Singleton Park to get new playground equipment

SUBMITTED BY ROBIN PITTMAN, MANSON PARKS DEPARTMENT

MANSON - Singleton Park, located at the corner of Madeline and Hyacinth in Manson, is a hub for sports and play in the Lake Chelan Valley. Its ball fields are frequented throughout the year by athletes playing baseball and soccer, and children playing at the playground. While the fields have seen some upgrades, the playground is over 30 years old and safety concerns have become the driving force for some much-needed changes. After receiving a near-failing safety inspection just over a year ago, the Park District began brainstorming. The options quickly became clear- remove the playground entirely or replace it.

Play is crucial to a child's development; it helps with balance, strength, hand-eye coordination, problem-solving, social skills, learning and cognitive skills, as well as emotional and mental well-

being. Simply put, play is the building block of strong people and a strong community. That being said, removing Singleton's playground was not an option.

As the research began and progressed, the project transformed from a basic need to replace the play equipment. Quickly it grew into a desire to provide our community's families not only with a place to play, but a place where people of all abilities can play side-by-side... an inclusive playground... a place of wonder! That's when the community spirit really took over.

After receiving conceptual designs from various playground equipment manufacturers, a committee was formed to help with equipment selection. Committee members include Alicia Alexander, Rob Campbell, Johnny Morfin, Brian Patterson, Robin Pittman, Taylor Quigley, Ben Riippi, Bill Sharkey, Adelina

The total for the equipment came to \$133,326.20

Santa's Stars brighten Christmas

Courtesy Chelan Fire & Rescue

The Santa's Stars program hosted by the Chelan County Sheriff's department made Christmas brighter for children from Chelan, Entiat and Manson, by giving them the opportunity to shop for Christmas gifts for themselves and their families on Dec. 10 at WalMart in Chelan. The event started off with Chelan County Fire District 7 cooking up a pancake breakfast. The kids then be teamed up with an Law Enforcement, Firefighter or EMT and embarked on their shopping adventure. Sheiff's deputies also helped each family with groceries, to ensure they have a warm Christmas dinner. Above the children, along with sheriff deputies, firemen and EMT's gathered for a photo, along the Sparky the Chelan Fire & Rescue mascot, before heading to WalMart to shop for Christmas gifts.

LETTER TO THE EDITOR

\$550,000 wow!

It would appear to me that if the Manson School District has \$550,000 to spend on a partnership with the Manson Parks Department to purchase the Leffler prop-

erty, the district is collecting way to much money from the property owner's within the district. You can bet the district did not deplete their account in order to do this.

I personally am on a fixed income, and paying my Prop-

erty Tax Liability does increase every year along with everything else. However my fixed income does not even come close to keeping up with the outgoing. The amount of taxes I pay just to the State, and Local school's

is over one half of my total Tax Liability each year, and has been for quite awhile.

I would suggest that the voter's within the Manson School District take a good hard look, and put a lot of thought into the way they

vote the next time the school district puts forth a Bond or a Levy for us to vote on.

Respectfully,
Brian Strausbaugh
Manson property owner

One Solitary Life

He was born in an obscure village.

He worked in a carpenter shop until he was thirty. He then became an itinerant preacher.

Nineteen centuries have come and gone and today he is the central figure of the human race.

All the armies that ever marched and all the navies that ever sailed, all the parliaments that ever sat and all the kings that ever reigned, have not affected the life of man on this earth as much as that One Solitary Life.

Sandra Dee 'Irish' Sinclair

Sandra Dee "Irish" Sinclair, age 82 of East Wenatchee, Wash. passed peacefully on Dec. 14, 2019, surrounded by loved ones and prayer.

Born June 16th, 1937 in Kellogg, Idaho. Sandra was the first of three children to Peg and Irving Irish. Her brother Dennis Irish and sister Delora MacPhee are holding her in their hearts.

