

1st Buttercups found

Courtesy Jill Christensen

Then .. Old Man Winter covered them up
The Christensen kids went for a hike in Union Valley on Feb. 7 to check how the development of the buttercup population was coming along, expecting they wouldn't be ready to bloom for at least another 2 weeks. They were shocked to find a couple already in bloom due to the mild winter and the few days of 40 degree weather we had recently. However, Friday night, Feb. 12 into Monday, Feb. 15, Old Man Winter decided it is still winter and covered the valley with lots of snow. From left to right: Joel, age 10, Damon, age 12, Avery, age 4, and Esther, age 6. They are the children of Kene and Jill Christensen.

North Central Region moves to Phase 2

SUBMITTED BY CHELAN DOUGLAS HEALTH DISTRICT

NCW – Gov. Jay Inslee announced on Thursday, February 11 that the North Central Region will move to phase two in the Healthy Washington - Roadmap to Recovery plan beginning Sunday, February 14.

The North Central Region includes Okanogan, Chelan, Douglas and Grant counties and it is one of six regions progressing to phase two. The move to phase two includes:

- Indoor Entertainment – 25% capacity or 200 people, whichever is less
- Indoor Recreation & Fitness Establishments – 25% capacity
- Eating and Drinking Establishments – Indoor dining at 25% capacity, limited alcohol service and delivery hours, 6 guests per table and limit 2 households per table

The full reopening guidance is available at: <https://www.coronavirus.wa.gov/what-you-need-know/safe-start/whats-open>.

“I want to thank the community for all the hard work

Lake Chelan Health Vaccination site

American Legion ‘Teacher Grant’ 2021 winners

By NORM MANLY,
AMERICAN LEGION POST #108
SERVICE OFFICER

MANSON - In early January the Manson American Legion, Post 108 sponsored a “Teacher Grant” program, offering four \$250 Grants available to all teachers in the Manson School District. This funding could be used for anything that would benefit students. This was a great opportunity to secure items not included in the school’s budget.

The process to apply for a grant was kept simple. Teachers were directed to complete a one-page application and include a 250 word or less paper explaining how the funding would be used and the number of students who would benefit.

Due date for Grant applications was January 29. From there Post 108’s Teacher Grant Committee reviewed applications. There was a total of seven applications covering grades Pre-K-10. Committee member and Post 108 Chaplain John Swenson said, “This was a very difficult assignment as all grant applications were worthy of consideration. We did our best to rank applications and come up with the top four. We felt the remaining three should also be considered for funding.”

At Post 108’s February meeting members were brought up to speed on the “Teacher Grant” program. A discussion

Carman Fretwell

followed and finally a motion was made and seconded to fund the three additional Grant application at \$250 each. The vote was 100% in favor!

Teachers receiving a \$250 grant included:

Carman Fretwell, Resource Room – Grade level Pre-K-5. Funding to purchase games, activities and fidgets that students would be willing to work for. These items are costly but necessary to encourage, motivate and support student learning in the special education and possibly the general education setting.

Samantha Lovelace, Life Science and Biology – Grade 8 and 10. Funding for dissecting kits for 20 students. Currently there are only eight incomplete kits and students

Samantha Lovelace

need to share, some just get to watch.

Brittany Sivertson, Manson School District Preschool (dual language)– Grade level- Preschool. Funding will be used to purchase quality books in Spanish to build the preschool library. A landmark report titled “Becoming a Nation of Readers” concluded that “the single most important activity for building knowledge for their eventual success in reading is reading aloud to children.” These books will go toward helping countless future Manson preschoolers be successful in school.

Mary Bider, Science – Grade 4. The purchase of small Fossil

Three governments, one parking problem

By GARY BÉGIN
MANAGING EDITOR,
NCW MEDIA

CHELAN – Lake Chelan School District Superintendent Barry DePaoli came before the Chelan City Council Tuesday, Feb. 9 to discuss his dislike of boats and trailers parking on school property five months out of the year. “We want to be good stewards with the community, but some people are leaving their boats in the school parking lot the entire summer from May until September,” DePaoli said.

The longtime schools boss said it wouldn’t be an issue if there were to be daily use for certain sections of the lot, but not all 90 spaces.

He estimated that two designated sections could yield about 55 slots for locals and tourists.

Chelan City Councilman Tim Hollingsworth said, “The Chelan PUD (Public Utility District) needs to be involved,” because the source of the high school parking lot dilemma is lack of parking at the lake boat ramp. That area only has room for about a dozen cars and boats.

DePaoli said the school needs the parking for sports and summer school activities and he really didn’t want to cause issues by closing it down completely. He would like a resolution by May 1

Courtesy EvansMarine.com

For a small fee, Evans Marine Service on Woodin Avenue would be willing to store boats in a safe and secure manner according to Mayor Bob Goedde.

when the tourist and boating season begins.

DePaoli made the remarks quickly (half an hour) as he had to attend his own school board meeting, which unfortunately, started at 6 p.m., just like the City Council meeting, on Tuesdays.

The simultaneous meetings were the subject of complaints by citizens and news media in the past as it would be impossible to attend both. Neither the school nor the city wanted to change their schedules to accommodate anyone. Local media must choose between the two meetings or have staffers attend both, which is a non-starter for skeleton staffs.

Chelan Mayor Bob Goedde suggested Evans Marine Service on Woodin Avenue would be willing to store boats in a safe and secure manner for a small fee.

No one involved in the dis-

would initially cost no money, but as soon as claims were filed the insurance would be adjusted upwards accordingly.

DePaoli said he hasn’t yet had a claim in his 20 years as Superintendent. He suggested there was parking in Manson for \$10 a day, but all agreed that that would be too far away to accommodate tourists and locals alike because of the distance involved in getting people back to the ramp in Chelan.

A suggestion was made that perhaps colored windshield stickers could be bought by locals or those purchasing parking passes for the season so any parking enforcement officer would see the stickers and not give out tickets to those who have paid the fees.

Councilman Hollingsworth suggested the use of parking meters with the proceeds split between the school and the city.

About 22 persons attended the meeting via Zoom, but no representative from the Chelan PUD were among them.

Keep reading the Lake Chelan Mirror for updates on this issue.

NCW Managing Editor Gary Bégin can be emailed: Gary@ncwmedia.net. Emails may be used as Letters to the Editor in future NCW Media publications.

Libraries re-open to in-person visits this week

SUBMITTED BY NCW LIBRARIES

NCW - Customers will be able to browse the shelves, access computer stations, read the newspaper, or pick out a DVD.

