Business owners, Museum reps speak out on 5G cell towers

Meeting draws in crowd

By DIANA PIÑON STAFF WRITER

CHELAN - The long awaited public meeting on 5G cell towers took form on July 24 evening at the Chelan High School Performing Arts Center (PAC) - more than two dozen participated in the discussion, shared their concerns, stories and had their questions answered.

As an initiative to educate Chelan residents on the negative impacts of 5G, community member Brogan Kelly organized the first of many public meetings regarding the concerning topic.

The cell towers on top of the Chelan Museum were updated by T-Mobile last June to have 5G capabilities. "T-Mobile is a renter, they rent the square footage of our roof," said Jane Lloyd representing the Museum board. Lloyd explained that T-Mobile is under

a five year contract with the Museum and that they have been a renter since 2006. Lloyd mentioned that the Museum doesn't have control over 5G

and concerns should be made directly to T-Mobile. However, she said that Board members

Donnell named interim fire chief for Chelan

SUBMITTED BY CHELAN FIRE
& RESCUE COMMISSIONER
RUSS JONES

CHELAN - Fire Chief Tim Lemon has moved his last day with Chelan Fire and Rescue up to July 31, 2019 with approval of the Board of Fire Commissioners. Chief Lemon has been selected to be the next Fire Chief of North Whidbey Fire and Rescue and is expected to take-up his new position in early August.

Chelan Fire and Rescue is in its final negotiation with Deputy Chief Mark Donnell to take over as the Interim Fire Chief for Chelan Fire and Rescue in August with the expectation that he will be named Chief on January 1, 2020

Commissioner Jones stated this is right in line with Chelan Fire and Rescue's succession plan that was put in place back in 2016. It provides for its members to move up and will vacate one Chief Officer position which will provide a cost saving to the fire district. In 2018 Assistant Chief Asher was hired through a FEMA grant as the Chief of Volunteer Services for four years ending in 2021. Chief Lemon was expected to retire within these four years providing funding for the ongoing employment of Assistant Chief Asher after the grant runs out. With Chief Lemon's early departure, the fire district will see a cost saving in wages and benefits over the next two year period before those revenues are used to retain Assistant Chief Asher.

Commissioner Jones added that Chief Lemon's experience and leadership has been a tremendous asset to the community and he will be sorely missed.

LCCHC CEO hunt continues, new hospital update given

By DIANA PIÑON STAFF WRITER

CHELAN - As Lake Chelan Community Hospital and Clinics Board Chair Phyllis Gleasman described the month of July as having a busy one for the Commissioners, from Chief Operating Officer (CEO) interviews to Board retreat; they have done it all.

In terms of CEO recruitment, Gleasman informed the full room of attendees that she and Commissioner Mary Murphy have been reviewing and screening incoming CEO applications to make sure they fit the criteria the board established. So far, the Board has conducted six video interviews and three candidates will be in town for an onsite interview. During the onsite interview the executive team, staff leaders and physicians will have a chance to meet with the candidate before the board. "We have quality candidates coming in, it's going to be very tough to come

up with a CEO," described Gleasman. The candidates will be in town for a day and a half.

During the Board Retreat on July 15-16, Chief Quality Officer (CQO) Courtney Wallace presented how to set goals around patients. Gleasman stated that the six pillars that present the hospital goals will be worked on to be aligned with the patients. Overall, the retreat had great participation from the medical staff and the executive administration.

The board received updates on the rural hospital health care industry and heard legislative updates from Rep. Mike Steele. "There was a lot of really good discussion ... what was very important to me was, one, our continued focus on quality, and the other piece is helping our community understand the challenges rural hospitals are facing and how we are strengthen-

City approves Community Centers within Single family zone

By DIANA PIÑON STAFF WRITER

CHELAN - In the previous Chelan City Council regular meeting on July 23, the council approved a zoning code text amendment to allow Community Center within single family zoning under a conditional use permit after conducting a public hearing in which both, for and against, testimonies were heard.

The application for the zoning change was submit-

ted in October of last year by the Seven Acres Foundation - whose goal is to build a Community Center on Anderson Road. Ben Williams chairperson of the Seven Acres Foundation Board mentioned that the organization's soul purpose is to create opportunities in the community. "Right now we have 9 acres, we got a donor who has pledged to build a pool, I got state legislature money. We hope to do a community center with about

2,700 square feet for the gym," explained Williams.

