## Paving bricks installed on new hospital outdoor patio

### New hospital opening pushed to Dec. 5

On October 31 the Lake Chelan Health Board and staff postponed their move into the new hospital. Delays with the kitchen pushed their final Department of Health, L&I, and City inspection to close to their original target move date of Nov. 7. They could not guarantee that inspections would occur on schedule as well as getting the final approval. Their backup move date was Dec. 5, which is now their new opening date.

Their priority is their patients and community and by pushing the date allows them to get through the last inspections and any unforeseen scheduling issues with inspectors.

While disappointing news for their staff and community members, they felt this will give them additional time not only to complete inspections (and any issues arising from those regulatory visits) but continue to practice within their new spaces and equipment and put finishing touches on their new space. They want to provide the smoothest transition to the new facility with plenty of communication time to open at 6 a.m. on Dec. 5.

For hospital services continue to go to the Highland campus at 503 E. Highland Ave., Chelan.

RuthEdna Keys/LCM

The paving bricks that Guild Y sold last spring were installed last Saturday, November 5 on the outdoor patio adjacent to the new Orchards Cafe at the new Lake Chelan Health Hospital located on S. Apple Blossom Drive. For a \$100 donation buyers could have their family name or the name of a pioneer family, healthcare worker, or someone else of importance on a brick. Monies raised will help buy outdoor furniture for the patio.

**Take time to honor veterans around you on November 11**

SUBMITTED BY LINDA INGRAHAM, AMERICAN LEGION, POST #64

November 11, 1921 was the first Veterans Day. Armistice Day, as it was then called, was set aside by Congress to honor the veterans of World War I and marked the fourth anniversary of the signing of the Armistice with Germany. In June 1954, President Eisenhower signed a bill to honor all veterans on that day & the holiday was officially renamed Veterans Day.

Because of our veterans, we are united and live our lives in freedom, enjoying the rights guaranteed by our Constitution. Some may think Veterans Day commemorates great victories or honors great war heroes or glorifies war.

Veterans Day is more than that...it honors our citizen soldiers, the millions of Americans who served and are still serving their country when asked and the thousands who have died.

Since the Revolutionary War, ordinary young citizens have quietly put their affairs in order, kissed their families goodbye and put on uniforms. That takes courage when you're only 18-20 years old and filled with hopes and dreams and plans for the future.

These men and women are heroes. Because of their sacri-

ifice and courage, our country is free today. Because of them, we have the rights and privileges we have always held more dear. Freedom is not a cheap commodity. Throughout our nation's history, veterans have paid a heavy price. That is why we honor them. As we celebrate Veterans Day, keep in mind the enormous debt we owe to the veterans of this nation.

It is the VETERAN not the preacher, who has given us freedom of religion.

It is the VETERAN, not the poet, who has given us freedom of speech.

It is the VETERAN, not the campus organizer, who has given us the freedom to assemble.

It is the VETERAN, not the politician, who has given us the right to vote.

It is the VETERAN, not the protester, who has given us the right to burn the flag.

It is the VETERAN, who lives by, respects & salutes the flag, who serves under the flag, whose coffin is draped by the flag.

-Author unknown.

Give thanks. Please take the time to locate and personally thank the veterans within your family, neighborhood and community. They are the true American heroes.

**Herb and Yvonne Curtis on their wedding day November 4, 1951.**

Herb and Yvonne Curtis of Addy, Washington, are celebrating their 71st wedding anniversary. They were married on November 4, 1951, at the Congregational Church in Colville, Washington.

Herb and Yvonne graduated from Colville High School. After graduation and service in the Marines, Herb dated Yvonne. They danced at the Addy Grange Hall, where Herb

proposed to Yvonne by a big Ponderosa pine tree that still stands there today (pictured above).

Herb worked as an Engineer on the building of dams (Yale, Grand Coulee, Chief Joseph, Noxon Rapids, Wanapum and Wells). They spent their early married years living in small towns following dam construction.

They settled in Pateros,

Washington where Herb was Project Engineer of Wells Dam for 40 years, and Yvonne was a homemaker extraordinaire. They raised a family of four children, Suzanne, Janet, Mark, and Joan. They built a beautiful home on the lake in Pateros where many hours of water skiing and summer activities were enjoyed. The winter months were dedicated to the family skiing at the Loup Loup Ski

Bowl. They were also active the Pateros Methodist Church.

They have five grandchildren, Jeff Marks, Laura Marks Thompson, Ty, Nikki and Josh Curtis, and one great-grandchild, Maizie Thompson.

They currently reside on a 40-acre ranch in Addy helping to raise registered red Angus cattle. Things have come full circle where it all started in Stevens County.

