City of Chelan announces council vacancy, deadline to apply Sept. 16

Dobbs moving to East Wenatchee

CHELAN - The City of Chelan has an upcoming vacancy for City Council Position No. 3 due to a change of residence of councilmember Ray Dobbs. Interested City residents are encouraged to apply. Eligibility requirements include: Resident (fulltime) within the city limits of Chelan for at least one year: Registered voter of at least 18 years of age with voting ability in the City of Chelan; Include city street address for verification.

To be considered, a letter of interest is requested stating your background and qualifications to fill this position. Please submit your letter to the address below by

Sept. 16 to: Peri Gallucci, City Clerk, City of Chelan, PO Box 1669, Chelan, WA 98816 or to: pgallucci@cityofchelan.us

At the August 25 City of Chelan City Council meeting Dobbs announced that he and his wife Kathryn were buying a house in East Wenatchee. His last day as a councilmember will be Sept. 25. Dobs has served on the council since January 2016 and was reelected last fall. He terms expires Dec. 31, 2023.

Labo<u>r Day in the valley</u> The Lake Chelan Valley

was filled to the brim with visitors over the Labor Day holiday weekend. Parks were full and ready just in time for the holiday weekend were streateries in downtown Chelan at Layla's, Stormy Mountain **Brewing & Public Housing** and Marcela's. Monday morning the skies were filled with smoke from the **Cold Springs Canyon Pearl** Hill Fire in Okanogan and Douglas counties, and from the Apple Acres Fire in Chelan. Areas from Apples Acres, Antoine Creek to Union Valley were on Level 2 and 3 evacuation notices. We will post information on our website and Facebook as it becomes available.

on our society are likely By BILL FORHAN, PUBLISHER Last week a young man sent me a study he had conducted on the impact

of remote learning on high school students. This voung man is a sophomore at Highlands Ranch High School in Colorado. He was previously in the Puyallup School District here in Washington.

Zariyat Hossain, used the power of the Internet to survey high school students on how "high schoolers' lives have been impacted by COVID-19." He conducted surveys using social media platforms popular with high school students: Instagram, Snapchat, Discord and Reddit. His survey drew responses from 352 respondents in a week. Some of the aspects of life he measured were. physical activity, screen time, academics, summer plans and emotional status before and after the quar-

antine. His findings were as fol-

- lows: • Not surprisingly, high schoolers' screen times had increased 50. 8 percent
- · While screen time increased, time spent on academics decreased
- Time spent on physical
- activity decreased Overall emotional state
- was negatively impacted • 56 percent of students said remote learning had a
- negative affect • 67 percent said the quarantine had a negative effect on their summer plans
- 46 percent said increased screen time had a negative affect
- Overall 63 percent of respondents said the quarantine had a negative affect The long-term impacts

to put an entire generation of young people at a disadvantage. Shutting down schools and moving to virtual learning is not a good alternative.

Many people have begun to question the wisdom of shutting down the economy and closing schools in response to the global pandemic known as COVID-19.

When this all began, no one really knew how to treat it or what the impact would be. Given the uncertainties it seemed that it was wise to mandate the drastic steps taken to limit, if not reduce the impacts of this disease.

Much has changed since March, when panic overtook reason. Four months back conservative commentator Dennis Prager said, "It is panic and hysteria, not the coronavirus, that created this catastrophe." The catastrophe he was writing about is the collapse of the economy. The destruction of small business and the shuttering of schools. Prager's words appear to be prophetic.

Last week we looked at the real impact of the disease on the population in total. What is obvious is the early projections of overwhelming the health care system have never materialized. In Seattle, the US Army's emergency hospital, set up in Century Link Field, shut down after 30 days without treating even one patient. At the time Governor Inslee said, "Don't let this decision give you the impression that we are out of the woods."

Now Governor Inslee's continued efforts to keep the economy and the schools shut down has

Zariyat Hossain is high school Sophomore at Highlands Ranch High School located in Colorado. He has participated in many clubs such as, Ski Club, Soccer Club, Intermural Basketball, and Intermural Volleyball. Zariyat has been a part of athletic teams ranging from Summer Basketball to High school soccer to club soccer. He has interned at M2 Traffic Management LLC, a data analysis and analytics company. Zariyat was elected as a member of student government for senate to help make decisions for the school. During Zariyat's freshman year,

become far more political than preventative. It is also far more damaging to the rural portions of the state than it is to the metropolitan areas. In his most recent column on the issue, Prager says there is no leader more dangerous than, "a fool with unlimited power."