The Foundation's attorney said that the Foundation has had a number of talks with City staff and has attended Planning Commission meetings. There the Foundation has answered all the question from the Commission and it is their recommendation to move forward with the text amendment.

Evie Hirschberger spoke against community centers in single family neighborhoods.

"Single family residences should not be impacted by allowing community centers to build 40 feet high. Views are not the only thing that is being lost, but also privacy on one's own property. With all the changes to the city's municipal codes and zoning lately it appears that Single Family Residential neighborhoods are becoming extinct in Chelan," Hirschberger said.

After discussion, the council unanimously approved

the text amendment, Councilmember Ty Witt recused himself since he sits on the Seven Acres Board.

Some of the changes that fall under the conditional use permit include:

- Minimum Lot Area or parcel Size: 2.5 acre
- Setbacks:
- Front yard 25 feet
- Side yard 15 feet
- Rear yard 25 feet
- A minimum open space:

Two Visual Arts Scholarships awarded by Lake Chelan Arts Council

SUBMITTED BY LAKE CHELAN
ARTS COUNCIL

CHELAN - The Lake Chelan Arts Council is pleased to announce the recipients of the Council's new Visual Arts Scholarship. The 2019 recipients are Sarah Brownfield and Sierra Rothlisberger, both graduates of Chelan High School. A \$1,000.00 scholarship will be awarded to each, to be made payable to the college each student has chosen to attend, starting in September 2019.

Six students turned in applications for the scholarship. Each showed a high level of academic and community involvement, as well as impressive artistic ability. Ms. Brownfield and Ms. Rothlisberger demonstrated,

to an exceptional degree, their desire to continue, in college, their study and pursuit of the arts.

Ms. Brownfield will be attending Western Washington University and Ms. Rothlisberger will be attending Washington State University.

The Lake Chelan Arts Council asks the Chelan Valley community to join with us in congratulating Ms. Sarah Brownfield and Ms. Sierra Rothlisberger for their achievement.

The Lake Chelan Arts Council is a non-profit 501(c)(3). Funding for the Visual Arts Scholarships and other Council projects are made possible thru the support of the Chelan Valley community.

Going batty? A message from Animal Care & Control about bats

SUBMITTED BY DAWN DAVIES
EXECUTIVE DIRECTOR,
WENATCHEE VALLEY
HUMANE SOCIETY

If you're wondering whether bats are dangerous to humans or pets, you should know that the short answer to that question is "not if they are left alone." Contrary to popular belief, bats are not blind. In fact they can see almost as well as humans. However, at night, their ears are more important than their eyes — they use a special sonar system called 'echolocation,' meaning they find things using echoes. Because of this, bats have evolved into nocturnal (active at night) mammals. During the day, bats are typically roosting in trees, rock, caves and buildings. They prefer to avoid natural light. If you see a bat during the day, it is best to leave it alone and

let it snooze. At dusk, it will fly out to hunt for food which consists of insects such as beetles, moths and mosquitoes - which actually makes them our friends! A bat can eat up to 12,000 mosquitos in one hour

While it is true that most cases of rabies being transmitted are due to bats, a low percentage of bats actually carry rabies. Each summer, Animal Care and Control (ACC) receives many phone calls about bats. Typically, these calls are referred to the Health Department to determine if the bat should be left alone or captured and tested. If the bat needs to be captured, the Health Department will request ACC catch it. Less than 10% of captured bats test positive for rabies.

People who are unvaccinated for rabies and untrained to handle bats

should refrain from doing so. If you find an injured bat, do not attempt to help the animal yourself or touch it in any way. If the bat is in your house, close off that room and call the Health Department.

To help Washington pets and people stay healthy, state law requires all dogs, cats and ferrets, regardless of indoor or outdoor status, be vaccinated. If your pet does not have a current rabies vaccination, please contact your veterinarian to update their shot.

About ACC: Wenatchee Valley Animal Care and Control (ACC) is a separate LLC of Wenatchee Valley Humane Society and is a government contracted agency. Its mission is to help protect the safety and well-being of the citizens and animals of our jurisdictions through

compassion, education and law enforcement. ACC is contracted to provide services for the Cities of Cashmere, Chelan, East

Wenatchee, Entiat, Rock
Island, Wenatchee, the Town
of Waterville and Chelan &
Douglas Counties.

were present at the meeting “to listen and to learn” and they would take everything into consideration when it comes time to renew their lease with the company.

