County will use new wellness grant to build mental health response on the professional, personal levels

SUBMITTED BY JILL FITZSIMMONS, CHELAN COUNTY PIO

WENATCHEE - With the help of a new grant, Chelan County is creating a program for the Sheriff's Office and county jail that will help them in identifying and responding to a mental health crisis in the field as well as potentially in their own lives.
“What patrol and corrections can endure during their day-to-day duties can be stressful, even traumatic on their most difficult shifts,” said Ana Gonzalez, manager of the Chelan County Diversion Program and Behavioral Health Unit. “First responders go from call to call, normalizing what goes on in their day. While there are processes that agencies implement during critical incidents, we want to normalize the help-seeking process. Asking for help can be lifesaving.”
The Chelan County Sheriff's Office was recently awarded \$57,500 from the Washington Association of Sheriffs and Police Chiefs to begin devel-

oping the in-house wellness program with the assistance of Gonzalez. The funds are state dollars provided by the Criminal Justice Training Commission.
The initial program will be developed for the Sheriff's Office and then rolled over to the Chelan County Regional

Justice Center.
“For years law enforcement has pushed expectations on officers and deputies to extremes, expecting them to respond to and be the answer to every type of call and situation you can think of,” said Chelan County Sheriff Brian Burnett. “Unfortunately, this

was done without any training or tools in managing the potential stress that goes along with this line of work. We've learned from experience that we can and should do better to proactively take care of our first responders, rather than waiting until there's an emergency.”

NCW Foundation for Youth thriving in its new home

BY DENISE SOROM, DIRECTOR OF COMMUNITY PHILANTHROPY, COMMUNITY FOUNDATION OF NCW

In 2001, the board of directors for the Credit Bureau of Wenatchee were in the process of closing the doors of their nonprofit and deciding what to do with their assets. Per federal law, when nonprofits dissolve, their remaining assets must be used for charitable purposes. At the time, the board members saw a need in the community to support programs that provided direct support to youth. To that end, they formed the

North Central Washington Foundation for Youth after the sale of the assets.

For the next 16 years, they volunteered their time to review applications from organizations that were directly benefitting youth in some way: providing uniforms for sports team, new instruments for music programs, or basic needs such as food, diapers, clothing, or other support

Denise Sorom

for children. Their signature event became “Shop with a Cop,” whose aim was to help students in poverty purchase Christmas gifts for themselves and their family members with a local police officer. The program continues to this day and has not only supported families during the holidays but has also nurtured a positive relationship between the police and communities they serve.

In 2017, there were only two original board members, Wayne Loranger of Premiere One and Alan Beidler of Sage Real Estate who were still active with the NCW Foundation

for Youth and both were facing upcoming retirement. There was still a considerable sum of money at the foundation, and they were intent to keep up the good work it was doing.

When Wayne Loranger called CFNCW in the summer of 2017 and asked if it could take on this program, the answer was an emphatic: “Absolutely! We can do it!” CFNCW already managed several grant programs, had relationships with nonprofits throughout the region, and the request was completely inline with its mission to steward charitable funds in perpetuity. It was the

perfect solution.

NCW Foundation for Youth transferred its remaining assets, \$494,000 to CFNCW and retained the exact criteria for making grants to youth, in addition to funding Shop with a Cop each year. Since that time, the fund has grown to over \$568,000 all while making 70 grants to nonprofits totaling \$94,125!

Every two months, a dedicated group of CFNCW Trustees reviews grant applications for the NCW Foundation for Youth fund and make several awards to support children in our valley. Their recommendations

go to our full board at each meeting and it is one of the highlights of their gatherings. “We know we are making some kids smile by awarding these grants. Sending them home for the weekend with extra food, helping them participate in sports program, or purchase an instrument so they can pursue their passion. It is an absolute privilege to award these grants,” attests CFNCW President, Mark Spurgeon. “We thank Wayne Loranger and all those involved with the Credit Bureau of Wenatchee who had the foresight to establish this foundation.”