Gov. Jay Inslee announced on Thursday, Feb. 11 that most of the state - including all five counties in the library district - will move to Phase

2 of the state's reopening plan.

Several safety measures are already in place in the libraries. Customers will be required to wear a mask, practice social distancing, and limit their visit to around thirty minutes. In accordance with state mandated guidelines, all of the library buildings will have a 25 percent

occupancy limit.

For library patrons who prefer minimal contact service, curbside pickup will continue to be offered at all branches. The library is also working to expand service hours and availability, which it plans to launch in March.

NCW Libraries will continue to offer a wide variety of resources and programs

online at ncwlibraries.org and on its Facebook page. Upcoming virtual programs include STEM workshops, Book-It-Theater performances, author visits, and more.

Chelan Public Library, 216 N. Emerson St., 682-5131; Manson Public Library, 80 Wapato Way, 687-3420; and Entiat Public Library, 14138 Kinzel St., 784-1517.

Heritage Heights residents able to enjoy their meals in dining room again

BY AMANDA BALLOU, CEO HERITAGE HEIGHTS AT LAKE CHELAN

CHELAN - The Heritage Heights dining room is now open again. Residents have been receiving meals in their separate apartments, but as of February 1, the Safe Start Plan for Long Term Care provided guidance for dining services that maintain social distancing and table spacing. Residents are overjoyed to again see each other and be in each other's company. Meals are the hub of the social wheel.

Already the residents are bouncing back. They offer each other encouragement. "Things are getting better," in the words of Rick Farrell, a Heritage Heights resident. "We look forward to each meal together."

The requirements for the Safe Start Plan for Long Term Care were developed by the Washington Department of Health, Aging and Long Term Supports Administration, and Residential Care Services. All long term care facilities in the

Courtesy Heritage Heights

Residents enjoying a meal in the dining room are left to right: Nelda Monteleone, Jack Rose (in foreground), Teresa Hoback, and Mary Roe in the back.

State are in Phase I. As county case rates decline, Heritage Heights may move into another phase. To reach Phase II, our Chelan County case rates would need to fall

below 150 per 100,000.

The Long Term Care Facility Safe Start Guidance does not take the vaccination into consideration. Guidance will be updated as we learn more;

the impact of the COVID-19 vaccine on community transmission rates may allow for future changes. Changes in phases are made by the Department of Health.

OBITUARIES

Robert 'Bob' Brongil

With heavy hearts, we announce the passing of a beloved father, brother, husband, grandfather, and friend. Bob had an unfortunate battle with cancer that he eventually succumbed to on January 30, 2021. He fought every step of the way because he knew how important he was to his family and friends who loved him dearly.

Bob was raised on Mercer Island, Washington to Frank and Ramona Brongil. He attended Mercer Island

High School and continued

his schooling at the University of Puget Sound where he earned his Business Degree. After that, he started his own successful construction business. Bob loved to travel, especially snowbirding in Mexico. He was born and raised to a strong Catholic family who was grounded in their faith and he continued that tradition by being an usher at Our Lady of Guadalupe.

He leaves behind his wife Judith Brongil, daughters McKenzie Walsh (Chris

Walsh) and Brita Brongil (Shaq Blair), grandsons Kelton and Casen Walsh, granddaughters Evi and Kapri, sister Kathy Stevens (Jeremy and Lindsey), and brother Gary Brongil (Marilyn North) and several other loving family members and friends.

A funeral mass will be celebrated privately at Our Lady of Guadalupe. A celebration of life will be held at a future date to honor Bob's life. In lieu of flowers, please consider donating to Our Lady of Guadalupe church in West Seattle.

Obituary & Memorial Policies

NCW Media, Inc.: Leavenworth Echo, Cashmere Valley Record, Lake Chelan Mirror, Quad City Herald

An Obituary is a way for family member(s) to commemorate a loved one's life and to notify the community of the passing of the loved one. Obituaries are also used for historical and ancestral data.

Memorials are another way to let the community know about the life and memories of the person who has passed. A Memorial is different from an Obituary. An Obituary is usually current, while a Memorial can be written later.

Obituaries and Memorials need to be typed and emailed as a Word Document. They can be placed in one or more papers - all publish weekly on Wednesday.

Obituaries are priced by the number of words and include one color photo and go online at no extra charge. Memorials are priced per column inch. Please call for cost. *Payment is due at the time of placement. *Exception: Chapels, funeral homes who have an account, can be billed. There is no charge for a Death Notice - information is limited. Deadline is 4 p.m. on Friday - some exceptions may apply.

House 'Wealth Tax' bill 'punishment' for success states Sen. Hawkins

By GARY BÉGIN
MANAGING EDITOR,
NCW MEDIA

OLYMPIA – A rehash of an old Democrat Party idea has come back to the state capitol for a vote. So far it is only in the House, but Senator Brad Hawkins (R-East Wenatchee) is ready with an answer if it ever comes to the state Senate.

"Improving the equity of Washington state's tax code by creating the Washington state wealth tax and taxing extraordinary financial intangible assets — House Bill 1406, was introduced by Rep. Noel Frame (D-Seattle) January 27.

Hawkins stated, in an exclusive interview with NCW Media, that "HB 1406 is a new proposal this year, so I don't know how far it will advance. If it does advance, it will probably be one of the final bills of the session and part of the

overall budget package. Since it is a House of Representatives' bill, there hasn't been much talk of it yet in the Senate," Hawkins said.

"While I certainly want everyone to pay their fair share of taxes, this one seems to be targeted toward a few people as almost a punishment for their success. Personally, I think people like Bill Gates, Jeff Bezos, the founder of Starbucks, or anyone else who is this fortunate has worked incredibly hard for their earnings, took gigantic risks, made big sacrifices throughout their business careers, and have employed a tremendous number of people in the process," continued Hawkins.

"They happen to also be very sincere in their efforts to support others with generous foundations and personal giving. This bill seems like an effort to extract money from a handful of very successful people to fund more growth in government.

Sen. Brad Hawkins

To me, that sends the wrong message," he said.

"While state revenues have

taken a modest hit during the COVID pandemic, our state economy is holding steady

despite efforts to keep our economy closed. Personally, rather than implementing creative new taxes to significantly grow the budget, I would favor using our \$2 billion budget stabilization account reserves and making modest adjustments to balance the budget rather than more tax increases and continued spending," said Hawkins.