**OBITUARIES**

**John 'Jack' Rose**

On October 12, 2022, John Wilson "Jack" Rose passed away peacefully, in his apartment at RiverWest Assisted Living, in Wenatchee, Washington. He was 94. He was born on August 9, 1928, in Mansfield, Washington, the son of Donald Herrick and Ruby Gertrude (Hicks) Rose. Following graduation from Mansfield High School, in 1946, he joined the U.S. Army. Serving at the end of WWII, he stayed in this country, helping to "process" G.I.s returning to the U.S. He was honorably discharged in 1948. Next, Jack attended Washington State College in Pullman, Washington, graduating with a Bachelor of Science in Civil Engineering, in 1952.

While a student at Washington State, Jack met his future wife, Hazel Gertrude Arbeiter from Seiku, Washington. The two were married in Seattle, Washington, on October 20, 1956, and enjoyed 62 years together, until Hazel's passing in 2019. They raised their four children mostly in Des Moines, Washington. Down-hill skiing and music were prominent in his life. Hazel was a stay-at-home mom and an enthusiastic gardener. The family was part of a group of families who enjoyed skiing

and other activities. Jack and his brother, Donald, Jack's elder by 11 months, were very close. They graduated from high school together, as well as enlisted in the Army, and attended Washington State together. Later, as each one married and started a family, they purchased homes close by each other.

Jack worked as an engineer for Boeing at various Seattle plants, but in the early 1960's, he accepted a post working on the missileman, serving stints in Nebraska, North Dakota, Montana and Wyoming. Over the years, Jack primarily worked on defense, however, he particularly enjoyed helping to develop a driverless people mover in Morgan Town, West Virginia.

Jack retired from Boeing, in 1987. His goal was to devote

more time to his passion of down-hill skiing. Jack and his pals would ski throughout the winter at resorts near and far. The men and their wives also enjoyed ski holidays in various parts of the U.S., Canada, and Europe.

In 1995, Jack and Hazel moved into a home in Chelan, Washington, where they enjoyed their retirement years. A number of their friends from before, now called "the Des Moines Group", also moved to Chelan. Jack supported Hazel in her love of gardening, "sculpting" the steep slope. They built a "garden out of the desert". Every year they grew giant Hubbard squash, which they would donate to the food bank. Sadly, in later years, Hazel came to suffer from Alzheimer's. Jack was her loving and faithful caregiver.

In the early years, Jack and Hazel were active at the Des Moines United Methodist Church, and then, in Lake Chelan United Methodist Church. As Jack approached the end of his days, he grew more and more grateful for his life, and all the good things God had given him, and frequently expressed his thanks.

Jack is survived by his brother, Donald (Rouha) of Silverdale, Washington; daughter, Laura King (John) of Chelan, Washington; daughter, Bonnie of Olympia, Washington; son, Donald (Amy) of Bellingham, Washington; son, Paul of Bozeman, Montana; eight grandchildren; and three great-grandchildren. He was preceded in death by his parents; sister, Donna Davis; and wife, Hazel.

A Memorial Service will be held on Friday, November 11, 2022, Veterans Day, at 12:30 p.m., at the Lake Chelan United Methodist Church, 206 North Emerson Ave., Chelan, Washington.

In lieu of flowers, memorials may be made to the Lake Chelan United Methodist Church, P.O. Box 1236, Chelan, WA, 98816, or Confluence Health Hospice, 731 N. Chelan Ave, Wenatchee, WA, 98801. Please leave your thoughts and memories at [www.prechtrose.com](http://www.prechtrose.com). Services have been entrusted to Precht Rose Chapel of Chelan, Washington.

ENTIAT HIGH SCHOOL SPORTS RECAPS

Tigers beat Mustangs, lose to Redskins

By Coach Brian Bailey, Entiat High School Football

ENTIAT - The Entiat Tigers defeated the visiting Bridgeport Mustangs last Thursday night, October 27 in a League Playoff game for seeding, 60-32. In a rematch of a month earlier, the Tigers Offense came out firing on all cylinders, scoring in three plays on their initial drive of the game, as Pedro Arias punched it in from two yards out.

Entiat dominated all three phases of the game, and used the clock masterfully in scoring on the last play of the 1st

half to push the lead to 44-12.

The Tigers took the second half kickoff and pushed the lead to 52-12 and a running clock from there on out on a 41-yard TD run from Arias. Arias led the Tigers, in setting a new career high on the ground with 13 carries for 252 yards rushing and 4 TDs. Freshman Wideout Sebastian Sanchez caught five passes, all of which went for scores including TD receptions of 20 and 40 yards, and three 2 pt. conversion catches.

Defensively, the Tigers were led by Junior Verduzco, who had two key interceptions af-

ter taking over this week as a new starter in the Secondary. Landon Crutcher contributed 7 total tackles, including 1 for loss, and 2 QB sacks. Braedyn Brumback contributed 9 total tackles, 2 for loss, and a sack.

