2021 will bring more investment in PUD dams, grid, facilities

SUBMITTED BY CHELAN COUNTY PUD

WENATCHEE, - Chelan County PUD commissioners reviewed a 2021 budget that marches forward with plans outlined in the utility's strategic plan. The budget includes significant investments at the dams, new substations to improve reliability, and new metering technology for better customer service.

Overall, the PUD's financial outlook remains strong. Staff expect flat revenues and a 1 percent increase in net expenses compared to 2020, resulting in a forecasted \$55 million bottom line.

The budget includes paying down debt, and reducing the debt ratio from 30 percent this year to under 25 percent in 2021.

The PUD plans to spend about \$195 million on key capital projects that support the strategic plan, including:

- Construction of a new Service Center at Olds Station
- Remodels at the Discovery Center, and other facilities at Rocky Reach and Rock Island
- Maintenance and modernization of power-generating units at Rocky Reach and Rock Island dams

- Construction of distribution substations in Wenatchee, Leavenworth and Chelan
- Advanced metering roll-out for better reliability and customer service

The annual budget priorities are part of a five-year business plan, which commissioners reviewed Oct. 5.

The second public hearing for the 2021 budget will be Nov. 16, followed by a board vote on Dec. 7.

The Bunker will be treating Vets to hotdogs, drinks on Veterans Day

The Bunker is a safe retreat

By GARY BÉGIN,
MANAGING EDITOR

WENATCHEE - Trent Mortensen, Veteran Navigator in the Chelan County Veteran Service Office, wants all veterans to know about a special Veterans Day tribute at The Bunker, aka NCW Vets Serving Vets, located at 1210 N. Wenatchee Ave.

“This Veterans Day we will set up a BBQ grill outside The Bunker in Wenatchee and starting around 11:30 a.m. any Veteran that wants to drive up and pass through we will give a hot dog and bottled water to thank them for their service. We hope to see everyone at The Bunker! We will go until the hotdogs run out!” Mortensen said.

The Bunker’s main area of support: Veteran camaraderie (coffee, games, conversation), assistance with the Veterans Affairs system. According to Mark

NCW Vets Serving Vets Secretary Mark Harle.

Harle, one of the founders 11 years ago and the current club secretary, “Due to the COVID-19 pandemic, we no longer give out food or clothing, but we are still here for any vet who may need someone to talk to, a hot cup of coffee or to just enjoy the camaraderie,” said Harle.

Harle is especially interested in attracting younger vets from Desert Storm (Gulf War), Iraq and Afghanistan conflicts to the

non-profit organization.

“All vets are welcomed here, you don’t have to be a Vietnam, Korea or WWII veteran to visit and chat, play board games or just enjoy the company of others,” Harle said.

“I understand most younger vets have families to support and so are busy with their jobs, but they always will have The Bunker as a safe retreat to relax, to unwind and to seek assistance with various Veterans Affairs programs. We specialize in referral services for whatever the need.”

Longtime volunteer Kathy Honeycutt said, “The Bunker represents the finest volunteers in Wenatchee. It is a safe haven for vets and they always give of their time. You won’t find a better group.”

Honeycutt is the daughter and granddaughter and former wife of veterans.

This organization does not have any restrictions on where a veteran may currently live, what branch they were in or what they did in the military, according to Harle.

Consequently, the Mayor of Chelan, Bob Goede, a Vietnam vet as well as many residents of Cashmere and Leavenworth frequent the club.

Because of the club’s non-profit status, Harle welcomes donations from private citizens, other non-governmental organizations (NGOs) as well as corporate sponsors.

For more information visit The Bunker at 1210 N. Wenatchee Ave. It is located in the same plaza as Little Caesar’s Pizza, across the street from Taco Bell.

Another veteran non-profit organization now forming will be leasing space from the city of Wenatchee, which has just signed a lease with the Frater-

classrooms at MOE and the Pre-School, I have been both impressed and appreciative of the commitment of both students and staff to practice the mitigation strategies and protocols that have been established. It is an absolute joy to see first-hand, students in classrooms engaging in learning with their teachers!

