# Welcome to Grant County

Welcome to Ulysses, Kansas! You've found something special! No, not the guide you are holding in your hands. It's the community and people of Ulysses that will be your greatest discovery.

Grant County is a friendly community with approximately 8,000 people lying along the fabled Santa Fe Trail in Southwest Kansas; a town whose pride and foresight is ensured its survival into the future.

Maybe you're in Ulysses to spend a quiet weekend. Our local B & B or one of our fine hotels offers that comfort. On the other hand, you may be in the area because your job brings you here. Be sure to scope out everything the community has to offer. From the charming Main Street to the wonderful lake and parks... we have something for everyone.

Due to our ethnically diverse community, we enjoy the many flavors of the Mexican/American Food Restaurants that can be found throughout Ulysses.

Visit one of our local merchants and enjoy friendly service and quality products that our businesses have to offer. You'll also discover excellent educational advantages, good business opportunities, and the finest in personal medical and health care.

Ulysses is a thriving community filled with eager, hardworking and generous people who are ready, willing and able to do what is necessary to make our town a better place to live and conduct business. From our churches, businesses and hometown hospitality, we have it all. As you look through the pages of "Experience Grant County", we want you to know that we have much going on here and are working toward a brighter tomorrow.

Bentwood Golf Course, an 18 hole course, is just another example of the recreational opportunities in Grant County. If you are not a golfer, you will still want to make it out to Frazier Park to experience the City Lake complete with approximately four miles of hike and bike trails. Nearly a mile of the trail system is paved with concrete or asphalt and serves as the central hub for more technical and isolated single track trails that weave through the brush and woodlands areas of the park. The trails and lake provide entertainment for walkers, birders and experienced mountain bikers. Picnicking, catch and release fishing, camping, RV hookups, restroom facilities complete with a shower, playgrounds and open spaces are also a part of the lakeside experience.

We have lodging establishments designed to meet all of your needs and they are easy on your budget as well. You won't want to miss the opportunity to try out the various restaurants in Ulysses while you are here. If you would like to host a large business meeting, our Civic Center is available for both large group and smaller breakout sessions.

Are you a history buff? You won't want to miss the 8 Wonders of Kansas award winning Historic Adobe Museum where you will feel like you have stepped back in time and you can experience the history of Grant County. Wagon Bed Springs will also capture your imagination as you walk along the Santa Fe Trail where the pioneer families once brought their wagons as they settled the plains of Southwest Kansas.

You won't want to miss the Spring Fling in April, the downtown carnival in June, 4th of July activities, Fair and Parade in July, Home Products Dinner in September, Fall Fest in October, Silent Auction and the Tumbleweed Bazaar in November and our Christmas Light Parade, Main Street Blaze and other Christmas promotions in December. ## Grant County Cemeteries

*With the growing interest in Genealogy, cemeteries, especially older sites, are popular places to visit or research. Many enjoy the old headstones and their epitaphs and designs, whether searching for ancestors or not. Grant County has four cemeteries.*

### Ulysses Cemetery

Located three miles east of town on Highway 160.

### Golden Cemetery

Located seven miles south on Kansas Highway 25 to Road 19. Turn west and go approximately five and a half miles and the cemetery will be on the north side of the road, or you can take Highway 160 west five miles to Road E, turn south for seven miles, then turn west on Road 19 and look to the north.

### Shockey Cemetery

Located north of Ulysses. To reach it, drive west for seven miles on Highway 160. Turn north on Road C and drive six and a half miles. A sign will direct you approximately a half mile east to the cemetery site.

### Zionville Cemetery

Located south nine miles on K25 to the Wagonbed Springs Road. Go straight where the road curves. Follow it approximately two miles to Road 22 and turn west for half a mile. You will see the cemetery on the north side of the road.

Another gravesite point of interest is the grave of Mary E. Hurst, located ten miles east of Ulysses, just south of Highway 160 off Road S. Protected by a pipe fence, the gravesite can be seen from the highway when not surrounded by crops. Mary died February 1, 1888 at the age of 40 and has been laid to rest at the same site since.

Permission was asked to move the grave to a formal site but some of the family objected.

# HISTORIC WAGON BED SPRINGS

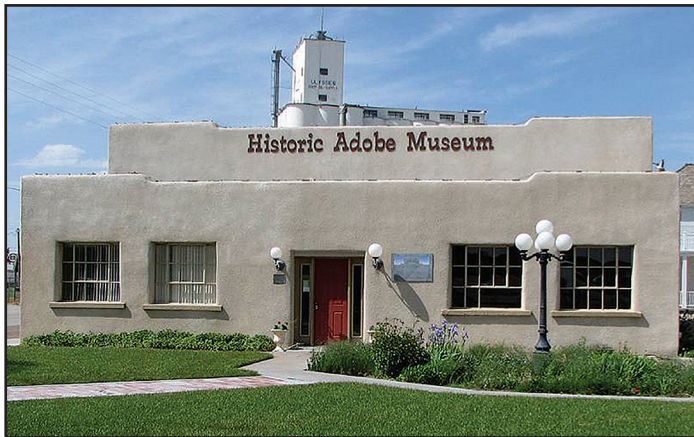

**Known today as Wagon Bed Springs, Lower Cimarron Springs, located on the Cimarron River in southern Grant County, afforded the first water during the dry season on the 60 mile stretch of the desert or Cimarron Cut-off Route of the Santa Fe Trail, after crossing and leaving the Arkansas River. It was the stopping place of all travelers over the desert route of the Trail. The National Park Service designated the springs a National Historic Landmark in 1961.**