Museum Manager Ron McGaughey said that as a renter, T-Mobile “can do whatever they want.” At the same time, McGaughey made it clear that they understand the public’s concern. “We are also concerned for children and for adults in this community,” he said.

Dr. Nate Miller of Living Well Family Chiropractic presented an overview of 5G and the different health risks of it. “5G is crazy fast, high density, pulsed frequency and it’s going to be 24/7 frequency,” said Dr. Miller. The maximum 4G speed is of two gigabits per second and 5G’s maximum speed is 10 times that at 20

Gbps. “Right now we are at a low frequency one to three gigahertz, but this new 5G it will be 25 to 90 gigahertz. This is 90 billion electromagnetic waves per second,” Dr. Miller explained.

He mentioned that electromagnetic fields (EMF) can affect our body’s nervous system and can lead to chronic diseases over time. However, these do not develop immediately as “they take time, a little over 10 to 20 years,” said

Dr. Miller. Jacquelyn Dalton, Co-owner of Chelan Dance Centre, and Magnolia Polley of Heal Wellness Studio expressed their concerns on the 5G cells being located on the same building as their businesses. Dalton’s primary concern is the kids in the community, especially her 150 dance students. Dalton told the story of four elementary students in California who’s cause of cancer was correlated to the cell towers placed on top of their elementary school’s roof. She said that the company had to remove the towers immediately after the situation. “I do expect that our city keeps us informed as to when they anticipate they will be turning those towers on. It is up to us in the meantime to prepare ourselves to fight back if necessary. I love our home, our children and I love all my tiny dancers their health and safety comes first, always,” said Dalton.

STEHEKIN: Devore Creek Fire Update for July 29, 2019 – 10 a.m. Acres: 150. Location: 3 air miles southwest of Stehekin, Wash. Completion: No estimate at this time. Cost: \$84,000. Cause: Lightning. Start date: July 23, 2019. Personnel: 45

Current Activity: On Sunday (July 28) an additional 20-person crew arrived to bolster efforts to reopen the historical community protection line on the southwestern edge of the community of Stehekin. With calmer winds, fire managers were able to fly over the fire where they observed low-intensity smoldering and creeping fire behavior.

On Monday (July 29) winds are expected to be light to moderate and will likely push any new fire growth to the east towards Castle Rock. Ground crews will continue to improve the protection line. Due to the extreme terrain, firefighter safety, and lack of roads or other natural holding features, some portions of this fire will likely continue to grow in the fire-adapted landscape of the North

CEO Steve Patonai had good remarks about his second retreat. “We had a lot of energy, a lot of focus, a lot

of raising the bar,” Patonai said. “The future here is very strong,” he added.

The board also attended a Rural Health Conference.

Architects visited Chelan last week (July 22-25) and met with project managers, administration and the Facilities Committee to review the schematic design of the

new hospital. The completion of the design is scheduled for the end of August. It was mentioned that soon, talks will begin with the Department of Health. A potential meeting with the City of Chelan will likely take place in the near future, once the plan is complete.

Ask about our business savings rates.

Offers available in OR and WA. Portfolio by Wells Fargo® customers are eligible to receive an additional bonus interest rate on these accounts.³