"I'm not sure Washington State can keep this up if the economy and state revenues dip again due to COVID or if our state or country experiences a non-COVID recession in the future. So as much as I would like to keep an open mind about everything, I am concerned about the message this bill sends and the way it might chase off a few people from Washington, people who are among our state's most incredible success stories," Hawkins concluded.

Tom Olson, Washington resident and political commentator, stated on the USA Votes chat site that the Seattle Democrats'

tax bill is: "(1) Confiscatory and punitive, (2) hasn't worked elsewhere, (3) expensive and difficult to administer, (4) will be easily circumvented by the 'rich' simply changing domiciles from Washington. Perhaps this should be retitled 'Texas-Florida stimulus act?'"

Keep reading NCW Media publications: Leavenworth Echo, Lake Chelan Mirror, Cashmere Valley Record, Wenatchee Business Journal and the Quad City Herald for updates on this new tax proposition by Washington state Democrats.

State Representatives Keith Goehner (R-Dryden) and Mike Steele (R-Chelan) did not respond to an interview request by newspaper deadline.

NCW Managing Editor Gary Bégin can be emailed: Gary@ncwmedia.net. Emails mail be used as Letters to the Editor in future NCW Media publications.

Fact Check: COVID19 policies and the vaccine

A conversation on current events

I opened my email this morning to read an article by none other than the New York Times regarding the wisdom of "coronavirus absolutism." Their lead on the article is:

"In a public health emergency, absolutism is a very tempting response: People should cease all behavior that creates additional risk.

That instinct led to calls for gay men to stop having sex during the AIDS crisis. It has also spurred campaigns for teen abstinence, to reduce sexually transmitted diseases and pregnancies. And to fight obesity, people have been drawn to fads like the elimination of trans fats or carbohydrates.

These days, there is a new absolutist health fad: the discouragement — or even prohibition — of any behavior that seems to increase the risk of coronavirus infection, even minutely."

The NYT article goes on to question the effectiveness of wearing masks outdoors, making the point that "Worldwide scientists have not documented any instances of outdoor transmission unless people were in close conversation."

It seems that now that the election is over the highly liberal NYT is ready to question the efficacy of lockdowns, closing schools and wearing masks. Movements have begun in New York and California to remove the governors there for abuse of their emergency powers that have not effectively reduced the spread of the virus or reduced the death rates.

Our own governor, Jay Inslee, is now approving relaxation of his restrictive phase programs. North Central Washington was just approved to move to phase 2 even though our region is not even close to

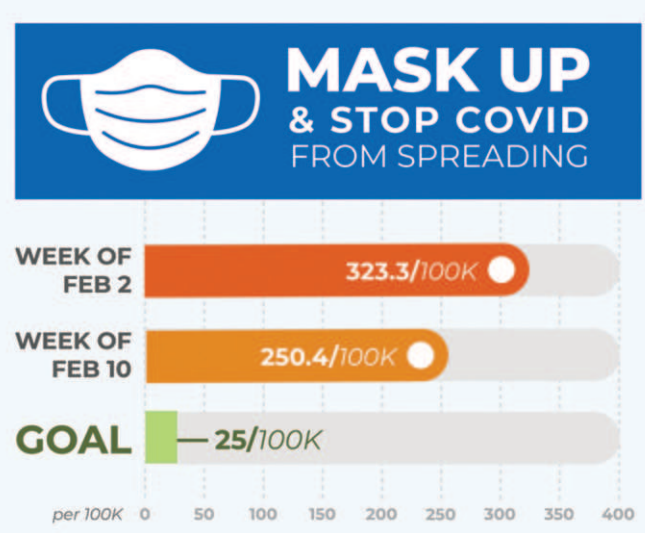

IN MY
OPINION
Bill Forhan
Publisher

obtaining his goal of 25 cases per 100,000 population.

The current official position of most of the Health Care industry and the government is that we must continue to wear masks and self-isolate until the bulk of our society is vaccinated against the virus. In words just coined by the NYT we must continue to follow the practice of coronavirus absolutism. Any information that runs contrary or critical of that position must be crushed. It must be declared unscientific and a commitment to accept more deaths as the inevitable result of non-compliance.

There are of course other voices in this battle. One such voice is Dr. Simone Gold. Gold is a board certified, emergency room doctor and attorney. Dr. Gold is a Chicago Medical School graduate with a Stanford University Law School Degree. She completed her residency at Stony Brook University Hospital in New York. She has written a book on her fight against the medical cancel culture titled, I Do Not Consent. She founded an organization named, America's Frontline Doctors. You can find more information on her organization at AFLDS.com.

Dr. Gold takes exception to the current policies of how best to address treatment of COVID19. She believes decisions about how best to treat a patient with COVID should be left to the patient's individual physician. Dr. Gold does say that it is blatantly false to say there are no effective treatments for COVID patients. She is highly suspicious of the "vaccines" which she describes as Experimental

Biological Agents.

It should come as no surprise that for her opposition to the official positions of the Medical establishment Dr. Gold has been severely punished. She has been fired by two of the hospitals where she practiced medicine for 20 years. The reason was she prescribed Hydroxychloroquine for the treatment of COVID patients. Dr. Gold clearly states it is a lie to say there are no treatments for COVID19. Hydroxychloroquine and Ivermectin have both been shown to be effective treatments. Hydroxychloroquine has been an FDA approved drug for 65 years. In much of the World it does not even require a prescription. It is available over the counter.

Many will remember that President Trump was treated with these drugs when he tested positive and recovered quickly.

Before you dismiss Dr. Gold as a crackpot non-conformist you might want to hear her position on COVID and the medical professions response.

Dr. Gold says that the way the government and medical agencies have responded to this virus is nothing short of a crime against humanity. She points out that there is a physician in the Netherlands that is bringing a lawsuit in the

Hague claiming just that.

Dr. Gold says the worst thing about the current disinformation about COVID19 is the level of fear that has been spread across the country and the globe about this virus. The fact is what are the chances that if you contract the disease you will die? She says, if you are under 20 your survive ability is 99.97%; for 20 - 49 year olds the survive ability is 99.98%; 50 - 69 is 99.5%; over 70 your survival rate approaches 95% with no treatment. The dirty little secret here according to Dr. Simone is that if you take early treatment the symptoms are mild and you can recover quickly.

Dr. Gold points out that the truth is people over 70 are already approaching the end of their lives. Most have other co-morbidities that already compromise their health so it is true that COVID19 can be the final condition that ends their life. It's tragic but many older people die of simple things like a common cold or pneumonia. She once had an elderly patient that died of a nosebleed.

