## Search warrant served results in recovery of stolen property from new constructions sites in four counties

100’s of unopened bottles of alcohol recovered believed to be stolen

SUBMITTED BY COLUMBIA RIVER DRUG TASK FORCE

EAST WENATCHEE - The Columbia River Drug Task Force reports that a search warrant was served on May 22, in the 100 block of North Keller in East Wenatchee resulting in the recovery of hundreds of thousands of dollars in stolen property from new construction sites in Chelan, Douglas, Grant and Franklin Counties. Part of the CRDTF’s expanded

mission is to combat emerging crime trends in the Wenatchee Valley. CRDTF learned of widespread theft occurring at construction sites in Chelan, Leavenworth, Wenatchee, East Wenatchee and Rock Island going back as far as January of 2022. Detectives began compiling clues from construction contractors and the deputies and officers that took the initial reports that the suspect vehicle appeared to be a dually style pickup truck. An attentive citizen contacted a Hispanic male with a dually pickup truck on a job site in the Sunnyslope area off of Easy Street in the early morning hours. The pickup truck was stuck in a ditch and

the citizen wrote down the license plate which eventually made it to law enforcement for follow up. CRDTF began surveillance on the truck and residence on Keller Street and applied for a search warrant. On May 19, a Douglas County Deputy on patrol, ran a license plate of a trailer being pulled by the suspect vehicle and the trailer came back stolen out of Quincy. The vehicle was stopped and a suspect was arrested for possession of stolen property. A male passenger was identified and released at the scene. The dually pickup truck was impounded and will be seized since it was used in the commission of a felony.

CRDTF detectives served the search warrant at the residence in the early morning hours of May 20, and discovered a large amount of items that had been reported stolen from Sage Homes, Real Homes, Eider Construction, Pinnacle Custom Builders, and Carlisle Classic Homes, along with numerous others. At the residence location over 12 Heat Pumps were located, 7 which had been stolen from new construction sites in Rock Island and Sunnyslope in the last month. Thousands of dollars in stolen lumber was recovered as well as flooring, siding, window packages,

# Cold spring means slow runoff into Lake Chelan

*Chelan PUD managing lake levels to balance multiple objectives*

SUBMITTED BY RACHEL HANSEN, CHELAN COUNTY PUD

CHELAN – Every year is unique for Lake Chelan Basin runoff and refill, and this spring started with a healthy snow-pack that’s slow to melt. That means the annual runoff that refills the Lake Chelan this time of year is delayed. It’s been colder than normal

these past several weeks. Temperatures in April averaged 6.3 degrees below normal, as recorded at Pangborn Airport. So far, May temperatures have averaged 6.2 degrees below normal. Snowpack in the Lake Chelan Basin was about 90 percent of average during the April 1 snow survey, and it’s staying put. Forecasts indicate about 22 feet of refill water remains in snowpack, and there is 9 feet of room in the lake. Any excess water will either be run through the dam for power generation or spilled into the Chelan River. Lake Chelan is the reservoir

for the Lake Chelan Hydro Project. Managing the level of popular Lake Chelan requires balancing several objectives within its federal operating license that together provide recreation, protect fish, provide flood control, reduce erosion and restore year-round flows to the Chelan River. In order to speed up lake refill, Chelan PUD began to curtail energy generation on April 24, and shut down generation on May 13 as lake levels gradually rise closer to target elevation. Lake levels are nearly 1,091 feet as of May 23. The goal is to reach the 1,094-foot target elevation

by June 1. Managing the level of the lake is not an exact science. It involves a series of forecasts and calculations, with the added uncertainty of weather. Check lake levels any time at chelan-pud.org. Chelan PUD also offers a free app – Current – which includes real-time data for local rivers and lakes. Features include: Lake Chelan levels, boat launch water depth and real-time water flow. The Current app is available for iOS and Android platforms. You can find the download link and a 30-second video at chelanpud.org/app.

and numerous appliances. 3 stolen trailers were recovered to include the one being towed during the traffic stop, one of which was stolen out of Franklin County, WA. The amount of property seized took over two days to process with 4-6 detectives working 10-14 hours each day. Some of the property located was processed and re-

turned to the owners. Professional movers were brought in to load up all of the unclaimed property and transported to a temporary site for processing and hopefully will be returned to the rightful owners. At this time it is believed that over 15-20 stolen property cases were closed as a result of this operation. This is believed to be one of the biggest caches of stolen property law enforcement in our area has ever come across. CRDTF is asking for the com-

# Locally grown winemaking team brings home honors for Tsillan Cellars

SUBMITTED BY TAYLOR TROOST, TSILLAN CELLARS AND SORRENTO'S RISTORANTE

CHELAN - What happens when you put two childhood friends with farming roots in the Entiat Valley together as a winemaking team? Following in the footsteps of former Tsillan Cellars winemaker Ray Sandidge, Garrett Grubbs and Nic Stevens teamed up to produce seven Double Gold and three Gold Medals at the 2022 Seattle Wine Awards Competition. These 10 wines combined for two 97 point, four 96 point, one 95 point and three 93-94 point scores in the competition. Among the 10 Double Gold/Gold award winners were six Tsillan Cellars 2021 vintage white wines that scored 93-97 points despite the challenges of a record hot 2021 growing season.