1. To qualify for the advertised APY, you must enroll your new or existing Platinum Savings account in this offer between 07/08/2019 and 08/30/2019 by speaking to a banker and requesting the special rate. Offer is subject to change at any time, without notice, and is available only to Platinum Savings customers in the following states: OR and WA. In order to earn the Special Interest Rate of 1.98% (Special Rate), you must deposit \$25,000 in new money to the enrolled savings account and maintain a minimum daily account balance of \$25,000 throughout the promotional interest rate period. “New money” is money from sources outside of the customer’s current relationship with Wells Fargo Bank, N.A. or its affiliates (which includes all deposit, brokerage and loan/credit accounts). The corresponding Annual Percentage Yield (APY) for this offer is 2.00%. The Special Rate will be applied to the enrolled savings account for a period of 12 months, starting on the date the account is enrolled in the offer. However, for any day during that 12 month period that the daily account balance is less than the \$25,000, the enrolled account will not be eligible for the Special Rate and will instead earn the applicable Standard Interest Rate for a Platinum Savings account. As of 05/31/2019, the Standard Interest Rate and APY for a Platinum Savings account in OR and WA with an account balance of \$0.01 and above is 0.05% (0.05% APY). Each tier shown reflects the current minimum daily collected balance required to obtain the applicable APY. Interest is compounded daily and paid monthly. The amount of interest earned is based on the daily collected balances in the account. Upon the expiration of the 12 month promotional period, then-current Standard Interest Rates apply. Minimum to open a Platinum Savings account is \$25. A monthly service fee of \$12 applies in any month the account falls below a \$3,500 minimum daily balance. Fees may reduce earnings. Interest rates are variable and subject to change without notice. Wells Fargo may limit the amount you deposit to a Platinum Savings account to an aggregate of \$1 million. 2. Available in-branch only; you must speak with a banker to request the special rate. Annual Percentage Yield (APY) is effective for accounts opened between 07/08/2019 and 08/30/2019 and requires a minimum of \$25,000 in new money brought to Wells Fargo. “New money” is money from sources outside of the customer’s current relationship with Wells Fargo Bank, N.A. or its affiliates (which includes deposit, brokerage and loan/credit accounts). Public Funds and Wholesale accounts are not eligible for this offer. APY assumes interest remains on deposit until maturity. Interest is compounded daily. Payment of interest on CDs is based on term; For terms less than 12 months (365 days), interest may be paid monthly, quarterly, semi-annually, or at maturity (the end of the term). For terms of 12 months or more, interest may be paid monthly, quarterly, semi-annually, or annually. A penalty for early withdrawal will be imposed and could reduce earnings on this account. Special Rates are applicable to the initial term of the CD only. At maturity, the special rate CD will automatically renew for a term of 6 months, at the interest rate and APY in effect for CDs on renewal date not subject to a Special Rate, unless the Bank has notified you otherwise. 3. 1., 2. Due to the new money requirement, new accounts may only be opened at your local branch and you must speak to a banker to request the special rate offers for both new and existing accounts. Wells Fargo reserves the right to modify or discontinue the offer at any time without notice. Minimum new money deposit requirement of at least \$25,000 is for this offer only and cannot be transferred to another account to qualify for any other consumer deposit offer. If you wish to take advantage of another consumer deposit offer requiring a minimum new money deposit, you will be required to do so with another new money deposit as stated in the offer requirements and qualifications. Offer cannot be: • Combined with any other consumer deposit offer. • Reproduced, purchased, sold, transferred, or traded. 3. The Portfolio by Wells Fargo program has a \$30 monthly service fee, which can be avoided when you have one of the following qualifying balances: \$25,000 or more in qualifying linked bank deposit accounts (checking, savings, CDs, FDIC-insured IRAs) or \$50,000 or more in any combination of qualifying linked banking, brokerage (available through Wells Fargo Advisors, LLC) and credit balances (including 10% of mortgage balances, certain mortgages not eligible). If the Portfolio by Wells Fargo relationship is terminated, the bonus interest rate on all eligible savings accounts, and discounts or fee waivers on other products and services, will discontinue and revert to the Bank’s then-current applicable standard interest rate or fee. For bonus interest rates on time accounts, this change will occur upon renewal. If the Portfolio by Wells Fargo relationship is terminated, the remaining unlinked Wells Fargo Portfolio Checking or Wells Fargo Prime Checking account will be converted to another checking product or closed. © 2019 Wells Fargo Bank, N.A. OBITUARIES

Dollie Alberta Julian Higby

Dollie Alberta Julian Higby, Wenatchee, Wash. formerly of Chelan died peacefully in her sleep at Regency Nursing Center in Wenatchee, Wash. on March 20, 2019 at the age of 95.

Dollie homesteaded in the Chelan area, where she and her first husband owned Ingram’s Harvestland Fruit Stand. After leaving Chelan, she lived her mid-life in Arkansas, then returned to the Chelan area to live out her final years.

Many will remember Dollie for her salty nature, wicked sense of humor, tiny dogs, large doll collection, and the gorgeous quilts she would meticulously design and craft by hand. We are sure she is at peace, remembering her walks in Riverwalk Park and ending with coffee at the Apple Cup Café.