Dr. Gold has reservations about the "vaccine" which she likes to call an Experimental Biological Agent. She believes

it was rushed through too quickly and not adequately tested. She points out that a previous COVID vaccine was developed for SARs-1, which is 78% similar to COVID19. They are both "COVID" viruses. To date there are 7 identified COVID viruses according to Dr. Gold, none of which have an effective vaccine. She includes the common cold in the list of COVID type viruses. The SARS-1 vaccine was never released after animal testing found it didn't work.

Dr. Gold raises two concerns about the current vaccine. The first is she has a concern about the vaccines effect on human reproduction. She points out that two doctors in Europe have raised concerns about how the drug impacts the placenta. This issue is not totally clear. Even Dr. Gold admits that it is one of those questions that we don't know what we don't know yet. The CDC says there is no risk although they admit that they have detected some cell modification on the outside lining of the placenta. The new vaccines make it appear as though you are permanently infected with COVID19 and no one is sure about how that will affect future pregnancies.

Her second concern is related to the issue of liability protection for the manufacturers of the vaccine. Dr. Gold says it is not that she believes they don't care but that they are less likely to be as careful with their testing and release of the drug as they would be if they could be held liable.

America's Front Line Doctors make the following recommendations regarding the taking of the current vaccines:

1. If you are under age 20 the Experimental Vaccine is prohibited. Their reasoning is we do not know the long-term effects on fertility and we do

know this virus does not really affect young people.

2. From age 20 - 50 if you are healthy they strongly discourage taking the vaccine.. They discourage the taking of the drug because of the low risk of death to this group and the unknown risks of causing problems from auto-immune disease and an unknown risk of lifelong infertility.

3. If you are age 50 - 70 and in otherwise good health AFLDS strongly discourages taking the "vaccine." If you are 50 - 70 with other co-morbidities they still discourage use of the drug as they believe the use of other treatments like hydroxychloroquine are available.

4. Over age 70 and above it is based on your own personal risk assessment. If you are otherwise healthy they discourage taking the vaccine. If you have other comorbidities, they still discourage it but recognize it is a personal call based on your individual situation.

In the interest of full disclosure, The CDC, FDA, and a most government agencies do not agree with Dr. Gold or America's Front Line Doctors. Dr. Gold has been de-listed from Twitter, YouTube, and Facebook. You can view one of her videos on Rumble. Just enter <https://rumble.com/vd2y2j-banned-from-youtube-dr.-simone-gold-shares-the-truth-about-the-covid-19-vac.html> on your browser. We will also put up the link on our website along with this story. You can also find more information at AFLDS.com.

Finally, it is important to note that Dr. Gold was arrested last week for being one of the people who entered the Capitol Building on Jan 6. She was not accused of supporting the violence. She was simply charged with unlawfully entering a restricted area.

Hazardous Waste Disposal for Small Businesses: Deadline to register Feb. 24

WENATCHEE - Chelan County businesses in need of hazardous waste disposal must pre-register to participate in the Chelan County Small Quantity Generator Event by Feb. 24. The event, which will take place on March 3, is an opportunity for local businesses to dispose of hazardous wastes, often at reduced costs. Businesses that accumulate up to 2,200 pounds of hazardous wastes per year at their place of business may qualify as a Small Quantity Generator. Those businesses must pre-register to be eligible to participate in the event. To pre-register for the event, contact Chelan County Public Works 509-667-6415. A copy of the event application may be found on the Solid Waste web page [co.chelan.wa.us/solid-waste-management/pages/household-hazardous-wastes](https://www.co.chelan.wa.us/solid-waste-management/pages/household-hazardous-wastes).

P.E.O. Scholarship Opportunity: April 30 deadline

NCW - Applications are now being accepted for the Upper Valley Scholarship supported by P.E.O. Chapter JF, Leavenworth. The purpose of the scholarship is to assist women in need of financial help return to higher education in an accredited university, college or technical school in the State of Washington. This needs-based scholarship must be used for school expenses and will be paid directly to the school. Applications must be received for consideration by April 30, 2021. Scholarship funds will be available by the Fall of 2021, and be sent directly to the school financial department upon confirmation of enrollment. Women applicants must be seeking further higher education at either the undergraduate or graduate level in one of the following ways:

- Applicant must be age 30 or above and reside in Chelan or Douglas County
- Applicant must be currently enrolled in, or returning to, a higher education program after a two-year or more absence.

Chelan Fire & Rescue: Feb. 17

CHELAN - The Chelan Fire & Rescue board of commissioners will meet on Wednesday, Feb. 17, at 3 p.m. via Zoom. The public is welcome to join them. They meet the third Wednesday of the month. Go to [chelan7.com](https://www.chelan7.com) for information.

Red Cross Blood Drive: Feb. 17

CHELAN - An American Red Cross Blood Drive will be held Feb. 17, 12 p.m. - 6 p.m., at the Lake Chelan United Methodist Church, corner of Johnson Avenue and Emerson Street. To make an appointment visit [RedCrossBlood.org](https://www.RedCrossBlood.org), call 1-800-RED CROSS (1-800-733-2767) or enable the Blood Donor Skill on any Alexa Echo device to make an appointment or for more information. All blood types are needed to ensure a reliable supply for patients. A blood donor card or driver's license or two other forms of identification are required at check-in. Individuals who are 17 years of age in most states (16 with parental consent where allowed by state law), weigh at least 110 pounds and are in generally good health may be eligible to donate blood. High school students and other donors 18 years of age and younger also have to meet certain height and weight requirements. Blood and platelet donors can save time at their next donation by using RapidPass® to complete their pre-donation reading and health history questionnaire online, on the day of their donation, before arriving at the blood drive. To get started, follow the instructions at [RedCrossBlood.org/RapidPass](https://www.RedCrossBlood.org/RapidPass) or use the Blood Donor App.

'What's Up Vet!' - Informational Zoom meetings: Feb. 18, 23, 25

NCW - All Chelan and Douglas County veterans are invited to attend the new "What's Up Vet!" informational meetings via Zoom. Every Tuesday/Thursday from 2-4 p.m. Open to vets, spouses, dependents and anyone with questions regarding veteran benefits and resources. Go to: [us02web.zoom.us](https://www.us02web.zoom.us) with Zoom platform meeting id: 863 5856 4972. Call 509-664-6801 (Chelan County Veteran Service Office) or 509-683-3605 (DCVSO) for more information. Sponsored by CCVSO, DCVSO, Wenatchee Valley College and the Washington State Veteran Corps Navigation project.