Phase-In Plan for In-Person Instruction

The Chief Medical Officer of the CDCH (Chelan Douglas Heath District) recently approved the return of our next cohort (grades 2-6) for in-person instruction on Nov. 9. Letters have been mailed out to parents assigning their student(s) to either the A.M. or P.M. Cohort groups. We will also be calling parents to inform them of specific pick-up and drop off times for their students. Middle School Principal Brian Wood will be hosting a Zoom meeting for 6th grade parents this Monday, Nov. 2, at 6 p.m. to provide health and safety expectations along with schedule information and daily routines. The zoom link will be emailed out

through Skyward. If you do not receive the link, email Mr. Wood at woodb@chelan-schools.org.

Initially, our phase in plan scheduled the return of grades 7-12 on Nov. 30. Based on the advisement of the CDHD, we will be delaying the return of this group. The earliest pos-

sible date for the 7-12 grade cohort is potentially the week of Dec. 7. This will be dependent upon how things go with our 2nd through 6th grade students. Needless to say, we will continue to work closely with our county health experts and lean into their guidance and expertise to determine when

students can safely return for in-person instruction.

Importance of community following Safety Guidelines

In order to continue phasing in our students for in-person learning, we need all of you to support the guidelines established by our health professionals. This is a heartfelt reminder

of steps we all need to take – as a community – to keep ourselves and others safe during this pandemic. As you consider interactions with friends, neighbors, and businesses throughout our community, as well as friends and relatives during the upcoming holidays, please continue to follow the advice of public health officials

and encourage your children and teens to do the same.

Get Your Flu Shot

Please consider getting a flu shot, this is highly recommended by health officials, especially this year. Mark Johnson, former Navy Doctor and current physician at Confluence Health in Wenatchee specializes in infectious disease.

LETTERS TO THE EDITOR

85 new homes planned for Chelan, area resident warns of safety issues

Greetings Granite Glen members,
I am sure you are all aware of the work going on by Sell- and Construction on the access road to the Lake Hills subdivision. The City of Chelan has approved the development of 85 lots pending final

approval from Chelan County of the approach permit to tie into North Bradley.
I am very concerned about the County approving that intersection without major improvements. A vehicle traveling uphill and stopping for downhill traffic before turning left into Lake Hills will never get going again on an icy road and will ‘spin out’ and create a huge hazard for anyone coming downhill. How many times have we all seen people get stuck on that

stretch as is?! How would a School bus get stopped to avoid an accident?
I encourage each and all of you to contact Doug England (or his replacement after today) to express your concerns as well as Eric Pierson, Director of the Public Works Department who will give the final approval of this permit.
If you have any questions of me, call 470-2002.

Jim Colbert, Chelan

Case counts on the rise again in Chelan, Douglas counties

Highest numbers in 20-39 age group

SUBMITTED BY CHELAN DOUGLAS HEALTH DISTRICT

EAST WENATCHEE – The COVID-19 case count for Chelan and Douglas counties this week climbed back to more than 200 cases per 100,000 people, a number the area has not seen since mid-September.

The current case count is at 240.4 cases per 100,000 people. In the last 14 days, the health district has reported 290 new cases of COVID-19 between the two counties and four new deaths related to COVID-19.

The last time the area was at over 200 cases per 100,000 people was during the week of Sept. 14.

The Washington State Department of Health last week warned that coronavirus activity was intensifying across the state, both on the western and eastern sides of the state. The increases seen locally mimic what is going on around the state, said Dr. Malcolm Butler, health officer for the Chelan-Douglas Health District.

“It is pretty clear now that here in Chelan and Douglas counties, we are rising up into our third wave,” Butler said. “From our data, we also can see that locally the 20 to 39 age group is the main group spreading the virus in our community.”

The health district reminds the community that it is more important than ever to not stray from masking, social distancing and other COVID-19 precautions.

“Responsible gathering will play a key factor in how our case numbers grow in the coming weeks,” Butler said. “Our hospital is not over-

burdened with COVID patients. Let’s work hard to keep it that way.”