Garrett Grubbs and Nic Stevens grew up together and have a common passion for viticulture and winemaking. Shane Collins head winemaker at Tsillan Cellars from 2007 to 2017 said that 80% of wine quality is grown in the vineyards and 20% is the winemaker's art and science. Stevens, Tsillan Cellars Director of Vineyard Operations

and Assistant Winemaker, can be found daily in the vineyards supervising the vineyard crew and nurturing the grapes to optimal perfection. The rest is up to Mother Nature and the skills of the winemakers. Grubbs brings 15 years of wine making experience to the Tsillan Cellars team to

compliment Stevens work in the vineyards.

Tsillan Cellar's owner Bob Jankelson comments "This is an auspicious start for our new winemaking team at Tsillan Cellars. I could not be more pleased with the dedication and expertise that Garrett and Nic bring to our

enabled him to buy a place at Lake Chelan. When he was able to relocate there full-time in 2013, he realized the need for Home Watch there was huge. Because he experienced the anxiety of owning a second home—even with friends and neighbors checking on his

place—he knew that he couldn’t be alone with the problems he was experiencing. So, he spoke

with friends and neighbors at the lake, who encouraged him to start a Home Watch business. Because his own home had been left unlocked for weeks and another time a ruptured exterior water line spewed water for days until someone finally noticed and called him, he knew they were right.

No more “neighbors doing favors.” Ron’s 35 plus years of construction experience have given him a keen and knowing eye, so his attention to detail

ensures that his clients’ homes are being looked after as if they were his own.

Ron volunteers time to help support the Manson Chamber of Commerce, Habitat for Humanity, and other community projects. As part of his personal commitment of giving back to his community, Ron is a past Board member of the Manson Chamber of Commerce and supports the Chamber’s mission of improving both the community and business

environment of his hometown.

Lake Chelan Home Watch serves the Lake Chelan area, as well as the Chelan, Manson, Entiat, Orondo, and Chelan Falls communities. Ron can be reached at 509-393-3652 or at ron@LakeChelanHomeWatch.com. Chelan Golf

SUBMITTED BY COACH  
KIRK EINSPAHR,  
CHELAN HIGH SCHOOL GOLF

**May 24**  
SPOKANE - The two Chelan boys who qualified for state both shot 7-over par 78s today

and qualified (top half, or 30 golfers) tied for 9th for tomorrow's final day at the State 1A Golf competition. Both Joey Gasper (senior) and Carson Clinton (8th) had some close misses and felt they could have scored even better, but they have put themselves into good positions to bring

home some personal awards tomorrow.

The day started out for the boys very foggy and with them basically teeing off blindly and the rules official asking if they really wanted to do this in the fog! They kept at it, and it finally burned off around the 5th hole, and the golfers had a nice sunny day the rest of the way.

Unfortunately for our only girl in the tournament, Arabelle Finch (sophomore), she was not able to qualify for day 2 after shooting a 114, but learned some valuable lessons for next year when (I'm sure!) she will qualify for state again. She only missed the "cut" for the second day by 4 strokes.

In addition to the fog today, we were also "serenaded" by some wild turkeys that call the course and surrounding woods their home, even taking liberties to "strut their stuff" across the fairways, golfers or not!

**May 25**  
No fog today. In fact, it was overcast but mild with a couple very short sprinkles and the sun even broke out just as the players were finishing a playoff for the number 1 state title, as well as the team number 1, as two players tied with 140 for

the two days.

The course today by all accounts played much more difficult with some crazy pin placements on the greens. Actually, I'm not sure there were any good pin placement possibilities on some of the greens - the greens were probably the toughest part of this course (along with a few trees). The great news is that senior Joey Gasper, after a frustrating front 9, came back with some steady play to finish with a 76 (two better than Tuesday) for the second day and placed him in a tie for 7th overall. Great job Joey. Carson Clinton also had his problems today, mostly with some frustrating putting throughout the entire 18, but still finished with a very respectable 81 for the day, putting him in a tie for 11th overall, and he's just an 8th grader. Wow, what a future ahead for this young man.

And finally, to get a chance at a team trophy you need to have at least two players make

it to the second day - which we did, and you get points for where each player finishes. Chelan was able to come away with the 4th place team trophy for the boys team. It's a bit hard to compete with schools that have three or more players make it to the second day, which all three of the higher placing teams had, but Chelan was very well represented by Joey and Carson and that trophy is due to all their hard work - a well-deserved end to a great season and state competition.

My personal thanks to each of you who has kept up with our team's exploits this season. I know it's difficult to impossible to be at the many spring sports that happen all over the place, and I hope these reports have filled in the gaps and perhaps even made you a silent supporter of Chelan Golf - and we're glad to have you.

The Spring Sports Awards (Dessert Banquet) was held

**May 28**  
Chelan had three participants in this year's WIAA state tennis tournament: senior singles player Nate Harding, and the doubles team of senior Alexis Williams and junior Arden Paglia.