Lake Chelan Lions Club: Feb. 18

CHELAN - The Lake Chelan Lions Club meets every Thursday at noon. Call Steve Shumway at 360-239-3322 for location or if you are interested in joining.

Entiat School Board: Feb. 18

ENTIAT - The Entiat School Board will meet on Thursday, Feb. 18 at 7 p.m. They meet the third Thursday of the month. For information: [entiat.k12.wa.us](https://www.entiat.k12.wa.us)

Cascadia Conservation District: Feb. 19

NCW - The Cascadia Conservation District Regular Board meeting will be a Zoom or call-in meeting, held on Friday, Feb. 19, 1:30 p.m. More information and instructions will be available on our web site at [cascadiaconservation.org](https://www.cascadiaconservation.org) or by calling the District at 509-436-1601.

Food Bank food distribution: Feb. 20, 23

CHELAN - The Lake Chelan Food Bank food giveaway is on Saturday and Tuesday, 9-10 a.m. Distribution is drive-thru. They are located at 417 S. Bradley Street.

Manson School District: Feb. 22

MANSON - The Manson School District board of directors will meet at 6 p.m. on Feb. 22, via via ZOOM <https://us02web.zoom.us/j/84732693692>. For more infom contact the district office at 687-3140.

Lake Chelan Rotary: Feb. 23

CHELAN/MANSON - Lake Chelan Rotary holds their weekly meeting every Tuesday at noon via Zoom at: <https://us02web.zoom.us/j/9588160732>. For more info: [lakechelanrotary.org](https://www.lakechelanrotary.org)

Lake Chelan Health board: Feb. 23

CHELAN - The Lake Chelan Health board of commissioners (formerly Lake Chelan Community Hospital & Clinics) will meet on Tuesday, Feb. 23 at 1:30 via zoom. For more information go to [lakechelanhealth.com](https://www.lakechelanhealth.com). They meet the 4th Tuesday of the month unless otherwise noted.

City of Chelan Council: Feb. 23

CHELAN - The Chelan City Council and Lake Chelan Airport Board will meet on Tuesday, Feb. 23, beginning at 6 p.m. via video conferencing. Council is encouraging citizens to listen from home. For more information: [cityofchelan.us](https://www.cityofchelan.us)

Lake Chelan School District: Feb. 23

CHELAN - The Lake Chelan School District board of directors will meet at 6 p.m. on Feb. 23. This meeting will be available to the Board of Directors and community members via video conferencing. If you would like to attend this meeting via phone or computer, please contact Georgia Mashayekh prior to 2 p.m. on Tuesday, Feb. 23, to learn how to connect. Because of the format of the meeting, public comments and questions for the school board must be submitted to Georgia Mashayekh before 2 p.m. on Tuesday, Feb. 23.

Chelan County Commissioners: Feb. 23-24

WENATCHEE - The Chelan County Commissioners meet every Monday and Tuesday beginning at 9 a.m. (except legal holidays). Currently, due to COVID-19, meetings are being held via Zoom Video Conference until further notice. For meeting agenda and Zoom meeting info: [co.chelan.wa.us/files/board-of-commissioners/documents/Agenda.pdf](https://www.co.chelan.wa.us/files/board-of-commissioners/documents/Agenda.pdf)

City of Entiat Council: Feb. 23

ENTIAT - The Entiat City Council will meet on Feb. 23 at 7 p.m. For more information: [entiatwa.us](https://www.entiatwa.us) or 784-1500

Chelan Douglas Regional Port Authority: Feb. 23

EAST WENATCHEE - The Chelan Douglas Regional Port Authority Board of Directors meet on the second and fourth Tuesday of each month at 9 a.m. Currently, due to COVID-19, meetings are being held via Zoom Video Conference until further notice. For meeting agenda and Zoom meeting info: [cdrpa.org/board-meetings](https://www.cdrpa.org/board-meetings).

American Legion Post #108: March 1

MANSON - American Legion Post #108 meets the first Monday of each month unless it falls on a holiday then it goes to second Monday. The next meeting will be held in the Hub at North Shore Bible Church, beginning at 7 p.m.

Chelan County PUD: March 1

WENATCHEE - The Chelan County Public Utility District board of commissioners, will meet on March 1 at 10 a.m., in a virtual meeting. They meet the first and third Monday. For information: [chelanpud.org](https://www.chelanpud.org)

Help available for

Douglas County veterans

EAST WENATCHEE - Sarah Simonson the Veterans Service Officer for Douglas County, is available for appointments in her office at 211 11th St. NE in East Wenatchee. Call her at 509-683-3605. You can also find her on Facebook at: <https://www.facebook.com/douglascountyvso>

CHELAN/MANSON SENIOR MEALS MENU

Chelan Senior Center

CHELAN - The Chelan Senior Center is closed. Meals are being given out on a takeout basis or delivered to those unable to drive to the Senior Center

Senior Meals

Call (509) 888-4440 by 9 a.m. to order your meal. Meals can be picked up between 10:30 and 11:30 a.m. at the Senior Center located at 534 E. Trow

Avenue.

Horticulture 2021

Wrap Up

Washington Wine Growers convention goes virtual March 9, 18

SUBMITTED BY WASHINGTON WINEGROWERS ASSOCIATION

The Washington Winegrowers Association annual convention, WineVit™, will be virtual with sessions spread out between March 9 and 18. Specific session times, dates, and speakers will be posted soon. The virtual event

will provide cutting-edge presentations, networking opportunities, information on trends and products in the market and access to industry suppliers.

After an unprecedented 2020, a special focus will be on the State of the Industry session as

oversupply coupled with a pandemic have created challenges and opportunities. Speakers will discuss industry trends, global supply and demand chains, the latest research and future projects.

Though virtual, the annual

convention celebrates the Washington wine industry's collective resilience, dedication to connections without boundaries, and

commitment to high-caliber learning and networking.

Visit www.winevit.org to register or to

learn more.

The Washington Winegrowers Association serves as the synergistic leader and unifying voice – through advocacy and education – for growers, vintners, partners, and policymakers.

USDA offers farm loans for underserved, beginning farmers

SUBMITTED BY USDA

WENATCHEE - The U.S. Department of Agriculture (USDA) Farm Service Agency (FSA) reminds producers that FSA offers farm ownership and farm operating loans to underserved applicants as well as beginning farmers and ranchers. Underserved or beginning farmers and ranchers who cannot obtain commercial credit from a bank can apply for FSA direct or guaranteed loans.