With some decent weather finally for our match, Chelan's boys scored a comfortable victory over Quincy with a 361 to 457, with Chelan's Joey Gasper taking medalist honors with a 7 over par 79, followed closely by Chelan's Carson Clinton 2 shots behind with an 81. Also scoring well was Duke Nordby with a 100 and a personal best for Decker Marlin with a 101.

For the girls, Chelan was unable to field enough girls for a team score, and Quincy's girls were in great form, scoring a team score of 437 and looking like they have a good chance to return as CTL champs, though they should have a good battle with Omak's girls' team. Medalist for the girls was Quincy's Emily Wurl with a 98, followed by Chelan's Arabelle Finch with a 108. Also shooting well for Chelan and getting a personal best was Kira Sandoval with a 112.

Chelan has two weeks remaining of our regularly scheduled season, traveling to Cascade Tuesday (May 3) for our final CTL league match, and hosting teams from Wenatchee and Quincy next Thursday (May 5) in non-league play. The Thursday match is also when we will recognize and honor our two seniors on our team directly before the start of the match, at approximately 1:40 p.m.

The Goats honored their seven seniors on Tuesday by defeating our long time CTL

rival Cashmere Bulldogs with another convincing league win by the score of 12-1.

We have 7 seniors: Quin McLaren, Ethan Strandberg, Tanner Woodley, Ethan Kehl, Colton Funk, Reed Stamps, and Noah Loew, all of whom have played an integral part in our programs past, present, and future.

However, in this game, it was a junior who stole the show. Junior left hander Braiden Boyd tossed his second no hitter of the season, throwing 66 pitches, striking out 14 Bulldogs, with one walk. Boyds mound record now stands at 7-0.

On offense, seniors Kehl, Strandberg, and Funk each had two hits apiece in the 5 inning mercy rule shortened contest. Junior Austin McCardle chipped in 2 hits, with 2 rb's in the lopsided victory.

April 28

The Goats traveled to Brewster on Thursday to play a determined Bears team in a non-league contest, and came up on the losing end by a score of 5-3. Noah Loew took the mound for the Goats, working hard, and striking out 8 Bears in 4 1/3 innings.

Unfortunately, that wasn't enough to hold off a fired up Bears team that made some great plays, and were on top of their game. The Goat offense was held to just 5 hits, with Senior Reed Stamp getting 3 of them, including a long home run over the left center field fence that put the Goats on top by a score of 2-0. In the 4th inning. The Bears answered in their half of the inning with one run, and scored again in the 5th inning, adding 3 more runs in the sixth to earn the victory.

These are two very evenly matched teams, and Cascade was just a little better tonight at home. The Goats can still claim a league title with a win next week over Cashmere.

JV wins:

Yuly Nunez/Marissa Manda won 8-1
Danika Dietrich/Josie Garfoot won 8-3

April 29-30

The Chelan Mountain Goats traveled to Spokane this week-end to compete in the 75th Annual Inland Empire Tennis Tournament. This is one of the largest high school tennis tournaments in the nation, utilizing almost 100 tennis courts at 12 different sites around Spokane. In 2022, there were 47 teams registered and over 500 athletes from eastern Washington and north Idaho. As one of the smallest schools in the tournament, Chelan still had a fun and very successful weekend. We won more matches than we lost against the high level competition, and had several players finish in the top 5! Chelan's team score was 14th out of 47 teams, and 1st place in the 1A classification!

For the Chelan girls squad:

The #1 doubles team of Ally Williams and Arden Paglia had the most successful run of the weekend, finishing 3rd overall out of 40+ schools. They were actually only a couple points shy of playing for the

championship! Their path included Friday wins over West Valley (Spokane), Selah and Prosser before suffering a narrow loss in the semi-finals to University HS (Spokane) via a tiebreaker. They capped their tournament with a win over Mead in the 3rd/4th match, played in the Whitworth University tennis bubble on Saturday. That's a lot of big schools that they toppled! The #2 doubles team of Makayla Griffith and Jamie Bekel opened with a victory over Othello, but lost narrowly via a 3rd set tiebreaker in their subsequent match vs Sandpoint, ID.

