

# UHS WINTER HOMECOMING 2022

*Friday, February 11*

*UHS Main Gym*

*Following Girls Varsity Game*

# Meet the Candidates

**KENNY ENAMORADO & SOFIA COZZI**

**Sofia Cozzi** is the daughter of Alvaro Cozzi and Cristina Torretta. She is an exchange student from Italy and her host parents are Johnathon and Christina Smith. She has one sister, Elisa, who is 20 years old. Sofia is involved in tennis and Interact. She also enjoys cooking, painting and photography. She admires her grandmother. According to Sofia, "she went against her family's will and became a doctor. Then, she retired at 40 and married my grandfather and started traveling around the world with him"

Sofia's favorite high school memory was taking part in the spirit week, dressing up with my friends and watching the homecoming game. "It felt like I was in a movie, and I had a lot of fun." The superpower that she would like to have would be teleportation. The best advice Sofia received was "stop thinking too much if things don't turn out the way you wanted them to. The faster you focus on what's next to come, the better things will end up being."

When asked what her favorite thing about Ulysses High School is, Sofia responded, "I really like the school environment. I felt welcomed since the first day of school. I also like how people take part in activities, having fun and including everybody." Her favorite subject is French. She was studying French in Italy but likes how It Is taught here because they also learn French culture. Sofia plans to study business and will probably study In Milan or Bologna because they give the opportunity to travel while studying.

**Kenny Enamorado** is the son of Kerlin Diaz and Naz Hernandez. He has four siblings, Keren, 11; Keisy, 9; Dayana, 15; and Adriana, 2. Kenny is fluent in both English and Spanish. He admires Elon Musk the most, because he was a man who was living on the streets and became one of the richest men alive.

Kenny participates in HALO, Interact and band. His favorite memory from Ulysses High School is playing with Mr. Cooper's electric ball in his junior year with Jose Falcon and Alex Ponce. Kenny's favorite thing about high school is the memories he has made with friends.

French is his favorite subject because of the activities and fun projects Mrs. Pfingsten has her students do to learn the language. Kenny is planning to attend Garden City Community College for his general subjects, then transferring to Hays to study radiology.

The superpower he would like to have is to read minds because some people are confusing to understand. The best advice Kenny received was to save money every week. It doesn't matter how much, just save.

**Daniella Lopez** is the niece of Tina and Joe Torres. She has four siblings -- Dominique Silva, 23; Dezara Lopez, 21; Israel Silva, 16; and Gabriella Ceniceren, 14. Daniella admires her uncle and aunt because, "they have shown me what family is truly about. They've both worked so hard to be where they are today. They've also shown me that despite all the hardships I've been through, I can always rise above and be who I want to be." Daniella loves singing, art, photography and poetry.

At Ulysses High School, Daniella is involved in FCA, R & R, SAFE and SADD. Her favorite memory of UHS is, "I joined musical last year for the first time. Whenever we would get out of practice, we would all stay for a few extra minutes - just blasting music and dancing." She says her favorite thing about high school are the wide variety of extracurriculars. English is her favorite subject because she likes writing in her daily journal and gratitudes. She said she also "appreciates Ms. Rundell for unconditionally helping others whether it be on an assignment or something else."

The superpower Daniella would like to have would be teleportation, "because it would save me a lot of money." When asked what the best advice she received was, Daniella said, "don't worry about the past or the future, worry about today because today matters." Her plans are to attend college at either Garden City or Fort Hays and study psychology and social work.

**Adrian Sifuentes** is the son of Angel and Rocksann Sifuentes. He has four brothers -- Angel, 24; Julius, 21; Jordan, 19; and Jabez, 8. Adrian participates in football, basketball and baseball. He enjoys playing basketball and games in his free time. When asked who he admires the most, Adrian said, "my parents because they made me the person I am today."

