

CFR holds rescue swimmer training

By DIANA PIÑON STAFF WRITER

CHELAN - Chelan Fire and Rescue's first two-day rescue swimmer course began June 29 in the waters of Lake Chelan in the area of Riverwalk Park. Eleven people from Chelan are being trained by Lieutenant Shawn Sherman and four other career firefighters. Deputy Fire Chief Mark Donnell described the course as rough, as the ones in training spend four hours in the water going over different drills.

"This is a rapid entry rescue swimmer program. It's primarily designed to go to where the incident is and get people in the water from the land," said Chief Donnell.

The goal of this course is for volunteers to get comfortable with the water and prepare them for the worst. Donnell mentioned that CFR recognizes the need for rescue swimmers. "Annually we have several near drownings and we have had successful rescues too. The expense of getting the folks trained justifies the program," he stated.

The second two-day part of the training will resume this weekend, July 13-14, from 8:00 a.m. to noon.

Chelan Fire and Rescue responded to a vehicle in the lake on July 5, at 433 State Route 150 (near Rocky Point) with Chelan County Sheriff Officers and Lake Chelan Community Hospital EMS. The vehicle was completely submerged and the three occupants were able to self-extricate without injuries, but were still evaluated by Lake Chelan Community Hospital EMS. Chelan Fire and Rescue Marine 71 was on the lake conducting training maneuvers and was able to respond to the incident with two rescue swimmers within 7 minutes 33 seconds.

Manson and Chelan fireworks displays celebrate the 4th of July, captivate the crowds

Diana Piñon/LCM

MANSON/CHELAN - Crowds flooded Manson Bay Park (above left) on land and water for the big 40-year celebration of the Fourth of July Fireworks show in Manson. Shortly after noon, the crowds began to gather to witness a fly-over of a U.S. Navy F-18 fighter jet from NAS Whidbey Island. The F-18 performed at a low altitude and a low speed and captivated more than one. Following the fly-over, everyone spied SkyDive Chelan's parachuter jumping with an American flag along with smoke jumpers. Later on into the night, the local band The LakeBoys entertained the crowd as they waited for the fireworks show to begin. It sure was the largest show in Eastern Washington as it lasted 20 minutes. On Saturday evening, July 6, Lake Chelan Chamber of Commerce hosted the Chelan Rockin' Fireworks show (above right) on the lower end of Lake Chelan. The 23 minutes of "ooh's and ahh's" was enjoyed by many on the water and in parks along on the shore of the lake. See more photos on page A2 and at lakechelanmirror.com

Heavy rains cause road closures in Chelan, Entiat

COMPILED BY
DIANA PIÑON STAFF WRITER

CHELAN/ENTIAT - The heavy rainfall on Tuesday, July 2 closed roads in both Chelan and Entiat due to mudslides caused on South Lakeshore Road and on U.S. Highway 97A.

U.S. 97A milepost 218 at Earthquake Point, just north of Eniat, to milepost 223 at SR 971 (Navarre Coulee Road), 9 miles south of Chelan was rapidly closed down after a U-Haul and a dump truck were stuck in the muddy mess. On his Tweeter account Trooper John Bryant reported that the worst area was a couple

of feet deep covering 30-40 yards. Trooper Bryant also mentioned that the railroad tracks were also buried in mud. WSDOT crews arrived at the scene shortly after. The road remained closed through the night and for

part of the afternoon as crews continued cleaning up. WSDOT encouraged all to take the East side of the Columbia River, U.S. 97 for those headed to or from Chelan. South Lakeshore Road had a similar situation. The road closed to traffic at Slide Ridge (about 2.5 miles uplake from the Lake Chelan State

Park). Only local traffic was allowed to use the bypass road, with a flagger controlling traffic. The public was asked to stay away from the slide area as it needed time to dry out. Through the weekend the road remained closed. Crews began working to remove debris from South Lakeshore Road on Monday, July 8.

Offers available in OR and WA. *Portfolio by Wells Fargo*® customers are eligible to receive an additional bonus interest rate on these accounts.³

