• Folks can enroll during the Grant Co. 4-H Enrollment Fair in the fall. •

How Do I Join 4-H?

You can register online at v2.4Honline.com. If you have any questions, you can call the Extension Office (620) 356-1721. You must enroll by December 31st to participate in the 4 - H division at the Grant County Fair the following year.

What is the role of a 4-H parent?

Parents are welcomed and encouraged to attend 4-H meetings, volunteer to assist with activities, provide refreshments, be

a resource person, or help lead a committee. We want parents to encourage their children as well as others and

support the volunteer leaders so that all youth have a positive experience in 4-H.

How can a parent help their child?

Counsel with your son or daughter in the selection of 4-H projects that are interesting and can be conveniently financed. Show interest and enthusiasm in their choices and help them

understand what to do, and how to carry out different phases of the project. Assist them with project work, but don't do the project for them. Your job is to teach, not govern; to guide, not to

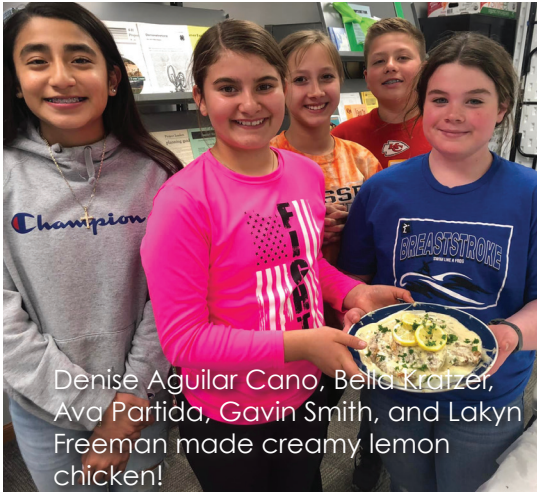

control. Learn to give increased freedom as your child develops and encourage healthy interests. Keep your child's focus on the knowledge gained, not the awards received.

Clay McCormick

Why do young people like 4-H?

They have fun with friends at meetings, social activities, tours, trips, camps and fairs. 4-H members learn how to take care of animals and plants, conduct science experiments, redecorate their rooms, fix their bikes, take pictures, cook and collect rocks. They also help others to learn more about their 4-H project, provide leadership to younger youth, and learn about themselves.

Denise Aguilar Cano, Bella Kratzer, Ava Partida, Gavin Smith, and Lakyn Freeman made creamy lemon chicken!

Who can join 4-H?

The 4-H club based program is for youth ages 7-18 by January 1st of the current year. There is also Cloverbuds for ages 5 and 6 by January 1st of the current year.

Who Directs the 4-H Program?

The Kansas 4-H Program is part of K-State Research and Extension. Nationally, the Extension service is a part of the United States Department of Agriculture. Local Leadership is provided by 4-H Youth Development Extension Agents and trained 4-H volunteers. The program is supported by county, state, and federal tax dollars and private/corporate donations.

Cheyenne Jantz, Katelynn Rice and Baylor Deyoe serve the community.

SEWING

with a passion

During the summer, 4-H quilters gather on Mondays and Tuesdays from 9-Noon at the South Room of the Civic Center. Tables are covered in squares and triangles of almost every color. Each quilter has a project and a sewing machine and the room is steady with concentration.

Many of the young quilters have been at it for years while others are just getting started! All are excited to learn and share their sewing skills. Some plan to put their quilts up in their rooms, while others plan to give them away as gifts. Each project is special and unique.

Mistakes are common, but the quilters take them in stride. Persistence is key in any long-term project. If the quilters mess up, they just tear it out and try again!

Part of the 4-H Creed is to train the hands to be helpful, skillful, and useful. These quilter hands sure know what that means!

- Melody Johnson shows off her block. •

Livestock

Large or small, there's a Livestock project for everyone! These projects focus on the care, feeding, and training of animals and the production of food and fiber. Those projects include: Beef, Dairy, Goat, Horse, Lamb, Poultry, Rabbits, & Swine.

Aubrey Hegwood rides the zipline!

After cancellations in 2020 and 2021, 4-Hers were finally able to go to camp!

Camp Jackson, Colorado, is an annual 4-H camp. Twelve kids from Ulysses were able to go this spring!

Activities included hiking, ziplining, horse-back riding, arts & crafts, a ropes course, dancing and more! All the attendees had a blast and are looking forward to going again next year.

• Young 4-H Artists show off their work! There's all sorts of art to do! •

Fun with ART

4-H Artists meet at the Main Artery about once a month to learn new and exciting art skills. Some of the 4-H project categories include Arts & Crafts, Ceramics, Leather Craft, Stained Glass, and Drawing. Many of these artists will be exhibiting at the Grant County Fair in July!