Adrian's favorite memory at Ulysses High School is, "having a class with my brother and my cousin." If he could have a superpower, Adrian would want to be able to teleport so he can get everywhere quicker. His favorite subject is Electronics and Robotics because all of his friends are in the class. Adrian's plans include attending Garden City Community College to major in business administration.

Adrian says his favorite thing about UHS is the opportunity to spend time with friends. The best advice that Adrian received was, "Whatever you do, give it 100 percent."

# Meet the Candidates

**ANDREW SCOTT & HAYDEN RILEY**

**Hayden Riley** is the daughter of Ross and Alyssa Riley. She has two sisters: Des is 28 years old and Kaycee is 15 years old. Hayden enjoys hunting, traveling, shopping, being with Maverick, and family.

While at Ulysses High School, Hayden has been involved in volleyball, basketball, NHS, FFA, Interact, SADD, FCA and StuCo. She also is active at Oasis Church. Hayden's favorite thing about Ulysses High School is being able to leave for lunch. She says that Biology is her favorite subject because it interests her the most. Hayden's favorite high school memory is having her younger sister, Kaycee by her side and on the basketball court during her Senior year.

When asked who she admires the most, Hayden answered, "my older sister, Des. She never stops pushing to be a better person. She's strong, compassionate and an amazing mother." The superpower she would like to have would be time manipulation because she could stop or slow down the good times.

Hayden plans to attend Fort Hays State University to study ARC GIS mapping. Hayden says the best advice she has received came from her dad, who told her, "Don't sweat the little things, and let the little things sweat."

**Andrew Scott** is the son of Clay and Nancy Scott. He has two older brothers: Ty is 27 and Braden is 25. He enjoys hanging out with friends in his spare time.

Andrew is involved in SADD, FCA, and his youth group and participates in football and track. When asked who he admires the most, he answered, "my brothers because they've taught me everything."

Andrew's favorite UHS memories are taking part in sports and painting his parking spot. If Andrew could have a superpower, he would want to be able to remember every password. His future plans include attending Fort Hays State University to study ag business.

According to Andrew, his favorite thing about Ulysses High School is that eighty percent of the work is just showing up. When asked what his favorite subject is, he said, "Seminar. I don't have to do anything." The best advice Andrew has received is don't ask for permission, ask for forgiveness.

**Valezka Salinas** is the daughter of Ingrid Rodriguez and Daniel Rodriguez. Her siblings are Brayan Rodriguez, 17; Alexa Salinas, 15; and Alex Rodriguez, 2. Valezka loves to hang out with her little brother and her friends when she isn't working. She admires her grandpa the most because he always did his best, especially for his family. She hopes she can continue to do her best and accomplish her dreams like he would want her to.

At Ulysses High School, Valezka participates in StuCo and HALO. Her favorite high school memory is during her freshman year at volleyball games. The seniors would go crazy for spirit.

Valezka's favorite subject in school is Creative writing because "It lets me get out of my comfort zone and let my imagination run big." Her favorite thing about UHS is being an office aide and getting along so well with Adrienne and Sophia.

Valezka's plans are to attend Garden City Community College and go into the nursing field. If she could have a superpower, Valezka would like to have super speed to get from one place to another in seconds. The best advice she has received is whatever comes, just don't stop!

**Brennan Vagher** is the son of Ron and Liz Vagher. He has three sisters -- Missy, 4; Naomi, 16; and Darian, 25. He likes lifting and playing football. When asked who he admires the most, Brennan answered, "My dad. He is a hard worker, sacrifices the most and made me the man I am today."

While in high school, Brennan has participated in football, power lifting, track and uncommon leadership. His favorite Ulysses High School memory is going to state track with my sister and friends. Brennan's favorite subject is History because the teachers are the coolest. His favorite thing about UHS is the friendships and relationships that can be built doing different sports and clubs.

If Brennan could have a superpower, he would like to fly. The best advice he has received is, "to keep quiet and focus on what only I can control and do." Brennan plans to go to Butler Community College where he will play football. He wants to get a degree in Exercise Science and become a strength and conditioning coach.