Inslee's iron grip on the states emergency powers act is beginning to make him look like a fool. He has continually refused to call the legislature into session

over the issue. Newspapers across the country are reporting on the high failure rates of small businesses. The Chicago Tribune, recently reported that many small business closures will never get reported because they have no debt and so will not file for bankruptcy. They simply cancel their utilities and shut down.

Rural communities in Washington state are disproportionally hit by Inslee's COVID reopening phase system. As a result, it will take years for those local economies to recover.

he was nominated for the national leadership forum of medicine. As he goes into the rest of his education, he plans to be a physician.

More significantly, closing our schools puts our young people at risk emotionally as well as educationally. Parents are not professional educators. And like many of these programs, the negative impacts are hardest on the poor.

In a survey done by the Cashmere School District this summer 70 percent of parents wanted their children back in the classroom. The School District is prohibited from reopening by the Chelan County Health District until the incidence of infection drops below 75 cases per thousand. A goal that is unattainable with the sparse population in the health district.

As I reported last week, the statistical measures fanning this dictatorial firestorm are fundamentally flawed. The decision is not based on mortality rates or even hospitalizations but on the number of people who have tested positive. Many of these cases are known to be asymptomatic.

Manson Bay Market

LETTERS TO THE EDITOR

Dear North Central Washington Community

SUBMITTED BY Andrew Canning Director | Marketing & Communications Public Information Officer Confluence Health

As of early September, we have gone through a peak of disease in April and early May, a reduction in late May and June, and a second increase in July and August.

Many businesses were closed in April and May then reopened. Some, including our schools, have continued to remain closed due to an increased risk of transmission of COVID-19 in those businesses, and due to requirements to follow the state proclamations. This has led to significant daily life disruptions for many of us, as well as significant economic and emotional pain that will not go away easily.

From a community/regional health perspective, North Central Washington in mid-August had the highest rate of COVID-19 cases per 100,000 population in the state. These patients were of all ethnicities, and social economic backgrounds, employed by multiple employers and industries, but tended to be of younger age than those afflicted in April. The number of individuals affected in Chelan, Douglas, Okanogan, and Grant Counties all reached peaks of more than 400 per 100,000 population in 2 weeks. Hospitalizations at Central Washington Hospital (where most patients requiring hospital care for COVID-19 in this

area were hospitalized) reached a peak of 28, with 12 of those in the ICU requiring ventilator therapy. As appropriate, these patients have been treated with Remdesivir, Dexamethasone, or antibody rich plasma following current recommended national recommendations or study trials.

Unfortunately, some patients have not survived and to date, 11 residents of Chelan County have died due to COVID-19, 15 in Grant County, 7 in Douglas County, and 9 in Okanogan County. Their ages have ranged from 50-90.

In the last couple of weeks, things are looking much more hopeful. The number of symptomatic individuals tested per day in the region is decreasing. The percentage of positive tests has decreased to 10% from a peak of over 15%. Hospital census has also decreased.

Currently at Central Washington Hospital, there are 6 patients with COVID-19 in the ICU, and a total of 15 patients hospitalized. At Samaritan Hospital in Moses Lake there are currently a total of 4 patients with COVID-19. The number of cases per 100,000 population in the last 7 days has decreased to 238 in Grant County, 117 in Douglas County, 144 in Chelan County, and 45 in Okanogan County.

What has caused this improvement given in total only 2% of our region's population have been confirmed positive? We know

the number of infections that have occurred is likely higher than this as testing does show that perhaps 40% of individuals infected are asymptomatic and not all those with symptoms get tested, but in total, it is hard to believe that more than 6% of the population has been infected.

The infection rate reduction we are currently seeing is likely due to several things:

1. Masking has helped. National data suggests a 90% risk reduction of an infected individual spreading it to others if they wear a mask, and wearing a mask reduces an individual's risk of getting infected if near an infected individual by about 20%. The use of masks has been very high in places of employment, businesses, and stores, but unfortunately, much less in parks and gatherings of friends and family.

2. Congregate living and working facilities (longterm care, assisted living, adult family homes. agricultural processing facilities) have worked very hard to minimize exposure risks in those facilities.

3. People infected have for the most part stayed isolated for the necessary 10 days, reducing the risk of them potentially infecting others.

Much progress has been made and if this continues. there is a real potential to open businesses currently closed and resume in person education. We are not there yet according to the medical epidemiologic evidence and state guidelines but are closer than we were a few weeks ago.

What can we all do to help this region get there?

1. Continue to wear a mask, whenever you are outside your household in a place where you cannot assure you will be able to stay at least six feet from other people.