Our #3 doubles team of Maya Cowan and Yuly Nunez put in a good showing on Friday, defeating Rogers and Toppenish before suffering a close loss to Mt Spokane in match #3.

#1 singles player Olivia Strandberg faced a tough draw, losing two close matches to Ridgeline and West Valley Yakima.

#2 singles player Caelan Rothlisberger also faced a tough draw, losing to #2 seed Kennewick in the opening round, but won two straight matches over Colville and Ferris (Spokane) to earn her way into the consolation semifinals on Saturday. However, that match was rained out, so she finished in a tie for 5th.

For the Chelan boys squad:

The #1 doubles team of Charlie Bordner and Rylen Moody opened their Friday with a win over Cheney, but lost their follow-up match in a heartbreaker to Ferris.

#2 doubles players Cody Sanderson and Luke Christopherson defeated North Central in their first match, but lost to West Valley to finish their day on Friday.

The #3 doubles team of Aiden Avery and Sam Border defeated Ridgeline in their Friday morning matchup, but then fell short against East Valley (Yakima) in a tiebreaker.

#1 singles player Nate Harding, who is undefeated locally in the CTL, started Friday with a victory over Mead, but was defeated in his 2nd match by Richland.

#2 singles player Teagen Moody lost his opener to East Valley (Yakima), but won his next two on Friday over Tonasket and Toppenish. Like Caelan, his consolation semifinal was rained out on Saturday morning, so he also finished in a tie for 5th.

Next up: The Chelan boys and girls both enter their final match of the regular season in 1st place in the CTL (girls are 7-0 and boys are 6-1), looking to clinch league titles in Cashmere on Thursday.

HDCA adds new staff, board members

SUBMITTED BY ALLISON FLATE,
HDCA BOARD PRESIDENT

CHELAN - The Historic Downtown Chelan Association (HDCA) has announced a new staff team and the addition of two new board members as it looks to an exciting future for historic downtown Chelan.

The organization is looking to build on years of the HDCA's great work and is poised to lead historic downtown Chelan to be even more vibrant and welcoming for locals and visitors alike.

After the former Executive Director departed the organization in late 2021, the HDCA board of directors launched a national search and recently hired Aimee Sheridan as the new Executive Director. Sheridan has been actively involved in various non-profits in the Lake Chelan Valley and brings more than two decades of leadership experience in the non-profit sector to the role. She has successfully run programs, raised revenue, increased awareness, and cultivated valuable part-

nerships to support the missions of many organizations that make a difference in their local communities.

Sheridan has been involved with HDCA for the last three years and is excited to be joining the organization. "So much has been accomplished by the dedicated board members, volunteers and HDCA members and donors over the years," says Sheridan, "I'm looking forward to continuing this important work together as we create the next chapter of the organization."

HDCA has also added Kiersten Sahlberg as the Marketing and Program Coordinator. Sahlberg comes to the HDCA with a background in land use planning and development, having spent five years as a project manager in Bellingham after

receiving her BA in Urban Planning and Environmental Policy. She went on to earn her Masters in English Language and Linguistics before landing in the Chelan area.

"We have a truly unique community in the Lake Chelan Valley and it's really exciting to be directly involved in envisioning the future of our historic downtown in Chelan," says Sahlberg. "I look forward to bringing my skillset to the organization and continuing the work to preserve and amplify Chelan's rich history."

In addition, two new board members have joined the board of directors to help lead the organization. Adam Rynd and Alysha Ottrix bring great experience and energy to the board. Along with current board members Allison Flaten (Pres-

ident), Eric Campbell (Vice-president), Jenn Eastman (Secretary/Treasurer) and Servando Robledo (City Council Liaison), Rynd and Ottrix see the board as instrumental in realizing the vision of HDCA.