Sandra leaves behind two daughters, Cindy "Page" Daniels and Wendy "Page" Russ, Her loving husband Gordon Sinclair of 42 years and his children Scott, Sheri and Skip Sinclair.

Her blended family legacy boasts 6 grandchildren, 10 great-grandchildren and 1 great-great-granddaughter.

Graduating from the University of Idaho while raising her two young daughters, Sandra taught Home Ec. Art and Health at Sterling Jr. High in East Wenatchee. Some of her students have recently

remembered her as adored, lovely, pint sized warrior, and awesome! Fond memories and life skills have stayed with many.

Devoted to faith in the Catholic Church, SanDee was thankful to God in her daily life. She and husband Gordon would always seek out Mass in the midst of their travels including Canada, Hawaii, Tai Wan, Mexico, and Washington D.C. Northwest trips in the motorhome were often joined by grandchildren and beloved bengal cats Jungle Boy and Sunset.

Upon retiring from teaching, SanDee opened a personalized embroidery shop on Wenatchee Avenue where she supplied custom patches, tee shirts and more.

Upon closing the shop and moving to the Butte overlooking beautiful Lake Chelan, SanDee enjoyed oil painting as hobby and making crafts for shows. Many good times were spent on the deck with the view of the lake and it's surroundings. The sunsets were surreal, the fireworks, boats and activities, a bonus. Always feeding birds

and bunnies and inviting nature into the yard, the blessings were abundant to many.

Just a few months ago SanDee and Gordon, together with Katrina their cat, moved off the Butte of Chelan to East Wenatchee and became comfortable in their new home community at Bonaventure.

A family memorial will take place at a later date. To share your condolences, prayers and memories, please visit <https://www.jonesjonesbetts.com> under "obituaries" you can pay tribute to Sandra Dee Sinclair.

Velasco, and Maria Zaragoza. Their goal was to review the proposed playground designs, make changes based on community need, and make a final recommendation to the Manson Parks Board of Commissioners. On Thursday, December 12, at the Manson Parks regular monthly Board meeting, Commissioners unanimously approved purchase of the proposed Burke playground equipment. The playground will feature a large structure designed for kids ages 5 to 12, a separate large structure for kids ages 2 to 5, a "Rev8" spinner, "Orb Rocker", swing set, and several other items. The total for the equipment

came to \$133,326.20. Funding for the equipment was made possible by the following sponsors. Thank you to:

- Burke Move With Us Grant
- Lake Chelan Rotary
- Community Foundation of North Central Washington
- Lake Chelan Community Services Council
- Chelan-Douglas Developmental Disabilities Program
- Walmart

The next step in the process includes selection of the ground surfacing material, which is a vital piece of the

equation. It will likely be a combination of Engineered wood fiber (wood chips), and a soft composite rubber material called pour-in-place. Both meet the requirements for wheelchair accessibility and fall cushioning, as well as providing a tactile element to satisfy sensory needs. A concrete border and benches will be installed around the playground. Engineered wood fiber is expected to cost as much as \$25,000, and the areas of pour-in-place could come in at \$60,000. Supervised installation, where the manufacturer provides a trained specialist to lead community volunteers during the course of installation, is expected to be \$12,000. Cost of the concrete border, benches, and ground work are yet to be determined.

Community support for this project has been incredible,

but there are still opportunities to help.

Through December 31, visit www.givencw.org to donate through CFNCW's Give NCW campaign.

After that, checks can be mailed to Manson Parks, PO

Box 590, Manson WA 98831. Cash and credit card donations can also be accepted at our office on 142 Pedoi Street in Manson. Volunteers will be needed for installation of the new equipment, ground work, and tear-down of the existing

equipment. If you'd like to be a part of the fun, contact our office by calling 509-687-9635, or emailing robin@mansonparks.com.

Installation of the equipment will begin in the spring, weather permitting.

SNOW
The best thing to build in the snow is an igloo or a snowman. But I think an igloo would be more fun because it can keep you warm. But it is also technically a house. A snowman is just something to look at.