2. Continue to use good hand hygiene. Wash your hands regularly, or if you cannot use hand sanitizer.

3. Continue to socially distance from others outside your own household members. Given the number of asymptomatic cases, do not trust that you or other non-household family members, or friends are not infected. The risk of get-togethers is clearly higher indoors, but it is not zero when you meet outside.

4. If you become ill with symptoms consistent with COVID-19, please get tested promptly and stay away from others (isolate yourself) until you get the test

5. If you test positive, please stay away from others for 10 days or 24 hours after your last fever, whichever is longer. If you are feeling ill, especially short of breath or not able to eat or drink adequately, please seek medical attention. Please, for the ten days after you develop symptoms or test positive, do not go to work. The federal CARES act does provide 2 weeks of unemployment pay for many people with vacation time does not have to be used if you are off work ill with COVID-19.

6. If you test positive, please let those you have been close to (distance less than 6 feet for more than 15 minutes) in the last 5 to 7 days know and encourage them to get tested even if they have no symptoms. The best time for testing is about 4-5 days after the time of exposure.

These individual efforts respect all of us as community members and are relatively small, personal contributions or sacrifices, leading to a large community benefit where hopefully soon, we can get back to a more "normal" life and stay there. In our own ways, each of us is trying to make sense of this unprecedented situation. It is certainly fluid, unfortunately uncertain and unfair, and not affecting everyone to the same extent.

We should all really appreciate the ingenuity shown by many businesses that have allowed them to continue to safely provide their needed services, and the sacrifices and risks taken by those individuals providing healthcare services to those with COVID-19, while trying to maintain all of the usual necessary health care services that keep us as a region with good health and quality of life.

The last few weeks have given us many reasons for hope. Learning and working in the midst of a pandemic such as this is a new first for all of us. What

we are doing and need to continue to do together has never been done before. As we proceed, let us stay vigilant and not fall into a trap of complacency. We are getting through this and we will come out better and stronger in the end together.

Thank you for your continued cooperation in all that you do to make our communities a great place to live.

What COVID does in our region is in our local control. It is up to us, not to the virus.

9-10 a.m. Distribution will continue to be drive-thru. The Lake Chelan Food Bank is located at 417 S. Bradley Street. They can use pet food, and fresh fruits and vegetables. See page 4 on where you can donate these items.

Tender Loving Care now offering 'in-person' visits CHELAN/MANSON-TLC is now offering "in-person" visits to clients: After four tual visits (phone calls, texts, cards, delivery of groceries/ mail), TLC volunteers are being trained to allow them to again offer "in person" visits with their clients according to established Safe Start and CDC Guidelines.

Since August 2017, Tender Loving Care, an Affiliate of Chelan Valley Hope, has provided services to help seniors live comfortably in their own homes: companionship, connection to other community services, support for caregivers and transportation for medical appointments and shopping. This is a volunteer organization that aligns your loved one with a friendly presence, all carried out under the Safe Start parameters of our Governor and CDC guide lines during this COVID-19

COVID-19, so sick leave or

TLC is actively seeking seniors who would like the friendship and support of a TLC volunteer. Please call Claudia Swenson at 360-561-6090 or Kathy Miller

at 509-470-2843, for more information.

Chelan Valley Hope is open and serving individuals and families

CHELAN - Effective Auust 1 Chelan Valley Hope moved from telephonic client support to resuming in-person client appointments. While the weather permits, in-person time with clients occur outside in a confidential setting and with adherence to current

Health District requirements for COVID-19. Their Team is here on Mondays and Wednesdays from 9 a.m. to 3 p.m., and they check voicemails regularly throughout the week. Chelan Valley Hope is here to answer questions or assist with rent assistance, utility assistance, eviction issues, food and non-food needs, transportation, lowincome housing resources, and homelessness. Spanish interpreters are available. They are located at 417 South Bradley Street and can be reached at 509-888-2114 or info@chelanvalleyhope.org. Please visit their website for more information on our programs and services at www.chelanval-

leyhope.org **Rent Assistance**

Chelan Valley Hope is currently bringing awareness to those needing 'Rent Assistance'. Through Federal CARES Act funding to Washington State, an **Eviction Rent Assistance** Program is now available to those in need across several Washington State Counties. This includes Chelan-Douglas Counties and their local partner Community Action Council is the agency administering this program. To learn more, or find out if you qualify, please contact Community Action Council at 509-662-6156 (Spanish interpreter available). They are located at 620 Lewis Street in Wenatchee, however, the application can be completed over the phone. If you, or you know someone who is behind in their rent and need assistance please contact them for this short term program that ends December 31st 2020.