Rynd, his wife Kelli, and their family own Coldwell Banker Cascade Real Estate and several retail stores in Chelan, including Chelan Toys & Sweets, Lake Life, and Swim World. They strongly believe businesses have a social obligation to give back to their communities and they serve on several boards. Rynd previously served on the HDCA Board of Directors from 2013-2016. Rynd says, "My family and I are very passionate about the Chelan community and especially about preserving and enhancing our historic downtown. I'm honored to serve

on the HDCA Board of Directors again and I look forward to being more involved in topics affecting historic downtown Chelan"

Alysha Ottrix relocated to Chelan full-time in early 2021 after years of frequent visits and has quickly taken an interest in the potential growth and development of downtown. Before living in Chelan, Ottrix had a thriving career in wine and spirits sales and has continued her interest in the industry by working full-time for a Chelan winery. Ottrix says, "The opportunity to serve the community as a member of the HDCA board is exciting because of the unique challenge of preserving Chelan's wonderful history while propelling the town forward."

Sheridan and Sahlberg plan to get out and about for

a listening tour. Sheridan says, "It's important for us to meet our members right away and hear about what they are most proud of, and excited about for the future of Chelan's historic downtown."

You can reach Aimee Sheridan at aimee@historicchelan.org.

The purpose of the Historic Downtown Chelan Association is to shape the future and preserve the past of historic downtown Chelan.

Through their network of members and community partners, they present a powerful voice for historic downtown Chelan. They follow the comprehensive Main Street Four-Point Approach structure—which includes implementing a balance of activities in the areas of organization, promotion, design and economic restructuring—and to maintain and develop a positive, coordinated image of downtown. They work on promoting, defending, and preserving historic downtown Chelan: its culture, history, people, and local businesses.

Tunnel Hill Winery closes tasting room, wines still available online

SUBMITTED BY LUKE EVANS,
TUNNEL HILL WINERY

CHELAN - Tunnel Hill Winery will wind down its tasting room and production operations this spring. After operating as a winery since 2003, owner Denny Evans has determined it is time for a change.

"While transition like this isn't easy", said Evans, "it is the right decision. I'm not getting any younger and we've decided as a family this is the wisest path."

The winery vacated its facilities located on the south shore of Lake Chelan at the

end of April. Following the closure, Tunnel Hill wines will still be available for purchase online.

During its near two-decade tenure, Tunnel Hill Winery produced award winning estate wines including Syrah, Viognier, Malbec, and other varietals.

Beginning May 1, the winery grounds and facilities will be leased to Callan Cellars, a Woodinville winery. Callan Cellars opened in 2017 and is operated by winemaker Lisa Callan and her husband Mike.

"We are excited to welcome the Callans to our facility", said Evans. "They are creating some exceptional wines and their operation will be a great addition to the valley."

Beijing’s Influence Group Seeks Partnership With State Agricultural Officials, After Teaming Up With Bill Gates for Years

FRANK FANG

A number of U.S. government officials recently took part in a virtual agriculture event co-hosted by a Beijing-backed influence association that has ties to Bill Gates.

The U.S. Heartland China Association (USHCA), a 501(c)3 nonprofit founded in 2003, held the 2022 U.S.–China Agriculture Roundtable earlier this month. The online event was co-hosted by the Chinese People’s Association for Friendship with Foreign Countries (CPAFFC).

The Trump administration warned about CPAFFC. In February 2020, then-Secretary of State Mike Pompeo called the association “the public face of the Chinese Communist Party’s official foreign influence agency, the United Front Work Department.”

The Chinese Communist Party (CCP) uses the United Front Work Department (UFWD) to run its foreign influence operations. In the United States, the CCP has also deployed grass-roots level “united front” groups as part of its effort to infiltrate U.S. civil and political institutions.

CPAFFC is “tasked with co-opting subnational governments” and “has sought to directly and malignly influence state and local leaders to promote the PRC’s [People’s Republic of China] global agenda,” the U.S. State Department stated in October 2020, when it was designating another group, a Washington-based Chinese organization, as a foreign mission.