It was appropriate for Dollie to transition at the arrival of Spring, given her green thumb and devotion to her gardens and pots of beautiful flowers. She was known for her gigantic dinner plate dahlias and giving

people gorgeous, hand-picked bouquets.

She is survived by her children: Rita Reinhardt (Don) of Chelan, Wash. and Jerry Ingram, Sr., of Bremerton, Wash. as well as her grandchildren Amy Martin (Steve) of Mansfield, Wash., Stacey Stahl (Jeff Boyce) of Portland, Oregon and Jerry Ingram, Jr. (Rita) of Bremerton, Wash. She also leaves behind numerous beloved family members including grandchildren, and great-great grandchildren.

She was preceded in death by her husband, J. O Higby, and at her request, her headstone for Remembrance will be alongside him in Bentonville, Arkansas. A gathering for family and friends was held July 27.

Ruth L. Keys

Ruth L. Keys, 94, passed away peacefully July 27, 2019, at her daughter’s home in Wenatchee. She was born on August 8th, 1924 to Harlow and Helen Pease, (Vlyman), in Butte, Montana. She attended Catholic school at Immaculate Conception in Butte before going to high school at Butte High.

She then attended and graduated from Montana State College, Bozeman, MT, with a four year degree in medical laboratory technology. Education was a focus in her family, with her father being a civil rights attorney, and her mother a school teacher. All of her siblings graduated college.

Ruth worked as a lab technologist in Seattle, WA, and thoroughly enjoyed her work. She married Henry J. Keys on April 8th, 1948, and then became a wife and homemaker in Manson, WA. This was no small feat. She baked all bread

from scratch, made butter, pasteurized her own milk, and had many creative uses for the cream from the dairy cows. She also loved to bake and had a large vegetable garden that was preserved for the winter months. She instilled in her children a love of cooking and crafting and nature.

She was preceded in death by her husband Henry in 1986, and her oldest son Mike who died in the Vietnam

War in 1971. All seven of her other children are still living: Molly Hoots,(Bob), Manson, WA.; John Keys, (RuthEdna), Chelan, WA; Jim Keys, (Virginia), Sheila Malmberg, (Greg), Wenatchee, WA; Charlotte Keys, (Steve), Gig Harbor, WA; Virginia Knight, (Mike), Nine Mile Falls, WA.; Angela White, (Dennis), Gig Harbor, WA. She is also survived by eleven grandchildren and six great-grandchildren.

Ruth was a lifelong member of St Francis De Sales Catholic church in Chelan, and active in the church guild. She also loved science, and participated in the astronomy offerings with Russ Jones of Chelan. She also volunteered at the Chelan Museum and the Chelan Senior Center. Ruth will be greatly missed for her sense of humor, intellect, and energy. We will be lost doing crosswords without her. She also loved music and played the piano throughout her life.

Many thanks to the staff

at Heritage Heights, Chelan, where she spent eight years enjoying the view of Lake Chelan, the weather, and the floatplanes and comings and goings of The Lady of the Lake. Special thanks to Pam Stanley, RN, Amanda Ballou, director, and all of the other caring staff.

Also thanks to Central Washington Hospice, in particular Barb, RN, and Central Washington Hospital RN Amy Wallace. We could not have done it without you.

A mass of Catholic Burial will be held for Ruth at St Francis De Sales Catholic Church, 215 W. Allen Chelan, WA at 5 p.m., Friday August 2. A graveside service will be performed on Saturday, August 3 at 9 a.m. at the Fraternal Cemetary, 240 Union Valley Road, in Chelan.

Please leave any thoughts and memories for the family at www.prechtrose.com. Precht Rose Chapel, Chelan is in care of the arrangements.

John Clayton Gordon

John Clayton Gordon
May 9, 1951 – July 25, 2019

“A good name is rather to be chosen than great riches, and loving favor rather than silver and gold.” Proverbs 22:1

A lifetime resident of the Chelan Valley, John Clayton Gordon was born on May 9th, 1951 to Kenneth Woodrow “Doc” Gordon and Bertha Lillian “Peg” Fellows Gordon.