Nate entered the tournament as the #1 seed from District 6 after winning CTL Player of the Year for the regular season, winning the CTL Tournament and the District Tournament. In the opening round on Friday, Nate defeated fellow CTL representative Charlie Lyons of Cascade 6-2, 7-5. That placed Harding in the quarterfinals against Soren Ghorai of Eastside Prep. Nate played some of the best

tennis of his high school career, but was defeated by the eventual 2nd place finisher 6-0, 6-2. In a loser-out/winner medalist match on Saturday morning, Nate faced Kyle Dillingham of Lakeside (the eventual 4th place finisher), and narrowly lost a heart-breaker 3-6, 7-5, 6-4. Based on his performance in that match and the unfortunate nature of his draws, we've awarded Nate an unofficial 4.1-th place.

Ally and Arden had an opening round match against the Overlake tandem of Taiya Hansen and Sadie Wickham. Overlake just barely edged our Chelan duo 6-4, 6-4, and eventually placed 3rd in the tournament. Williams and Paglia are a talented doubles team who would have likely medaled given the opportunity. However, unlike the boys tournament, for no rational reason the girls' tournament this year was loser-out in the first round. Feel free to send

the WIAA constructive feedback regarding their chosen tournament format at WIAA.com. Based on their performance against the eventual 3rd place finisher, Ally and Arden also unofficially medaled in 3.1-th place!

I'm proud of our season, where both the girls and boys teams won CTL titles, our girls won the district title, and our athletes played at the highest level during the state tournament.

Thank you to Nate, Ally and all our other seniors for a great spring! I'm already looking forward to an outstanding 2023 season for our returning athletes. Go Goats.

Good grows here: A year in review

DENISE SOROM, DIRECTOR OF  
COMMUNITY PHILANTHROPY,  
COMMUNITY FOUNDATION OF  
NCW

Last month the Community Foundation of North Central Washington published its annual report for fiscal year 2021. It was an extraordinary year – full of challenges and awe-inspiring generosity. We witnessed this community pulling together to help those in need both through quiet acts of anonymous giving and big community-wide campaigns. Below are some highlights of how your Community Foundation made an impact in FY2021:

In numbers:  
• \$1,083,393 was raised by you — members of the general public—who contributed to

Denise Sorom

NCW nonprofit organizations through both Give Methow and Give NCW. Thank you.

• \$1,061,700 was awarded in scholarships to 228 students throughout NCW to help them accomplish their academic

goals and get closer to the life and career they envision for themselves. CFNCW manages 133 scholarship funds and works with over 200 volunteers who carefully review and select deserving students every year.

• \$5,000,000 in grants to non-profit organizations was made through our Community Grants Program as well as Individual Donor Funds. This includes \$450,000 for crisis relief efforts: the 'Back to Basics' campaign supported students with immediate needs, the NCW Fire Relief Fund helped survivors of wildfires, and the 'Hugs for Healthcare Heroes' acknowledged the tireless work of our healthcare providers during the height of the pandemic.

In stories:

• Serve Wenatchee, a non-profit that helps individuals and families in need of support, purchased freezers to store fresh, healthy perishable food options donated from local grocery stores. When food insecurity spiked during the pandemic, families were able to 'shop' the Fresh HOPE Market and choose items they need and want rather than receive a premade box of goods.

• Dennise Aguilar Cano, now a student at the University of Washington, received five scholarship awards from CFNCW in 2021. She states: "Since age seven, I have translated for my parents at stores, doctors' offices, hospitals, and parent-teacher conferences. My parents, brother and I slept in a single bedroom. From my parents, I learned to be diligent and responsible. I will be the first person in my family to graduate from high school and go to college. My going to university is a dream come true for my family and me."

• Our furry friends in Okanogan County received food, medicine, emergency care and spay and neuter services through the Okanogan Regional Humane Society when resources dried up during the pandemic. Most of the animals they serve have never been to a vet as many of their owners cannot afford this care. With grant funding from CFNCW, the humane society was able to continue their important work during a difficult time.

The above numbers and stories are just a taste of what your Community Foundation does to improve the quality of life in this region. For a full look at the annual report, you can download a digital copy at [www.cfncw.org](http://www.cfncw.org) or call us at 509-663-7716 and we'd be happy to drop one in the mail for you.

CITY OF CHELAN

**NOTICE OF PUBLIC HEARING**  
NOTICE IS HEREBY GIVEN that a Public Hearing will be held before the City of Chelan Hearing Examiner at 2 p.m. on Tuesday, June 14, 2022 in the Council Chambers at 135 East Johnson, Chelan, WA on the following application:  
Application: PDD2021-01, SEPA2021-07  
Project Description: Apple Blossom Center, Planned Development District (PDD) - Major Amendment proposing to:

To allow multifamily housing as a permitted use within the existing PDD boundary, to remove the current cap on the ratio of commercial and industrial uses, and to update and amend the implementing Development Agreement "DA". Multifamily housing is proposed to be allowed on up to a maximum of 30 acres within the existing 198 acre PDD boundary at a gross density of twenty-four (24) units per acre, resulting in a maximum of 720 multifamily dwelling units.
