingerich, and the Golden Hawks (4-1) led 28-0.

Central Lee then put together its best possession of the game. The Hawks ran 12 plays and got to the Mid-Prairie 45, but Kayden Calfee's fourth-down pass was intercepted by Mid-Prairie's Cain Brown.

The final turnover of the first half came in the final seconds, when Grady Miller scooped up a fumble and 37 yards for a touchdown and a 35-0 lead at halftime.

"You just can't make mistakes like that against any team, especially the good ones," Banks said.

Mid-Prairie got a safety and two second-half touchdowns for the final margin. The Hawks continue to be plagued by injuries that have sapped their depth.

"We're a little banged up," Banks said. "And that doesn't help."

Central Lee has three games remaining against Davis County, Eddyville-Blakesburg-Fremont, and Centerville.

"Those are games we can win, but we have to play better," Banks said. "We have to just keep going."

Hounds move to 5-0 with shutout of Mt. Pleasant

UNDEFEATED: Fort Madison finds right gear in second half for win

BY CHUCK VANDENBERG PCC EDITOR

FORT MADISON - Bloodhound head football coach Derek Doherty said the Hounds have had a bit of trouble getting into gear this season.

But Fort Madison shifted just fine in the second half Friday night as they rolled to a 46-0 win over Mt. Pleasant in District 4A-3 football action at Richmond Stadium.

"I think the message here is just be us. We hope lessons were learned that staying on script is important and I trust that they all learned that, but we're going to have to go back and reevaluate why things weren't clicking in the first half," Doherty said.

"Was it homecoming, staying up too late, trying too hard... we're going to have to have open honest questions about that - and we will."

The Hounds' offense played just eight snaps from their own side of the field in the first half, yet managed only 12 points. Two of those came on a safety when Mt. Pleasant quarterback Jacob Richtman slipped on the wet grass in the endzone in the Panthers second series of the night.

But Fort Madison quarterback Aiden Boyer was having trouble hooking up with most recievers with passes over the top or behind, while some just slipped through open hands.

Fort Madison would finally find the endzone on their fourth series of the night. Starting at midfield, Boyer would flip a pitch to Kane Williams streaking across the backfield and Williams would go 19 yards to the right sideline for the score.

Boyer would keep the ball on the next play on a read option for a few yards, and then the Hounds countered with the same pitch play to Henry Wiseman this time to left and Wiseman would squirm through the secondary for a 26-yard TD run and a 9-0 lead.

Leif Boeding would add a 25-yard field goal with just over a minute left in the second quarter for a 12-0 lead at the half.

But out of the lockerroom the Hounds, now 5-0 and 2-0 in the district, realized just who they were.

"Our message at halftime was we felt like we were pressing too hard - trying to do too much," Doherty said. "They needed to settle in and be themselves. We know what kind of ballplayers they are and they were just doing unorthodox things."

That ended pretty quick when on the third play from scrimmage to start the third period, junior tailback Teague Smith bulled in from six yards out for an 18-0 lead.

Mt. Pleasant wouldn't get anything going in the next series, but returned the favor and forced a Fort Madison punt. The Panthers would then get their best scoring chance of the night pushing it to the Hounds' 28, but Richtman threw incomplete on 4th and 8 to give it over to Fort Madison.

On 3rd and 10 Boyer found Kane Williams on a swing pass good for 28 yards and a first down. Smith would get five on the next carry and the break free for a 37-yard touchdown run off the right side.

However, three penalties against the Hounds on the play, including a holding penalty and an unsportsmanlike conduct call on the sideline, pulled the ball all the way back to the Mt. Pleasant 32.

But if it ain't broke don't fix it, and Hounds offensive coordinator Justin Menke called the exact same play, with the exact same result as Smith again bounced out to the right wide and raced down the sideline for the TD.

"I was mad, but I was like they can't stop me I'll just try and do it again. I wasn't going down the second time. There was no way I wasn't going in," he said.

Smith gave credit to the dawgs up front for opening holes all night long. The junior had his best night of the season going 115 yards on 12 carries and two scores.

"Our line is really, really good. They are one of the best in the state and they were opening up some huge holes in second half - and when I get the ball I want to make every opportunity count," he said.

Junior guard Ike Thacher said the first half yips were in the past.

"It doesn't matter - we got it going in the second half," he said. "We just started getting our blocks and not letting go. We didn't stop and we were just working harder than them and

were able to break 'em." Leading 26-0 with 3:48 left in the third, Mt Pleasant took

the kick at the 22 and failed to advance a single yard under the pressure of the Hounds defense and were forced to punt.

With more solid field position starting at the Panther 49, Fort Madison ran Smith twice to start things. On 2nd and 5 Smith again broke into the secondary for 36 yards setting up Williams for a pitch pass to the right. Williams bounced off about four Panther tacklers and spun into the endzone for a 34-0 lead.

Just three plays into Mt. Pleasant's next series, Leif Boeding jumped a route and picked off a pass falling backwards guarding an out route to the left. Fort Madison wouldn't capitalize and would have to punt, but the defense would step up again and clean things up forcing another 4-and-out for the Panthers.

Two plays later Boyer found Leif Boeding behind the secondary for a 37-yard scoring strike. Boeding finished the day with a whopping 205 yards receiving on just five catches.

The junior would score the Hounds final points when Marcus Guzman, who took over calling the plays with the Hounds up 40-0, found Boeding again behind Mt. Pleasant's safeties for an 86-yard catch-and-run down the Panther sideline to set the final score.