"Farming and ranching is a capital-intensive business and FSA is committed to helping producers start and maintain their agricultural operations," said Jon Wyss, FSA State Executive Director in Washington State. "FSA loans are designed to make sure that everyone has access to credit

including underserved and beginning farmers and ranchers. Last year, FSA in Washington obligated \$35.7 million in loans to underserved borrowers and beginning farmers and ranchers."

USDA defines underserved applicants as a group whose members have been subjected to racial, ethnic or gender prejudice because of their identity as members of the group without regard to their individual qualities. For farm loan program purposes, underserved groups are American Indians or Alaskan Natives, Asians, Blacks or African Americans, Native Hawaiians or other Pacific Islanders, Hispanics, and women.

In order to qualify as a beginning farmer, the individual or entity must meet the eligi-

bility requirements outlined for direct or guaranteed loans. Additionally, individuals and all entity members must have operated a farm for less than 10 years. Applicants must materially or substantially participate in the operation. For farm ownership purposes, the applicant must not own a farm greater than 30 percent of the average size farm in the county at the time of application. All direct farm ownership applicants must have participated in the business operations of a farm for at least three years out of the last 10 years prior to the date the application is submitted to FSA. Substitutions for as much as the full three years of experience may be made based on education, business management experience, military experience, participation

with a qualified mentor, and farm management experience as a hired laborer. Your local FSA office will be able to provide more details on acceptable substitutions.

If the applicant is an entity, all members must be related by blood or marriage and all entity members must be eligible beginning farmers. At least one of the members must have three years or more experience in the business operations of a farm prior to the date the application is submitted.

Direct loans are made to applicants by FSA. Guaranteed loans are made by lending institutions who arrange for FSA to guarantee the loan. FSA can guarantee up to 95 percent of the loss of principal and interest on a loan. The FSA guarantee allows lenders

to make agricultural credit available to producers who do not meet the lender's normal underwriting criteria.

The direct and guaranteed loan program offers two types of loans: farm ownership loans and farm operating loans.

Farm ownership loan funds may be used to purchase or enlarge a farm or ranch; purchase easements or rights of way needed in the farm's operation; build or improve buildings such as a dwelling or barn; promote soil and water conservation and development; and pay closing costs.

Farm operating loan funds may be used to purchase livestock, poultry, farm equipment, fertilizer, and other materials necessary to operate a farm. Operating loan funds can also be used for

family living expenses; refinancing debts under certain conditions; paying salaries for hired farm laborers; installing or improving water systems for home, livestock or irrigation use; and other similar improvements.

Repayment terms for direct operating loans are scheduled from one to seven years. Financing for direct farm ownership loans cannot exceed 40 years. Interest rates for direct loans are set periodically according to the government's cost of borrowing. Guaranteed loan terms and interest rates are set by the lender.

For more information on FSA's farm loan programs and underserved and beginning farmer guidelines, please contact your local FSA office or visit farmers.gov.

New USDA projects funded to support the Washington tree fruit industry

WRITTEN BY FAITH CRITZER, WSU FOOD SAFETY, DECEMBER 2020

Members of the Tree Fruit Extension team have been working hard to secure federal funding for challenges facing the industry. They are part of national teams and represent \$16.9 million in total federal support from the USDA Specialty Crop Research Initiative. The three projects will focus on precision crop load management, fire blight, and food safety, and are all geared towards identi-

fying effective solutions that improve the resiliency of the tree fruit industry in the future. You can read more about each below.

Precision Crop Load Management for Apples

Project Director – Terrance Robinson, Cornell University
Other PIs – Stefano Musacchi and Karen Lewis, Washington State University; Tory Schmidt, Washington Tree Fruit Research Commission

Controlling the final fruit number on an apple tree is

one of the most economically critical management practices in apple growing. Optimizing fruit numbers within a narrow, economically optimum range is currently imprecisely done by pruning, chemical thinning and remedial hand thinning which is very expensive. We have previously developed ideas and tactics to precisely control crop load by calculating the optimum fruit number per tree, manually counting buds, flowers and fruits and by using various computer models we have developed (carbon balance model, fruit growth rate model, and the pollen tube growth model) to help growers achieve the optimum number of fruits per tree; however, the process is tedious and time-consuming. This project will further develop precision crop load management tools consisting of computer models, machine vision, robotics, and decision support tools to allow apple growers to accurately calculate a target fruit number for each tree and then quickly count flower buds and later fruitlets using machine vision and geo-referenced maps to guide the severity of pruning and later guide bloom and post-bloom chemical thin-

ning, and lastly to guide human workers when hand thinning to maximize crop value.

Comprehensive fire blight management systems for the United States

Project Director – George Sundin, Michigan State University
Other PIs – Tianna DuPont and Karina Gallardo, Washington State University

Courtesy photo

A team of the leading fire blight research and extension scientists from across the nation will be working together to develop novel and effective management strategies.

New Specialty Crop Research Initiative grant invests \$5.1 mill to improve fire blight management with more than \$600,000 directed to WA research and extension. A team of the leading

fire blight research and extension scientists from across the nation will be working together to develop novel and effective management strategies. The goal is to develop a comprehensive strategy for effective fire blight management optimizing shoot and blossom blight management, understanding and managing the systemic phase of fire blight, developing a pre-breeding line of fire blight resistant varieties, providing economic analysis, and a nationally coordinated outreach program. The team will use innovative techniques, for example, they will use advanced transcriptomics to study the most effective use of defense elicitors. National coordination will multiply efforts, to more quickly find effective strategies. For example, products tested in multiple regions with diverse environmental conditions will provide in-depth information to dissect variable efficacy and model the most effective use and timings. Demonstration trials will provide answers to long-standing questions to grower questions from cutting blight to defense elicitors.

Cost-Effective Management of Food Safety Risks

Project Director – Michelle Danyluk, University of Florida
Other PIs – Faith Critzer and Troy Peters, Washington State University

This work will provide the fresh produce industry with tools to effectively manage food safety risks while making the most efficient use of available resources. We will identify the important factors (and their uncertainties) that drive risk and are candidates for interventions. Key sources of uncertainty will be addressed by empirical data collection and analysis. The immediate outcome of this research will be integrated, publicly available decision analysis tools to aid in pathogen control on produce that supports decision-making by all stakeholders. This will support increased transparency and collaboration among federal partners, industry, and consumer groups. We will model cost-effectiveness ratios of possible interventions, taking into account the preventable incidence of illness and economic costs of disease, as well as the costs and benefits to industry. Since different stakeholders consider different aspects of the costs and benefits of interventions, evaluations will be presented from different perspectives, including societal and industry perspectives and the results will be available at different levels of aggregation. The framework will provide opportunities to evaluate produce safety regulatory policies using the most recent scientific data. Critzer and Peters will contribute to work in preharvest water, postharvest handling, and outreach activities with others representing the tree fruit industry on the stakeholder advisory board. The project team is currently soliciting input which will help drive priorities from those in the produce and allied industries, you can participate at <https://go.rutgers.edu/4tuxsrd>.