The roundtable featured a number of U.S. lawmakers and state officials, including Oklahoma Secretary of Agriculture Blayne Arthur, Kansas Secretary of Agriculture Mike Beam, Missouri Director of Agriculture Chris Chinn, Iowa Secretary of Agriculture Mike Naig, and Rep. Darin LaHood (R-Ill.).

The 2022 roundtable event was initially reported by the National Pulse. The inaugural roundtable was held in April 2021.

The state-run Chinese Academy of Social Science (CASS) was one of the partners of the event. Several CASS officials and scholars also took part in the roundtable, including Wang Wei, director-general of the academy’s bureau of international cooperation.

Bob Holden, former Democratic governor of Missouri and current USHCA chairman and CEO, said during the roundtable’s opening ceremony that U.S.–Sino cooperation was “essential” to overcome global challenges, including “producing enough nutritious food to

The 2022 roundtable event comes at a time when China has been increasing its purchases of U.S. farmland in the past decade, prompting concerns about U.S. national security.

feed the growing population on the planet” and “preventing future pandemics of human, animal, and plant diseases.”

The online event comes at a time when China has been increasing its purchases of U.S. farmland over the past decade, prompting concerns about U.S. national security.

Gates has also been a major buyer of agricultural land in the United States. Land Report reported that Gates was the largest U.S. private farmland owner in January 2021, saying his family had accumulated an estimated 242,000 acres of farmland.

Bill Gates

Microsoft founder Bill Gates has worked with CPAFFC over the years, in particular with the association’s previous president, Li Xiaolin, who held the position from September 2011 to April 2020.

Li is no ordinary Chinese citizen. She was a former member of the Chinese regime’s political advisory body, the Chinese People’s Political Consultative Conference (CPPCC). She’s also the daughter of former Chinese regime leader Li Xiannian, and her husband is Liu Yazhou, a retired general of the Chinese People’s Liberation Army Air Force.

Gates and Li met face to face during the 2013 Global Vaccine Summit in Abu Dhabi, the capital of the United Arab Emirates. According to CPAFFC’s website, the Bill & Melinda Gates Foundation invited Li to the summit, during which she took part in a panel speaking about China’s immunization efforts to eradicate polio.

In August 2013, the foundation announced that it would invest \$5 million to “support Chinese investigators to drive research, development, and pro-

duction of the ‘next generation toilet,’” as part of its global “Reinvent the Toilet Challenge.” According to the University of Science and Technology Beijing, a launch event in China was attended by Li, a China-based representative of the foundation, the university’s party secretary, and Chinese health officials.

Gates visited CPAFFC’s headquarters in China in June 2014, during which he gave a speech, titled “Invent for the Poor.” According to a video on CPAFFC’s website, Gates praised the Chinese regime and the association in his speech.

“Here in China, it is fantastic to see the investment in engineering and medical technology, all sorts of things that China is assuming a very, very strong positioning,” he said. “And so our hope for the Friendship Association is that together we can find these great ideas in China and that we can find the right partners in Africa and elsewhere, who can take these new tools and use them on behalf of the people.”

Mark Suzman, the foundation’s CEO, and Li both attended the World Philanthropy Forum held at China’s Tsinghua University in September 2016. According to China’s state-run media, Suzman applauded China for its “potential” in philanthropy works and for its “unique role” in Africa’s development.

Melinda French Gates, co-chair of the foundation, held a meeting with Li in China in July 2017. According to CPAFFC’s website, French Gates praised CPAFFC for its philanthropic works. She also invited Li to join the End Malaria Council (EMC), which is an initiative launched in part by Gates in 2017.

Li subsequently participated in an EMC meeting held in Beijing in April 2019, according to CPAFFC.

Gates and Li also have connections through another United Front agency, the Hong Kong-based China–United States Exchange Foundation (CUSEF), which is managed by CPAFFC. CUSEF identifies Li as its vice chairman on its website and its 2013 report names Gates as a member of its steering committee.

CUSEF is headed by Chinese regime official Tung Chee-hwa, a former Hong Kong leader and current vice chairman of the CPPCC.