The health district recommends wearing a mask around people you don’t live with (even close friends and family) and limiting the number, size and frequency of gatherings. Wash your hands frequently, get your flu shot and stay home if you’re sick.

If you do choose to gather with others, there are steps you can take to reduce risk. You can get tips for responsible gatherings and ideas for alternative celebrations at www.coronavirus.wa.gov/gatherings.

THE VIRUS AND OUR FREEDOM

It took years before paper took the place of papyrus,
How many years before we are free from the virus?

But there’s a lot we can do:
We can follow all the basic guidelines
And forsake all the attractive sidelines.
We can think as much about spreading it
As we do about getting it.
We can thank the hospital staff who treat

the sick night and day
And we can mourn with others for those who passed away.
We can resist giving in to its power
And trade good thoughts for those that are sour.

We can then look forward to the life that we knew.
Before the virus became a world-wide zoo.

Fall trout fishing stays hot even as weather cools

Winter fishing beginning on Black Friday, Nov. 27

SUBMITTED BY WASHINGTON DEPT. FISH & WILDLIFE

OLYMPIA – Summer may be over, but there are still plenty of reasons to get outside as the Washington Department of Fish and Wildlife (WDFW) is stocking lakes around the state with thousands of catchable-size trout this November.

“Fall trout fishing is a great way to get out with your family during the holiday season even as the days get shorter and temperatures drop,” said Steve

Caromile, inland fish program manager with WDFW. “We’re thankful to be able to offer fishing opportunity year-round through our trout stocking and hatchery programs.”

Some of the lakes planned for stocking in November include:

- Tye, Silver, and Ballinger lakes in Snohomish County
- Green and Beaver lakes in King County
- Kline Pond in Clark County
- Kress Lake in Cowlitz County
- Roses Lake in Chelan County
- Rowland Lake in Klickitat County
- Fort Borst Park Pond and South Lewis County Park Pond in Lewis County

- Spencer Lake in Mason County
- American and Tanwax lakes in Pierce County
- Campbell Lake in Skagit County

• Black, Long, Offut, and Ward lakes in Thurston County

These lakes join dozens of others around the state already stocked in October with tens of thousands of trout. A number of other lakes stocked this year also open for winter fishing beginning on Black Friday, Nov. 27.

Anglers 15 years and older must have a current Washington freshwater fishing license valid through March 31, 2021 to participate.

Licenses can be purchased by telephone at 1-866-246-9453, online at <https://fishhunt.dfw.wa.gov>, or at hundreds of license vendors across the state. Visit the WDFW website at <https://wdfw.wa.gov/licenses/dealers> to find a license vendor near you.

WDFW is the primary state agency tasked with preserving, protecting, and perpetuating fish, wildlife, and ecosystems, while providing sustainable fishing and hunting opportunities.

The black hole of refill requests

Q: My doctor's office won't refill my prescriptions over the phone. They always want me to contact my pharmacy instead. But when I went to pick up my refill yesterday, the pharmacy said it wasn't ready because they hadn't heard back from my doctor yet. But I requested it almost a week ago! When I called my doctor's office to complain, they said they'd already faxed the refill three days ago. My pharmacy insists they've never heard back from my doctor. Who's telling the truth?

These days, it's "don't call us, call your pharmacy" for any medication refills. You get caught in the middle when your pharmacy and doctor's office claim it's the OTHER party who's not responding. Trouble is, when you run out of medicine, it's now YOUR problem.

Doctor's offices want refill requests faxed directly from your pharmacy instead of from you for several reasons. First, a refill request from your pharmacy not only has the most current information

Ask... Dr. Louise

about your medicine but also WHICH pharmacy to send it to. Ever use more than one pharmacy? Many people do, and sending a refill to the wrong pharmacy is a sure way to keep your refill from being done on time.

Second, faxing a refill request to the doctor doesn't interrupt the nurse or doctor's work. When you call, they have to stop what they're doing to answer the phone, listen to you state your request, write it down or type it, then send it on to the doctor for review. It may not seem like very much time, maybe 2-3 minutes per call, but multiply that times the number of medicines many people take, and it adds up fast.