THE WASHINGTON OUTDOORS REPORT

Outdoors round-ups

By JOHN KRUSE, THE WASHINGTON OUTDOOR REPORT

NORTH CENTRAL WASHINGTON - Travis Dawson at Sportsman's Warehouse in East Wenatchee says Fish Lake in Chelan County is giving up numerous perch under the ice and while they are not big there are a few nice sized trout being caught there as well. Lake Chelan is fishing well for Kokanee right now. Anglers have been catching most of them around 25 Mile Creek State Park. Rufus Woods Reservoir is fishing very good for triploids but expect crowded boat launches if you go, because the word has gotten out about this winter fishery for big rainbows.

NORTHEAST WASHINGTON - Freddie Giannecchini at Clark's All-Sports in Colville says boaters fishing on Lake Roosevelt have done better than shore anglers lately for walleye but even out of the boat, walleye catches have been moderate as best. Some of the ice-fishing lakes have been giving up trout and perch though many anglers are close mouthed as to which ones they are fishing. However, it is no secret Curlew Lake is fishing very well for perch right now under the ice. A variety

These kids had a successful youth hunting day on Potholes Reservoir thanks to Levi Meseberg and Paul Wood. Courtesy MarDon Resort

of different lures to include Swedish Pimples are working here.

COLUMBIA BASIN - Pete Fischer at MarDon Resort reports the chilly and breezy weather has kept most anglers off of Potholes Reservoir but the Seep Lakes below the reservoir are a good bet and less windy option. Fishing at both Corral and Long Lakes

has been decent recently and producing some nice catches of rainbow trout. Still fishing Powerbait or a marshmallow/worm combo about 18-inches off the bottom with a sliding egg sinker is a good way to catch these fish.

The waterfowl hunting season wrapped up on Feb. 6 with a special youth and military hunting day. Levi Meseberg

with MarDon Resort and Paul Wood, an active-duty service member from Fairchild Air Force Base, took a group of six kids out for a great day of duck hunting at Potholes Reservoir that included a healthy harvest of diving and puddle ducks and a bonus goose.

TRI-STATE OUTFITTERS CLOSING: The Tri-State Outfitters Store in Moses Lake,

open since 1982, will be closing its doors for good on May 12. Three other Tri-State Outfitters stores in Montana and Idaho will remain open. According to store manager Sandy Keller, there will be some clearance sales but the majority of the store inventory will be shipped to the other company stores. Tri-State Outfitters Vice President Mike

Perrin was asked about why this particular store was closing. He said their business does not own the building the store is located in and the lease on the building was coming up. In Perrin's words, "It came down to whether it made sense to renew that lease based on the current numbers being generated by that store". Perrin said they do regret closing this store because they love the staff and the clientele who shop there and several customers have reached out to him to express their sadness about this closure.

COLUMBIA RIVER GORGE - Manager Brandy Moore at Gorge Outfitters Supply in Rufus says catch and release sturgeon fishing is going well below John Day Dam. Walleye fishing has also been productive (both day and night) on the Columbia from The Dalles to Boardman. Trolling crankbaits has been effective and the Walleye Deep Bandit is the hot plug in both dark and chrome colors. Try putting a little garlic scent on this plug for added attraction. One or two people have caught walleye over ten pounds recently and some nice smallmouth bass are being caught too by walleye anglers.

John Kruse - www.northwesternoutdoors.com and www.americaoutdoorsradio.com

COVID vaccination and comfort food, go together

I got my second COVID vaccination on a Tuesday morning a couple of weeks ago. The day after I received my first COVID vaccine, I noticed my arm aching like someone had punched me when I wasn't looking. After the second shot, my left arm ached even more. I was VERY GLAD I chose to have my vaccine in my non-dominant arm!

Waking up the morning after my second vaccination, not only did my left arm ache but so did my shoulders and back. But that wasn't all that hurt. My head pounded, my back ached and I felt "wiped out", like I had been run over by a truck.

After a cup of strong coffee, I took some ibuprofen plus some Tylenol®, found a soft, fluffy blanket and curled up on the sofa to wait it out.

Four hours later, I felt bet-

ter and got up to find some lunch.

I was hungry, but I didn't want anything except something I really, really liked. I wanted the type of food you crave when you feel crummy. I wanted COMFORT FOOD. My very favorite comfort food is Tuna Melt Quesadillas. It's my own invention, and very simple, only 5 ingredients.

By the next morning, I felt completely recovered from my post-COVID vaccine blues. I hope you don't have any significant reaction to YOUR vaccine.

But whether you experience a day of recovery or not, you are welcome to try this

Tuna Melt Quesadillas

Courtesy Dr. Louise Achey

out. Enjoy!
Tuna Melt Quesadillas
From Louise Achey, The Medication Insider
5-6 flour tortillas, burrito size

1 can (7 oz) tuna, well drained
7 ounces, sauerkraut, well drained
1 tsp, mayonnaise or salad dressing (approximately)

½-1 cup, shredded or sliced cheese

Mix the tuna and sauerkraut together in a mixing bowl. You can add less sauerkraut if you prefer, but it helps to the tuna stick together.

Add just enough mayonnaise to help the tuna bind together. This will depend on how well you drain the tuna and sauerkraut, because you want the tuna/sauerkraut mixture damp but not wet.

Warm the tortilla on a griddle or flat pan, both sides.

Spoon the tuna mixture on half of the tortilla, leaving about a ½ inch border around the edges. You can make them thicker or thinner by how thick your tuna layer is.

Sprinkle the grated cheese or place cheese slices over the tuna. Again, you can adjust the amount of cheese

you like.

Fold the other tortilla half back over the tuna and cheese half

Grill, weighing down the tortilla with a flat-bottomed pan. I use the top of a double boiler pan.

Flip over to grill the cheese side last, then take off the heat and let it cool before cutting into wedges. When eating, beware, they often drip!

I like to make extra for the next day, then heat them up

Excerpt from Chapter 1 DNA

The Contract
A novel by local writer William E. Forhan.