CPAFFC

CPAFFC, which was established in 1954, has more than 300 local branches throughout China. Outside the Chinese borders, there are regional-level branches, such as the Chinese–Arab Friendship Association, as well as country-level branches, such as the China–U.S. People’s Friendship Association in the United States.

The current CPAFFC president is Lin Songtian, who began in the role in April 2020. Before then, he had been China’s ambassador to South Africa since 2017.

When Lin was in South Africa, he was an outspoken critic of the United States on Twitter. In March 2020, he amplified an unfounded conspiracy theory that the COVID-19 pandemic had originated from the U.S. military when he shared a now-notorious Twitter post by Zhao Lijian, a Chinese foreign ministry spokesperson.

In response to Zhao’s accusations, the U.S. State Department summoned China’s then-Ambassador to the United States Cui Tiankai.

In June 2020, Rep. Michael McCaul (R-Texas) released an interim report on the origins of COVID-19. The report criticized the Chinese regime, saying that the pandemic “could have been prevented” if Chinese officials had responded to the initial outbreaks in a “transparent and responsible manner.”

A month later, Lin wrote on Twitter that the interim report was intended to “shift blames and cover the delinquency of #Trump Administration.”

Lin also took to Twitter repeatedly to defend the communist regime’s policies targeting ethnic minorities in the far-western region of Xinjiang. In a December 2019 Twitter post, he wrote that China’s “vocational education and training centers,” which Western officials have described as “concentration camps,” were effective in ending “extremism” in Xinjiang.

China has used “combating extremism” as a pretext to lock up more than 1 million Uyghurs in Xinjiang while subjecting them to forced sterilization, forced labor, and other inhumane treatment. Both the Trump and Biden administrations have determined that China has committed “genocide” and “crimes against humanity” against the Uyghurs.

At the opening ceremony of the April roundtable, Lin said China and the United States should work together because the two sides “complement each other.” According to Lin, the United States has the advantage of having advanced technology, finances, and talent, while China possesses a large market and high domestic demand.

Representatives for the USHCA and the Bill & Melinda Gates Foundation didn’t respond to requests for comments by press time.

The activities of Chinese influence groups in Italy, including CPAFFC, were the focus of a 2021 report by researchers at Sinopsis, a project by nonprofit AcaMedia z.u., in collaboration with the Department of Sinology at Charles University in Prague.

The report told government bodies, politicians, and political parties to “avoid interactions” with CPAFFC and other CCP influence agencies.

“The activities of these agencies and their fronts by-pass norms that require accountability of state-to-state relationships, disguising the party-state’s activities through ‘people-to-people,’ ‘cultural,’ ‘non-government’ or other labels,” the report reads. “Legislators should understand the nature of cooption and propaganda events to which they are invited as influence tools, rather than ‘dialogue’ partners.

“Even attending them to express critical views allows the CCP to publicly present its interlocutors as endorsers of its platforms and narratives.”

Completed applications will be reviewed, followed by recommendation to the Board of County Commissioners (BOCC) for appointment. The new board position appointment is expected to be announced prior to July 2022 Board of Health meeting.

The "consumer of public health" board position is open to any Okanogan county resident who has self-identified as having faced significant health inequities or as having lived experiences with public health-related programs such as: The special supplemental nutrition program for women, infants, and children; the supplemental nutrition program; home visiting; or treatment services. It is strongly encouraged that individuals from historically marginalized and underrepresented communities are given preference. These individuals may not be elected officials and may not have any fiduciary obligation to a health facility or other health agency, and may not have a material financial interest in the rendering of health services.

Access to the Board member application is available in English or Spanish on the OCPH website at www.okanogancounty.org/boards_and_committees/board_of_health to print and postal mail to OCPH, or email, or complete the online form. Printed applications can be picked up at the OCPH office at 1234 South 2nd Ave in Okanogan. If you would like an application sent to you, please send an email request to ocphlink@co.okanogan.wa.us or call us at (509) 422-7140.