“I enjoy being able to teach all the different medium. We do painting, pastels, drawing, etc,” says Leader Erica Engleman. She works to get local artists and people involved. At the end of June, there is a dragon drawing class taught by local artist, Maryann Price. The kids get excited about these kinds of classes and the community really helps. The Main Artery provides a space for the kids to be creative and artists are happy to teach their skills!

What are 4-H Projects?

A 4-H project is a series of hands-on learning experiences developed for 4-H members. There are 36 projects available from the Kansas 4-H Program. More or less projects may be offered at the county level. Most projects have manuals and/or instructional pamphlets to assist the 4-Her and project leaders with his or her project. 4-H is a “learn by doing” program. 4-H project

leaders, junior leaders, and parents are encouraged to teach and work with members on how to complete a task, but members are expected to do things themselves and complete their own projects. One of the fundamental principles of 4-H is that through successful hands-on activities youth can build self-worth and a positive self-image.

CIMARRON CLUB

21 Members
Meet the 4th Monday of
the month @ 7pm in the
4-H Building

The Cimarron 4-H Club meets at the 4-H Building every 4th Monday of each month. Each member is required to attend six club meetings in order to show at the fair.

For the Home Products Dinner, the kids and parents help pick and shuck corn for the dinner. The night of the Home Products Dinner, we help serve meals.

Blue and Gold is our annual fundraiser for the club. We sell sausage, bacon and chicken strips. It's an excellent fundraiser and the kids do very well selling it each year. The money raised provides for 4-H Cimarron Scholarships.

For the annual Christmas Party, the kids decided to bring canned goods to donate to Loaves and Fishes. Then

they had a bowling party and ate pizza.

We really appreciate our 4-H supporters, so once a year we take our supporters a small token of appreciation.

In April, our club participated in the 4-H County Quiz Bowl. The clubs get together and we divide into teams and compete with each another about our knowledge of Parliamentary procedures.

In June, we get together and go around to everyone's farmsteads or barns and talk about our livestock.

We decorate a float for the Fair parade. We also decorate a booth at the fair using the fair theme to show and tell people what 4-H is all about and to help grow our membership.

CLOVERLEAF CLUB

36 Members
Meets the 3rd Monday of the month
@ 7pm in the 4-H Building

As acquired from the Historic Adobe Museum, "The Big Book" it was documented that 'the Cloverleaf 4-H Club was organized in 1957 in Pleasant Valley community north of Ulysses. The first leaders were Mr. and Mrs. Harry Walker, Jr.'

Traditions of the Club that are still honored today are social activities such as an annual Club Christmas party, annual club tours visiting local family farms and helping with service projects for the Grant County

community. One of the club's favorite activities is participating in a scavenger hunt for items for the local Loaves and Fishes pantry. Cloverleaf's current membership is 36 youth members. Our annual service project is 48 Hours of 4-H which is selected each year.

Our Club members participate in the Home Products dinner by picking sweet corn, shucking the corn and assisting with serving senior residents at the dinner.

SUNFLOWER CLUB

54 Members
Meets the 3rd Monday of the month
@ 7pm in the Lawson Room

Sunflower 4-H club has been around for longer than you might guess! In fact, the Sunflower club originates from their establishment in the Golden Community in 1937. While much has changed, the basic concepts of 4-H have not. 4-H students still tend to their projects and 4-H still provides opportunities to students that are not found anywhere else. Along with projects,

4-Hers spend time doing community service and participating in community events.

The “Main Street Blaze” light parade in December remains one of our favorite events. We look forward to the fair with entries in almost every single category. Come share our love of learning and commitment to community leadership!

FFA and 4H Members pose with their awards!
See list below for what was won!

Teaming Up with FFA to Compete!

The Grant County Livestock Judging Team, which consists of both 4-H and FFA members, competed in two contests this spring. Here are the results from their first contest, which was held in Jetmore. This contest is the southwest region FFA/4-H Contest. The top three teams in the FFA division qualify to compete at state. Ulysses FFA & 4-H traveled to Jetmore, KS to start off the 2022 livestock judging season.

FFA Senior Team (3rd overall)

- Baylor Deyoe- 4th overall
- Jaden Heaton- 7th overall
- Kaylee Denney- 24th overall
- Grace Murray- 50th overall
- Sahnoah Wilson-Zook- 66th overall

FFA Junior Division

- Kaylin Lattimore- 7th overall

4-H Senior Division

- Melani Lara- 14th overall

4-H Junior Team (7th overall)

- Teagan Deyoe- 10th overall
- Ava Lara- 24th overall
- Braden Rice- 33rd overall
- Bella Kratzer- 40th overall

All the traveling makes kids hungry!