The Tigers traveled to Wellpinit on Saturday, November 5 to take on a 7-1 Redskins team that has been ranked as high as #3 in the state by some people this season.

This is part of the District 6/District 7 Crossovers, for a birth into the State Football Playoffs/Tournament.

*Editors Note: The Redskins beat the Tigers 62-20.*

THE WASHINGTON OUTDOORS REPORT

November duck hunting

By John Kruse, The Washington Outdoor Report

If you are a duck hunter, it's hard to beat November. The local ducks are joined this month by northern migrants who show up in big numbers. Usually the

green-winged teal arrive first, followed by wigeon and gadwall, and after that, the big northern mallards and pintails.

One of the advantages of hunting ducks in November is the relatively mild weather. Marshes, ponds and other waterways favored by ducks are still ice-free for much of the month and hunters wearing a pair of hip boots or chest waders

with one or two dozen decoys can put themselves into a good position to harvest a limit of seven ducks in a morning of shooting.

If you are looking for some November hunting tips here are a few for you:

**SCOUT FIRST** - Use your binoculars and hit the rural roadways to find out where the ducks are feeding and where they are loafing on the water. If you can put yourself in either place or in between these areas you'll increase your chances for success. Using Google Maps is another way to scout potential hunting locations before you even leave your home.

**BE WILLING TO WALK** - Most duck hunters don't wander too far from their vehicles but they should because the places that are harder to get to, maybe a half-mile to two miles away from where you park, often offer good hunting with very little competition.

**TRAVEL LIGHT** - If you are going to be hoofing it you are not going to be able to haul three or four dozen decoys. That's okay because you can get by just fine with anywhere from as little as six to 18 decoys.

**THE RIGHT DECOYS** - Many hunters just throw out a mix of plastic hen and drake mallard decoys with heads in a forward facing, upright position. However, the ducks quickly get educated to the look of these spreads and will avoid them. Consider mixing in a few decoys of other species (pintails, wigeon and teal) and sprinkle in some feeder decoys that just show the bottom half of a duck in an upright position. Confidence decoys are also used by

A successful duck hunt.

some hunters, one of the more common ones being a great blue heron decoy at the edge of a spread near the shoreline.

**GIVE THOSE DECOYS SOME LIFE** - A still decoy spread on a calm bluebird day is not going to attract many ducks. While electronic motion decoys are not legal in Washington State you can use decoys with wings that spin in the wind or jerk on it, creating disturbance in the water when you do. Another option if you are hunting in a blind that is in the water is to use your feet to create a disturbance so that will make your decoys seem more lifelike.

**STAY HIDDEN** - Taking the time to construct a good blind will pay off. Hunters who don't take the time to do this are often spotted by the ducks which will flare away before coming in range. Be sure to use fresh

foliage that matches the surrounding brush on your blind and whatever you do, don't look up at the ducks as they circle above your decoy spread because they will see your face and once again, flare off before you can get a good shot.

**DON'T OVER CALL** - Far too many hunters use their duck calls too much and instead of luring in the ducks, drive them away. Ducks get educated not only about decoy spreads but also about excessive calling so be judicious in the amount of calling you do. Limiting yourself to a few lone hen calls and feeding calls will likely work much better than a barrage of hail or come back calls.

**HUNT DURING THE WORK WEEK** - Our state wildlife areas get pretty crowded during the weekend so if you can, schedule your duck hunt during the work week. In much of

Eastern Washington, you can only hunt geese on Saturdays, Sundays and Wednesdays so if you want a crack at a mixed bag of waterfowl without too much competition, shoot for a Wednesday hunt.

**CLEAN YOUR BIRDS IN THE FIELD AND COOK THEM FRESH** - By cleaning your birds in the field, even if just removing the entrails and organs, you'll improve the taste of the meat and reduce spoilage. Likewise, freshly cooked duck makes for a great meal and will not have the gamey taste previously frozen birds tend to have.

By using these tips, you will put yourself in a great position to harvest some ducks this month. Good luck!

# Kimbell named to North Central Education Foundation board

SUBMITTED BY NORTH CENTRAL EDUCATION FOUNDATION

WENATCHEE - The North Central Education Foundation (NCEF) is thrilled to welcome new NCEF Board member Jeff Kimbell from Wenatchee. Dr. Lois Davies, NCEF President, shared, "Jeff has been an enthusiastic supporter of teacher grants for the past five or six years. He came to know about the opportunity to adopt grants when Rufus Woods highlighted NCEF in the Wenatchee

World. Since then Jeff and his wife Kim have been faithful

sponsors and have adopted teacher classroom grants each year since. He will be a great Board member, as he shares our passion for enriching the lives of teachers and students through our Teacher Classroom Grants."