**Located on the most dangerous stretch of the journey to Santa Fe, the Springs were an oasis on the route followed by most travelers to Santa Fe prior to the Mexican War. Not only were the springs a welcome site to thirsty travelers, but they also served as a watering spot for immense herds of buffalo and prairie animals, as well as for Indians of the area. More than 500 men and officers of the Mormon Battalion camped at the Springs in September 1846. Volunteering to fight in the War of 1846 against Mexico, they pledged their army pay to help finance the establishment of the mormon church in Utah. They were not required to wear the army uniform and were not furnished mounts. Most of them marched on foot all the way from Fort Leavenworth to Santa Fe and then on to California.**

**Lower Cimarron Springs (Wagon Bed Springs) Camp Site encompasses approximately 195 acres of privately-owned property. Tours of the area can be arranged for groups or individuals through the Wagon Bed Springs Chapter/Santa Fe Trail Association, 620-356-1854, or Grant County Museum, 620-356-3009. # HISTORIC ADOBE MUSEUM

The premier Historic Adobe Museum in Ulysses is steeped in history right down to the building it is housed in. The adobe building, built in the 1930s, is amazing given the circumstances of the era and the tenacity of the people who constructed it. The adobe building, constructed in 1937-38 as a machine shop for Grant County, was one of six WPA projects funded in Grant County between 1935-1938. The walls are composed of adobe blocks laid with mud mortar. Upon completion, the exterior adobe walls were covered with cement stucco and whitewashed. During the 1970s, the adobe county shop building was converted to a museum and the whitewashed adobe walls were painted a buff clay color, more in step with natural adobe. Adobe fireplaces with brick hearths stand in the two front rooms.

The museum has evolved to a gallery-style look with artifacts placed in natural settings, making this premier museum a must-see for all museum enthusiasts. The displays are enhanced with murals by artist Larry Britton. Visitors are treated to scenic panoramas that tell the story of life on the High Plains and give a glimpse into the lifestyle of the nomadic Indians and adventurous pioneers who settled the area. An Indian encampment, a sod house and a freight wagon loaded with trade goods are just a few of the tableaus created in the Museum gallery for viewing life in southwest Kansas from the mid-1880s to the present. The Hotel Edwards, built in 1887 in Old Ulysses, was cut into three sections and moved along with the entire town to the site of New Ulysses in 1909. Complete with period furnishings, it is now located at the museum complex. The District #1 one-room school, also authentically furnished and on museum grounds, is used by area schools to enhance field trip experiences.

The museum features special exhibits throughout the year and hosts Holiday Open Houses the first two Sundays in December.

## Grant County Airport

The Grant County Airport has been at their current location for the last 16 years, North of Ulysses at 801 West Airport Boulevard. The airport is county owned and is taken care of by the five board members and the airport manager. The building has a very nice clean lobby with two offices, a pilot's lounge, meeting area and large hanger space. Pilots and travelers have a nice clean facility to use with the restrooms and phone area open 24 hours and also 24 hour self-serve fuel station for 100LL aviation fuel. The airport has 18 T-hangars which are currently all rented out to local pilots.

The airport is used by many travelers, business personnel, commercial companies, as well as the local aircraft owners and the three businesses on the airport grounds. The business located on airport grounds are North Star Aviation, Moyer Aviation and Ulysses Air Service.

North Star Aviation is owned and operated by Steve and Samantha Rice, who lease the airport building for their FBO (Fixed Base Operation). Steve Rice is also the airport manager. Along with their staff, they take care of the day to day operations of the airport including North Star's business. Rice is also in charge of keeping up the maintenance of the building and grounds around the airport. Hours of operation are Monday through Friday 8 a.m - 6 p.m.

While Grant County Airport does offer many accommodations for air traffic and the public, currently there is no one that offers Charter Services. There is an airplane for rent for current pilots or student pilots only. For more information about the airport or services offered, call 620-356-5970.

The first Grant County Fair was held in 1948 at the Ulysses rodeo grounds with exhibits in tents. The rodeo grounds at that time were located on North Main Street. In 1949, a gift of 30 acres of land was given by George and Elma Marie Daugherty for the purpose of constructing a fairgrounds. By fair time that year, the present 4-H building was built and housed the home economics exhibits. Livestock, crops and gardens were housed in tents. Over 6,000 persons attended the 1949 fair. In 1951, the 4-H building interior was completed, a lighted softball field was built, the Bit & Spur Club moved the rodeo arena to the fairgrounds and the first parade was held. Over the years, buildings and improvements have been added, including the Civic Center in 1977.