ELF
If I was an elf and I could build any toy, it would be a car that is black and it could drive fast. It can always stay clean when you drive through mud. It can also blow fire in the back of the car. It has a little TV in the back so you can see TV in the car. You could put music too.

My Favorite Reindeer
My favorite reindeer is Rudolf because he leads the rest of the reindeer. He has a red light on the tip of his nose and he is just a cute little guy. Rudolf is cute with his nose. That's why I love Rudolf.

Gingerbread House!
In My opinion living in a Gingerbread House wouldn't be that bad. First of all it's your hungry and didn't have any food you could just take something off your house and even save a lot of money instead of wasting it all. One bad thing about a Gingerbread House is that if the Gingerbread House gets wet it's going to be soggy and it could fall apart and crush you. But in the other hand it's all pretty neat to live in a Gingerbread House.

The Gingerbread house
If I was a Gingerbread man I will make a gingerbread house because I'm small as can be. So if I lived in a real house I will be eaten by someone by now. So my gingerbread house look's like it has marshmallows as a fence and m&ms as Christmas lights and frosting as snow. Graham cookies for the walls candy canes for decoration.

Gingerbread House
What would it be like to live in a gingerbread house? It would be hard because I imagine being surrounded by gingerbread. It would be hard not to eat all of it. The house would probably collapse because it is graham crackers and it does not have the best support. If you just ate a little bit it would take more material and that would cost money. I don't think it would be fun to live in a gingerbread house after all.

"Anytime you can go on the road in our league and steal win, it's a good thing. Cascade came out ready to play and we got completely out worked in the first half. I was proud of how our guys made adjustments defensively in the second half and we played a lot better on both sides of the ball. Cascade is well coached and play great team defense, we're happy to get this win tonight," said Coach Pearl.

"We didn't do a very good job in the first half being aggressive on either side of the ball. I thought we settled for too many outside shots which didn't put any pressure on them to guard us. Second half we picked up some momentum and attacked the rim aggressively. We shot 14% from beyond the arc for the game, yet we were right there in the end. The difference tonight was not keeping our composure when the game got tight and getting out rebounded," said Coach Pearl.

Chelan Lady Goats traveled to Leavenworth to battle the Kodiaks on the hardwood Tuesday night (Dec. 17). Cascade came ready to play and were well prepared for the defensive pressure of the Goats. Both teams struggled in the first quarter with turnovers and ended with an 8-8 tie.

Ashley Sams took over in the second quarter by scoring 11 points and making her second three point shot of the season. The Goats went into halftime leading 28-19.

The 3rd quarter each team only scored 8 points again, ending the quarter 36-27. Ashley Sams and Booh Huddleston sealed the game in the 4th quarter with Huddleston scoring 9 points and Sams 6. Final score was 51-44. Sams finished the night with 24 points, 12 rebounds, and 5 steals.

turnovers. After one quarter of play the score was 11-2. Brewster was able to move the ball around better in the 2nd quarter against our pressure and scored 8 points. The Lady Goats limited Brewster to only 3 field goals in the first half.

Chelan switched up defense in the 3rd quarter and were able to get multiple steals and convert those to baskets. The Lady Goats scored 32 points in that quarter off 15 baskets. At the end of the 3rd quarter the score was 55-16. The final score was 66-26.

Chelan played great pressure defense all night and worked the ball around on offense. Three players scored in double figures with Matea Ivory and Ashley Sams leading the way with 12 each. Aliyah Finch was the other double figures with 11.

The Lady Goats are back on the hardwood Dec. 27 to start our annual Holiday Tournament. Nooksack Valley, Life Christian, and Eastside Prep come to town as part of the Holiday Tournament. Nooksack Valley is a very talented team that competes in the Northwest Conference. We are excited to have a chance to play them. Please come out and enjoy a couple days of basketball and help support the Lady Goats. The girls are playing some great basketball and are sure to impress you with their grit and tenacity.