Most mothers can tell you the moment their child was born. It's not the same for fathers. But I can tell you precisely the moment I met my daughters. It was 2:46 on a Sunday afternoon in October. I had rushed back from church and just sat down to watch the game of the week. My Denver Broncos were playing their most despised of opponents - the Oakland Raiders. My game was interrupted by a knock on my front door. My wife had taken our two sons to help her with grocery shopping. So I had to get up from my game to respond to that irritating knock. I opened the door to two attractive young women. They seemed surprised. "You're a priest?" one queried.

In my rush to watch the game I had not removed my clerical collar. "Well, yes I am," I responded. Fully expecting they were a couple of young evangelists looking to tell me about the gospel. There was a sudden and distinctly deafening pause. "Can I help you?" I finally said. They looked at each other. Then almost in unison burst out, "We think you're our father!" In an instant twenty-three years of guilt and remorse overcame me. I could not help it. Tears poured out like a river. My heart began to pound and I could not hear a sound. We looked at each other for what seemed like an eternity. None of us knowing what to say next, but I knew in my heart they were correct.

Bill's Book is now available online through Amazon.com, BarnesandNoble.com and Apple iBook The paperback is \$16.99 and the ebook is \$8.99. Or you can order the book directly from Bill at The Leavenworth Echo (509-548-5286), the Lake Chelan Mirror (509-682-2213), or by emailing your contact information to Bill.Forhan@gmail.com. Orders placed directly with the author have the added advantage of being signed including a short message if you like. Sales tax applies and if you request mail delivery add \$3.00 for postage. There is no charge if your order is picked up at the Echo or Mirror office.

Public Notices

IN THE DISTRICT COURT OF THE FIRST JUDICIAL DISTRICT OF THE STATE OF IDAHO, IN AND FOR THE COUNTY OF KOOTENAI IN THE MATTER OF THE GUARDIANSHIP AND CONSERVATORSHIP OF: T.J.F.

DOB: 11/30/2006
A Minor Child.
Case No. CV-2013-7542
NOTICE OF HEARING FOR PUBLICATION

TO BRENDA GOODRICK:
PLEASE BE ADVISED that a Motion to Terminate Co-Guardianship and Co-Conservatorship of the minor child, T.J.F., born 11/30/06, will be called on for hearing on March 10, 2021, at 8:30 a.m., before the Honorable Judge Stow, and by Zoom. Zoom instructions can be obtained by contacting the Clerk of the Court at (208) 446-1600.

YOU ARE HEREBY NOTIFIED that in order to defend this lawsuit, an appropriate written response must be filed with the Kootenai County District Court, located at 324 W. Garden Ave., Coeur d'Alene, Idaho 83814, and you must attend the hearing described above. If you fail to so respond and attend the hearing, the court may enter a judgment as requested in the Motion to Terminate Co-Guardianship and Co-Conservatorship. Published in the Lake Chelan Mirror February 3, 10 and 17, 2021. #1529

Public Notices

CITY OF CHELAN NOTICE OF PUBLIC HEARING SCHEDULE AND STATE ENVIRONMENTAL POLICY ACT (SEPA) DETERMINATION OF NON-SIGNIFICANCE (DNS)

Description of proposal: The City of Chelan is proposing adoption of a Housing Action Plan (HAP) developed to address strategies and implementing actions that promote greater housing diversity, affordability, and access to opportunity for residents of all income levels in the City of Chelan.

Meeting Schedule*
February 17th - Planning Commission workshop
March 17th - Planning Commission Public Hearing
April 6th - City Council workshop
April 13th - City Council Public Hearing

*Please see 'Civic Web / Council Portal' on the City's website at www.cityofchelan.us for up-to-date information on how to access online meetings and participation procedures.
Lead agency: City of Chelan
Agency File Number: SEPA2021-02
Location of proposal: Chelan City Limits

Environmental Review: The City of Chelan has determined the proposed non project action does not have a probable significant adverse impact on the environment. An environmental impact statement (EIS) is not required under RCW 43.21C.030(2)(c). This decision was made after review of a completed environmental checklist and other information on file with the City of Chelan. This information is available at: <https://apps.ecology.wa.gov/separ/Main/SEPA/Search.aspx> by searching for 'City of Chelan' or by contacting the City of Chelan Planning Department.

This DNS is issued under WAC 197-11-340(2); the lead agency will not act on this proposal for at least 14 days from the date below. Comments must be submitted no later than:
Wednesday, March 3, 2021 at 5pm.

Responsible Official:
Craig Gildroy,
Community Development Director
Agency Contact: John Ajax,
Associate Planner,
jajax@cityofchelan.us

Public Notices

SUPERIOR COURT, STATE OF WASHINGTON, COUNTY OF CHELAN COURTNEY DAVIDSON
Petitioner v. BENJAMIN HANNON
Respondent. NO. 20-3-00018-04
SUMMONS SERVED BY PUBLICATION

To: **Benjamin Hannon**

I have started a court case by filing a petition. The name of the Petition is: petition for residential and child support. You must respond in writing if you want the court to consider your side. **Deadline!** Your response must be filed and served within **60 days** of the date this Summons is published **January 27, 2021**. If you do not file and serve your Response or a Notice of Appearance by the deadline. No one has to notify you about other hearings in this case, and the court may approve the requests in the Petition without hearing your side (called a default judgement). Follow these steps : **1. Read** the Petition and any other documents that were filed at court with this Summons. Those documents explain what the other party is asking for. **2. Fill out** a Response on this form FL Parentage 332, Response to Petition for Parenting Plan, Residential Schedule and/or Child Support. **You can get the Response form and other forms you may need at:** The Washington State Courts' website: www.courts.wa.gov/forms, Washington lawHelp: www.washingtonlawhelp.org, or The Superior Court Clerk's office or county law library (for a fee). **3. Serve** (give) a copy of your Response to the person who filed this Summons at the address below, and to any other parties. You may use certified mail with return receipt requested. For more information on how to serve , read Superior Court Civil Rule 5. **4. File** your original Response with the court clerk at this address: Superior Court Clerk, CHELAN County 350 ORONDO STREET SUITE 501, WENATCHEE, WA. 98801. **5. Lawyer not required:** It is a good idea to talk to a lawyer, but you may file and serve your Response without one. **Person filing this Summons: Courtney Davidson August 13, 2020.** Petitioner agrees to accept legal papers for this case at P.O. Box 249, Manson WA. 98831. Published in the Lake Chelan Mirror January 27, February 3, 10, 17, 24 and March 3, 2021. #1510