OBITUARIES

Alice June (Griffith) Hanson

Adored resident of Chelan, Washington, Alice June (Griffith) Hanson passed away peacefully on August 31, 2020. She was born June 3, 1939, the youngest of Walt and Dorthy Griffith. She grew up on Griffith Hill in Manson, playing alongside her siblings and many cousins. She graduated from Manson High School, and then she attended Kinman

Business College.

Alice met the love of her life, Elton and they would marry on Decem-

ber 26,1957, and celebrate many joyful years together. During these joyful years, they would welcome two baby boys to make their loving family four. Alice was privileged to have the opportunity to raise her children at home while Elton taught at Lacrosse and Federal Way. In 1969, Elton, Alice, and

their two boys moved back to Chelan and began their new adventure of starting Hanson Electric. When the boys graduated high school, Alice started working at Shirt Shop Plus. She would dedicate 30 years to the community of Chelan

Harley was born in Woodson, Arkansas on December 26, 1931 to William and Armada King; he was second to the youngest of 10 children. Harley graduated from Leavenworth High School in Washington in 1949 and joined the Navy where he got his start in the electronics field. Earning a scholarship to University of Washington, and working full-time through school, Harley graduated with a bachelor's degree in business administration

Harley's diversified ca-

behind the counter, greeting her regular customers and the many tourists that stopped by for a piece of Chelan memorabilia.

When Alice was not creating magic at Shirt Shop Plus, she enjoyed countless hours playing on the lake with Elton and family, growing a garden large enough to feed the valley, and playing bridge with the ladies.

After Elton had passed, Alice moved to the house on Lake Street, where she was surrounded by love from her welcoming neighbors. These neighbors continued to be a

reer covered electronic manufacturing, long haul truck driving, custom home building, and commercial/ industrial construction.

Harley loved his eight years in St Lucia, West Indies where he ran an electronic manufacturing plant, was integral in island politics and economic development, and made lifelong friends in a loving church community.

After retirement, Harlev and his wife Lanora traveled the continent in an RV spending time with family and making many

support system.

Her survivors include children Rick and Robin Hanson of Chelan, Washington, and Renn and Angela Hanson of Edmonds, Washington; her grandchildren: Erika, Breanne, and Bobby; her cat, CeCe and her fur-grandchild Callie; her sisters Helen Cool of Chelan, Washington, Milly Southwick, Chelan, Washington, Luella Rushing, Republic, Washington; her sister-inlaw Shirley Smith Benton City, Washington; and many nieces and neph-

OBITUARY & MEMORIAL POLICIES

NCW MEDIA, INC.

An **obituary** is a way for family member(s) to commemorate a loved one's life and to notify the larger community of the deceased. Obituaries are also used for historical and ancestral data.

Memorials are another way of letting the community know about the life and memories of the person who has died. A Memorial is different from an obituary. An obituary is usually current while a memorial can be written later.

Obituaries and memorials need to be typed and emailed no later than Friday by 4:00 p.m. to be placed in the next available issue(s). Please call for cost of an obituary and which NCW paper(s) that it will be placed in to.

Cost of the obituary/ memorial is due at the time of placement. Funeral homes and chapels can submit obituaries by Noon on Monday, unless a holiday.

Obituaries are priced per word while Memorial ads are per column-inch.

FFA and 4-H students there are two Chelan County Fair, the Virtual who raised lambs, goats, cattle, or pigs are able to sell through the fair this year as either an FFA (generally 9-12 graders) or 4-H member (students generally in grades 3-8, or 9-12 if not showing as an FFA member). The Lake Chelan and Manson School Districts have students who will be selling animals through the virtual livestock auctions.

If you would like to help out any or all of these Chelan and Manson students, main options to help sup-

port kids: Option A) Buying:

Since this year is all virtual, students will be selling their animals for a set price, rather than per pound as is the norm at a fair. This means if you buy a student's pig for \$800, that is what you are paying, whether the pig weighs 235 or 285 pounds. Upon purchase, you will choose what happens to the

Chelan County Fair Virtual Livestock auction Sept. 14-17 Auction will be September 14-17. take home, Auction does not show yet, (will go live Sept. 14) link will be https:// processor, soldbybestbid.hibid.com/ etc.). Feel free For more information: to ask any chelancountyfair.com

questions you might have, since this process is a bit

more complicated. Option B) Add-ons. For those new to fairs and their auctions, an add-on is like a tip you would give to a waiter at a restaurant. The nice thing is you can add-on as much as you would like to as many students as you

Neighbors. Family. Friends.