"I believe adopting a teacher grant is a wonderful and cost effective way to support our region's students and schools in a more personal manner, by connecting with a specific teacher and grant request." said Jeff.

Jeff Kimbell is a native of

Everett, where both of his parents were educators. He then raised his family in Woodinville, before moving to Wenatchee with his wife, Kim. He is proud to come from a three-generation family of teachers and has enjoyed being a life-long learner. Jeff recently retired from a career in operations and engineering management and consulting, to devote more time to volunteering, family and the outdoors. He has previously volunteered in a variety of public and private schools,

and homeschool organizations, as well as 15 years on an Executive Advisory Board at the University of Washington. Jeff currently volunteers to support youth and education through Chelan PUD's Rocky Reach Discovery Center, Youth Dynamics' Stonewater Adventure Center, Columbia Break Fire Interpretive Center, Serve Wenatchee Valley and Westside High School. He also enjoys volunteer work on a variety of trails and other outdoor recreation and education projects.

# Super easy autumn casserole

you one of my very favorite recipes. I started making it over 25 years ago and have never seen this particular combination of flavors in any cookbook.

It's super easy to make, with only 5 ingredients for the casserole part plus mashed potatoes to serve it with. I often prepare it in the morning before we leave for the day. When I return, my home is filled with an aroma that says to me, "Autumn is here!"

Autumn Casserole is a sauerkraut/onion/apple/sausage combo that you simmer in a crock-pot and serve with mashed potatoes. My husband likes to eat his with mashed potatoes on the side of his plate. I prefer putting a big scoop of mashed potatoes on my plate, making a "well" in it, and pouring this into the well like it was

gravy. Mmmmm...

For variety, I vary the ingredients in several ways, using different types of onions, apples, and sausage. The only disappointment I've ever had was when using a heavily smoked sausage. My family was vocal in asking me not to repeat that particular combination. However, you may prefer using a smoky sausage. Go ahead, be creative.

Serves: 6-8 depending on the size of your cooker

Prep time: 15 minutes

Cooking time: 6-8 hours in a slow cooker

Best with: Mashed potatoes

The key to this recipe is the endless possible variations of the ingredients, particularly the sausage and apples. We enjoy trying new combinations,

The amount of each ingre-

redient should be about the same, with the total amount needed depending on how big your slow cooker is. Mine is tall and round, holding 3 layers each of sauerkraut, onion, apple, and sausage.

You can vary the proportions of sauerkraut to the rest of the ingredients by how thick you make your layers. This is my favorite combination, but I encourage you to use your own preferences to guide you.

**Ingredients:**

- 64 ounces Sauerkraut, drained
- 2 medium onions, sliced into 1/3-1/2- inch slices (like onion rings)
- 2 medium apples, sliced into eighths
- 4 individual bratwurst/knockwurst/kielbasa, cut into 1/2 inch medallions
- Layer 1/2 inch of drained sauerkraut on the bottom

of a slow cooker. Make sure that you cover the bottom evenly. Follow that initial layer with a layer of sliced onion, then a layer of apples, then a layer of sausage. Repeat this 1-2 more times, depending on the depth of your slow cooker, finishing with a thin layer of sauerkraut on top. Cook for 4-6 hours on low or 2-3 hours on high. Serve with mashed potatoes.

SUBMITTED BY WASHINGTON DEPARTMENT OF FISH AND WILDLIFE

OLYMPIA - The Washington Department of Fish and Wildlife (WDFW) will accept grant applications beginning Dec. 1 for volunteer projects that benefit Washington's fish and wildlife resources and the public's enjoyment of them. WDFW estimates having approximately \$897,000 available for grants, funded through the state's Aquatic

Land Enhancement Account (ALEA), for projects occurring between July 1, 2023 through June 30, 2025. The final amount available will be subject to legislative appropriation and won't be finalized until approved in the 2023 legislative session.

The program funds five primary types of projects -- habitat restoration, scientific research/citizen science, public education and outreach, facility development and artificial fish production

-- though other project types may be considered.

Eligible applicants are individuals, non-profit organizations, schools (including universities), tribes and political subdivisions of the state such as conservation districts. For-profit businesses, state and federal agencies are not eligible.

Funds are provided on a cost-reimbursement basis and may not be used for staff salaries, wages, stipends, or benefits. Grantees are

required to follow state purchasing rules and report on their progress quarterly.

For more program information, visit the ALEA Grant Program webpage at the WDFW website.

The Washington Department of Fish and Wildlife works to preserve, protect, and perpetuate fish, wildlife and ecosystems while providing sustainable fish, wildlife, and recreational and commercial opportunities.