Growing up around Lake Chelan, he spent much time hunting, fishing, camping and boating with his brother Dick, (George Richard Gordon) and their parents, Doc and Peg. Having many relatives on each branch of the family tree – the Gordon clan as well as the Fellows family - there was never a shortage of cousins and uncles to share in the camaraderie of family events, reunions and general mischief.

As Peg Gordon and Esther Courtney were sisters, John and Dick made many trips uplake with their folks to see the Courtney boys in the Stehekin Valley and go camping at Weaver Point. It has always remained a favorite place and time in his life and heart.

The Boy Scouts was also a major part of his young life and he was always grateful for Mr. Don Morse whose knowledge of nature and love for the boys, was able to train them in outdoor life skills and good moral habits. The Scout Camp at Lake Bonaparte was a highlight of the scouting

testimony to the craftsmanship of all involved, it didn’t leak a drop! Working with Larry and Chuck and the Boat Company crew was a special time in his life. Whether it was welding or time spent piloting the barge or the passenger boat, he enjoyed it immensely and ended up earning his Master Pilot’s License. For his family, seeing the Lady II in service daily on Lake Chelan is the best testimony of his ability to weld and we are proud of him!

He never met a piece of large, geared equipment that he didn’t like or couldn’t drive. When a near neighbor to their family home, Dan Hallock, taught him to drive straddle truck, that marked the beginning of John’s time on the road hauling everything from apples to wheat, hay and cattle. Getting his CDL and working for Mumma Trucking in Brewster introduced him to many friends and varied aspects of driving. From the precarious snowy passes in winter, to steep and primitive back roads to access hay or apple crops, he persevered. It was amazing to watch him place a truck and trailer precisely into a small space in a busy downtown Seattle port and do it calmly! A Mack Truck bulldog sits on his whatnot shelf at home - standing as a memento to his wonderful days on the road and to his favorite truck in the fleet.

In 1978, while John was visiting his cousin Jim in Stehekin, he met Beth. After a first date to watch “Superman”, sharing some trucking miles in the Mack truck and spending time with the parents and families, just over a year later

on March 29th, 1980 they were married at Ohme Gardens. John would always be able to remember that year because Mt. St. Helens erupted just a few months later.

With orchard equipment, waterlines, housing construction needs and general metal fix it jobs needing to be done in the Chelan area, he opened John Gordon Welding and Repair in 1980 and has continued to work in the shop until now. Many places in town bear evidence of his handiwork from hand railings and fences, to trailer hitches and custom post and beam brackets. For fun, he made little dinosaurs and robots for the grandkids fashioned from his imaginative and humorous love of “sci fi”.

The Lord blessed John and Beth with two wonderful children: Evelynne Anne in 1986 and Clayton Zane in 1989. He was a good dad, very loving and attentive and with a sense of humor and his storytelling ability, brought laughter into many of their growing up years along with passing along some of his skills and talents He was the quintessential grandpa, too. With Evelynne and her husband, Jeremiah’s five boys, John made it a point to take one of them out at a time for a treat during the week. They loved getting to go get a soft ice cream cone! Of course, he’d have to get one, too! The older boys got to share some time in Grandpa’s shop, too, learning some basics of welding and repair.

He was a very strong man as well. In an emergency situation, he never panicked, but purposefully did what was needed. It made him a valuable member of the local

volunteer fire department and of the Police Reserves for many years. (We might add that he was NOT calm if the TV remote went missing...) John also served as a Fire Commissioner for District 7 where his knowledge of equipment, firefighting ability, frugality and common sense were an asset to the District.

John never liked crowds, but he really enjoyed the small group coffee times in the mornings at several of the local restaurants where he met up with friends new and old to discuss the issues of the day. There was no political correctness to stem the flow of good conversation and he relished the exchange of ideas, but was a staunch defender of the Constitution and our Judeo-Christian heritage. He was a lifelong member of the NRA and very active in writing letters and supporting candidates who honor the foundation of the United States of America.

Within the past two years, John and Beth were able to move to their property in the Navarre Coulee. As his Dad’s family had homesteaded and built up a lumber mill on the northern end of the Coulee, it felt like home to be back in the area. John looked forward to the field work of limbing, trimming, mowing and using his backhoe to make improvements and repairs to the property. On the day that he suffered a major heart attack, he had been out in the field mending fences and filling in a water line trench. As the sky grew gray and thunder started to rumble, he was convinced to climb down off the backhoe and come inside the house ... a few

moments later he collapsed.