Finally, suppose you saw a cardiologist for a heart problem or were seen in the ER or an urgent care center recently. The refill you're requesting today may not be the same medicine, dose,

or directions as what your doctor currently has on file for you. As a pharmacist, I often see medications coming from 3 or more doctors on the list of prescriptions we fill for our customers.

In a perfect world, your pharmacy faxes the doctor's office with your requested medicine along with the date last filled and quantity you received. Your doctor reviews it, then responds with any changes or additional refill instructions. The nurse faxes this back to your pharmacy, who fills it, puts it aside for pickup, or mails it out to you. How does your pharmacy and doctor's office get into the blame game of, "We've already faxed it" or, "The doctor's office hasn't responded yet." What goes wrong?

Today's medical charts are electronic files inside a computer instead of stacks of colored folders. Electronic faxing is more convenient because it can be done directly from your electronic chart by just clicking a button. Years ago, refill requests were faxed back by walking up to a fax machine,

sticking a piece of paper into it, then entering the number of the fax machine you're sending it to. When you hit the SEND button, you'd get almost instant confirmation that your fax was transmitted successfully.

Today's electronic faxes go to a central holding area and then wait in line to be transmitted to their final destination. Electronic faxes show that you've successfully SENT the fax. Unfortunately, they cannot confirm that it ARRIVED successfully at its final destination. Sadly, electronic faxes go missing every day, sucked into some mysterious black hole in the universe, showing up days later or never arriving at all.

That's why there's finger-pointing between the pharmacy and your doctor's officer, each claiming, "We've already faxed it!" when you ask why your refill isn't ready. Here's how to avoid that:

Three Tips to Getting Your Medication Refilled in a Timely Manner:

1. Ask for a 90-day supply.

You'll need fewer refills, which means fewer chances to run out.

2. Call ahead of time.

Contact your pharmacy for a refill several days before you run out of medicine, so they have time to fax your doctor. If you deal with a mail-order pharmacy, allow at LEAST 1 week of lead time to enable additional mail delivery time.

3. Don't assume your refill is ready.

Call 1-2 days after requesting your refill to confirm your refill. If not, check to make sure they are faxing the correct doctor and ask them to re-fax. If a second fax is not responded to, call your doctor's office and explain your situation.

CHELAN-DOUGLAS
HEALTH DISTRICT

EAST WENATCHEE – Chelan-Douglas Health District (CDHD) reports an additional death from COVID-19. This brings the total number of deaths in Chelan County to 22, and seven (7) in Douglas County. The Chelan County resident was a female in her 70s. The Health District's total COVID-19 deaths is now 29.

The Washington State Department of Health constitutes a COVID-19 death as a death occurring among those who have a positive COVID-19 test who did not die in a homicide, suicide, or accident (with the exception of accidental deaths that explicitly list COVID-19 on the death certificate). The death certificate must also include COVID-19 or COVID-

like terms (such as respiratory distress, pneumonia, respiratory failure, hypoxia, viral illness, or Severe Acute Respiratory Syndrome (SARS - with no other strain specified) as a cause or contributing factor to the death.

CDHD would like to remind everyone of the importance of all public health precautions during the COVID-19 pandemic. Anyone can have COVID-19 and not know they are contagious. COVID-19 is easily spread to close contacts, friends, family and loved ones before a person knows they are unintentionally spreading the virus. Please do your part to prevent the spread of COVID-19, continue to mask-up, social distance and avoid group gatherings.

A novel by local writer
William E. Forhan.

Robert McCarthy is a middle-aged priest with a secret past. That past explodes into his current life threatening his marriage, the respect of his family and his parish ministry.

How he discloses the news of his college indiscretion twenty-three years earlier opens doors to powerful new relationships. Taking everyone involved on a journey that is a testimony to the power of Christian love and forgiveness.

On his journey of confession, McCarthy is forced to deal with issues of homosexuality, judgementalism, divorce, pride and the importance of marital commitment.

Through the depth of support from his own marriage McCarthy is moved to restore long ignored relationships.

The bonds of three families are healed and restored through celebrations of life including fishing, holiday gatherings, the discovery of unknown family connections and a wedding.