Boyer finished was 11-of-30 on the night for 207 yards and three touchdowns. Guzman went 2 of 2 for 91 yards and a score.

Doherty said it's nice to have someone who has confidence to step in when Boyer needs to come to the sideline.

"That's really nice and he'll do whatever we ask of him. That's the kind of kid he is," Doherty said.

But he said the defense reached a goal that they just missed last week against Washington.

"I'm so proud of Coach (Jason) Crooks' defense. It was a major goal of ours to get that (shutout). We were close to that at the end last week and we gave up one late," he said.

Thacher had seven tackles, four for losses, to lead the Hounds defense. Daniel Sokolik had 6.5 tackles and batted down pass attempt. He also had three tackles for losses and a sack.

Fort Madison travels to Clinton (1-4) next week. Clinton lost 42-30 to Burlington at Bracewell Friday night.

CENTRAL LEE - Continued from Page 1

said Mark Hulsebus, School Board President. "One of the things we have in common with all of this year's award winners is having a team made up of individuals who all work toward the betterment of the organization as a whole. On behalf of the board, I want to express my appreciation for everything our staff members do to make Central Lee such a special place."

Central Lee is a rural public school system known for the wide variety of academic and co-curricular opportunities it delivers to students. The district has over 400 students open enrolled into its schools each year, and many of its staff members are Central Lee graduates. Currently, the district's leaders—including the superintendent, principals and curriculum director—are all Central Lee graduates.

"We are incredibly proud to once again be named as one of the state's top workplaces, as it reflects the value we place on the talented educators who serve our students and families," said Dr. Andy Crozier, superintendent. "The success of our schools comes down to having a strong culture, with people who feel respected and empowered to prepare the next generation for the challenges and opportunities of the future. We cannot thank our teachers and staff enough for their amazing work, day in and day out."

Thank you President Joe Biden and the Democrats in the United States Congress for passing the American Rescue Plan.

Thank you for investing \$100 million to protect Iowa schools in the wake of the recent gun violence.

Thank you for investing \$330 million in housing for Iowa.

Thank you for investing \$18 million in Iowa's airports.

Thank you for investing in our small businesses across Iowa.

Thank you for investing \$300 million in Iowa's broadband.

Thank you for investing \$100 million in Iowa's water infrastructure.

Thank you for investing \$200 million in grants to registered and licensed Iowa daycare providers.

Thank you for the expanded direct payments to Iowa families.

Thank you for investing in our counties across Iowa, including \$6.5 million in Lee County.

Kim Reynolds called the American Rescue Plan Act a "Blue State Bailout", but is happy to give ARPA money to our communities without giving credit where credit is due. Chuck Grassley and Marianette Miller Meeks both voted against Iowa and Lee County receiving these funds. Biden money is helping fight Iowa's childcare shortage; fund broadband and housing; protect our students; and give assistance to our counties, families, and businesses. Democrats care about Iowans.

Elect Democrats Mike Franken to the U.S. Senate and Christina Bohannan to the U.S. House of Representatives. They care about Iowans.

Deidre knows Iowans work hard, and they deserve a governor who will put them first each and every day.

- I support teachers, paraeducators, and those who put our children first
- I support and value labor that has built southeast lowa
- I support and recognize families need child care, transportation, and leaders who listen

I grew up knowing what it is like to not have it all. I recognize that everyone deserves a fair shot, not to be judged by color, clothing, or the balance of their bank account. Southeast lowans are not lazy, so why cut unemployment? Southeast lowans want to work, so why not raise the threshold for child care assistance? Southeast lowans are the future, why not fund education to the fullest? My friends and neighbors, we love this community – that is why I ask for your support now and in November.

Michael L. Fitzgerald, State Treasurer The Triple "A" Candidate

Mission

Keep the Money Safe

Approach to Government

As state treasurer, my focus has been working for Iowans and keeping the state's money safe. My approach has been consistent. Hire professional staff, focus on efficiency and promote fiscal responsibility.

Accomplishments

It has been a great honor to work for Iowans. I am proud of our accomplishments which have made a difference in the lives of Iowans. As state treasurer, I've returned over \$249 million through the Great Iowa Treasure Hunt, helped over 200,000 families save \$6 billion in College Savings Iowa and introduced the IAble savings plan for persons with disabilities.

Agenda

As state treasurer, I have expanded the duties and scope of the state treasury through innovative programs and advanced technology. I will continue to keep Iowa's money safe, fight to create a retirement savings plan to help everyday Iowa employees gain access to retirement solutions and keep a vigilant eye on IPERS.

Summary

I have a passion to serve Iowans as their state treasurer. I will continue to Promote Fair Government and Safe Financial Strategies. I will continue to work for Iowans.

John Norwood ^{for} Secretary of Agriculture

As Secretary, I will protect urban and rural consumers, expand economic opportunities around diversified food and agricultural production, and advocate for the needs of ALL food, grain, and livestock producers. My first priority will be to build urban and rural support around agriculture systems that are built to last – including strengthening the resiliency of our 20+ million acres of corn and bean ground. We must have healthy soil, clean air, swimmable/fishable waters and safe drinking water for everyone.

Iowa Republican policies are making the Reynolds Workforce Crisis substantially worse, in four specific ways:

(1) Attacking public schools and false accusations of having a "sinister agenda."

(2) Continued attacks on Labor rights and unemployment benefits.

(3) Refusing to fix our state's worst-in-the-nation childcare crisis.

(4) Driving people out of the state with their relentless culture war.

Iowa Republicans have spent 2022 pouring gasoline on the flames of the culture war and made many of these challenges much worse.