The heroic efforts of our local EMS crews and the skilled staff at Central Washington Hospital worked tirelessly to give him the best care, but the Lord called John home.

He had a strong faith in the Lord and in His promise of resurrection in Jesus Christ our Lord. John is truly in the presence of God and we are comforted in that knowledge, yet we miss him dearly!!!

John is survived by his wife, Beth (Poltz) Gordon and children: Evelynne (Jeremiah) Paulston and their five sons: Jeremiah, Jr., Titus, Gideon, Silas and baby Ezra; and son Clayton Gordon of the Chelan area.

John is also survived by his brother George “Dick” (Taina) Gordon of Chelan and four nephews: Kenneth, Jim, Mikko, Will and a niece: Abigail - as well as three uncles: Gordon Fellows, Ernest Fellows and Alvin Fellows.

He was preceded in death by his parents: Kenneth Woodrow “Doc” Gordon and Bertha Lillian “Peg” (Fellows) Gordon.

A Memorial Service will be held for John C. Gordon at 11 a.m. on Saturday, August 10, 2019 at North Shore Bible Church, 123 Wapato Point Parkway in Manson, WA. Pastor Gordon Hyde will officiate. Funeral arrangements are being made by the Precht- Rose Chapel of Chelan.

Please leave any thoughts and memories for the family at www.prechtrose.com.

In lieu of flowers, please make donations in his name to the National Rifle Association Foundation, 11250 Waples Mill Road, Fairfax, VA 22030.

Lake Chelan Rodeo = A fun, family event

LEFT TOP TO BOTTOM: All rodeo enthusiasts stood up to welcome in Mother Liberty. Rodeo Clown Ike Pryor had all cracking and laughing. Ranch Bronch riding was a success. This cowboy sure did last more than 8 seconds on that bronc. Six brave cowboys were presented and applauded by the public before jumping on the broncs and bulls.

FROM THE TOP: The boy on the right could possibly be talking his friend into sharing his cash prize after catching the chicken during the World Famous Chicken Race. Chariot races were new this year, lots of action went on. The Tillicum Riders of Cashmere showed off their horseback riding skills. How many people does it take to wrestle a steer? Too many.

PUBLIC NOTICE TO WAVE TV CUSTOMERS
Due to content cost increases from major TV networks, regional sports programmers, independent channel providers, and your local broadcast channel providers, Wave's Cable TV rates will be adjusted in September. The monthly rates for the following TV services will be adjusted: the Local TV Stations' Fee will increase by \$1.95; the Expanded Content tier will increase by \$3.56.
While Wave strives to keep prices as low as possible, we – and our entire industry – continue to face dramatic increases in the costs large corporate broadcasters and cable networks charge for their content which ultimately results in higher rates for our video subscribers. For more information on the costs associated with TV programming, please visit wave-home.com/content.
Further details on all rate changes will be included in your September bill statement. Thank you for choosing Wave.

LETTERS TO THE EDITOR

Vote yes on Link Prop 1

I am now in my second 3-year term on the Board of Directors for the Chelan County Housing Authority. I attend once a month meetings in Wenatchee. My most pleasurable method of transportation is a ride on the Link bus. As a senior, I pay \$1.25 to ride from the Lake Chelan Valley to Wenatchee, and the same for the return trip. Driving my car would cost much more.

On the Link bus I read Housing Authority reports and financial statements which I will need to approve, then I sit back with the morning newspaper and the crossword puzzle which experts tell me will help stave off the onset of Alzheimer's. Sometimes I reflect on what color blue the Columbia River will be today, how many Wenatchee Valley College tech center students will be on the bus, or how many Stemilt or clinic workers will be on board.

Some dark, gloomy winter days, I hop on the Link bus just to go to Wenatchee to window shop, go to lunch, then take in a matinee movie.

It's a welcome winter break at times.

Now we are asked to vote on Link Proposition 1, which is on the ballot voters recently received in the mail. An improved and expanded public transportation service like the Link bus system will offer local residents an opportunity to help alleviate the snarl of traffic in the Lake Chelan Valley and Highway 97A. The cost will be minimal, and help students, agricultural workers, service personnel and others who must live where rents are cheaper, but commute to their jobs. Vote yes!