1. To qualify for the advertised APY, you must enroll your new or existing Platinum Savings account in this offer between 07/08/2019 and 08/30/2019 by speaking to a banker and requesting the special rate. Offer is subject to change at any time, without notice, and is available only to Platinum Savings customers in the following states: OR and WA. In order to earn the Special Interest Rate of 1.98% (Special Rate), you must deposit \$25,000 in new money to the enrolled savings account and maintain a minimum daily account balance of \$25,000 throughout the promotional interest rate period. "New money" is money from sources outside of the customer's current relationship with Wells Fargo Bank, N.A. or its affiliates (which includes all deposit, brokerage and loan/credit accounts). The corresponding Annual Percentage Yield (APY) for this offer is 2.00%. The Special Rate will be applied to the enrolled savings account for a period of 12 months, starting on the date the account is enrolled in the offer. However, for any day during that 12 month period that the daily account balance is less than the \$25,000, the enrolled account will not be eligible for the Special Rate and will instead earn the applicable Standard Interest Rate for a Platinum Savings account. As of 05/31/2019, the Standard Interest Rate and APY for a Platinum Savings account in OR and WA with an account balance of \$0.01 and above is 0.05% (0.05% APY). Each tier shown reflects the current minimum daily collected balance required to obtain the applicable APY. Interest is compounded daily and paid monthly. The amount of interest earned is based on the daily collected balances in the account. Upon the expiration of the 12 month promotional period, then-current Standard Interest Rates apply. Minimum to open a Platinum Savings account is \$25. A monthly service fee of \$12 applies in any month the account falls below a \$3,500 minimum daily balance. Fees may reduce earnings. Interest rates are variable and subject to change without notice. Wells Fargo may limit the amount you deposit to a Platinum Savings account to an aggregate of \$1 million. 2. Available in-branch only, you must speak with a banker to request the special rate. Annual Percentage Yield (APY) is effective for accounts opened between 07/08/2019 and 08/30/2019 and requires a minimum of \$25,000 in new money brought to Wells Fargo. "New money" is money from sources outside of the customer's current relationship with Wells Fargo Bank, N.A. or its affiliates (which includes deposit, brokerage and loan/credit accounts). Public Funds and Wholesale accounts are not eligible for this offer. APY assumes interest remains on deposit until maturity. Interest is compounded daily. Payment of interest on CDs is based on term: For terms less than 12 months (365 days), interest may be paid monthly, quarterly, semi-annually, or at maturity (the end of the term). For terms of 12 months or more, interest may be paid monthly, quarterly, semi-annually, or annually. A penalty for early withdrawal will be imposed and could reduce earnings on this account. Special Rates are applicable to the initial term of the CD only. At maturity, the special rate CD will automatically renew for a term of 6 months, at the interest rate and APY in effect for CDs on renewal date not subject to a Special Rate, unless the Bank has notified you otherwise. 1., 2. Due to the new money requirement, new accounts may only be opened at your local branch and you must speak to a banker to request the special rate offers for both new and existing accounts. Wells Fargo reserves the right to modify or discontinue the offer at any time without notice. Minimum new money deposit requirement of at least \$25,000 is for this offer only and cannot be transferred to another account to qualify for any other consumer deposit offer. If you wish to take advantage of another consumer deposit offer requiring a minimum new money deposit, you will be required to do so with another new money deposit as stated in the offer requirements and qualifications. Offer cannot be: • Combined with any other consumer deposit offer. • Reproduced, purchased, sold, transferred, or traded. 3. The Portfolio by Wells Fargo program has a \$30 monthly service fee, which can be avoided when you have one of the following qualifying balances: \$25,000 or more in qualifying linked bank deposit accounts (checking, savings, CDs, FDIC-insured IRAs) or \$50,000 or more in any combination of qualifying linked banking, brokerage (available through Wells Fargo Advisors, LLC) and credit balances (including 10% of mortgage balances, certain mortgages not eligible). If the Portfolio by Wells Fargo relationship is terminated, the bonus interest rate on all eligible savings accounts, and discounts or fee waivers on other products and services, will discontinue and revert to the Bank's then-current applicable standard interest rate or fee. For bonus interest rates on time accounts, this change will occur upon renewal. If the Portfolio by Wells Fargo relationship is terminated, the remaining unlinked Wells Fargo Portfolio Checking or Wells Fargo Prime Checking account will be converted to another checking product or closed. © 2019 Wells Fargo Bank, N.A. OBITUARIES

Barbara Fort Hisel

July 18, 1924 - July 1, 2019

Barbara Fort Hisel was born on July 18, 1924, in Chelan, Wash. to Opal and Harold Fort of Manson. She died July 1, 2019, in Moscow, Idaho. Barbara graduated from Manson High School in 1943, where she also reigned

as Manson Apple Blossom Queen. Unfortunately she came down with mumps and was not able to serve. A grade school student, Sandra Hubbard, was crowned as her proxy.

During her younger years, Barbara, along with her sisters, helped with jobs on the family orchards. Driven by sibling rivalry, she became an accomplished wooden apple box maker, reaching

over one thousand on several days. Barbara attended the Wenatchee Business College with a degree in secretarial studies and accounting, and later Washington State College with a degree in Home Economics. She worked in Washington and Idaho demonstrating new appliances in owners' homes before her marriage. Later she worked in the office of

the Dean of the University of Idaho until her retirement. Barbara and Ken Hisel were married in Manson August 10, 1952. They had two sons, Mark and Jay. She enjoyed spending time at their cabin on Lake Pend d'Oreille, where she could fish, pick huckleberries, hunt for mushrooms, knit and do other handiwork. She will be remembered for her homemade specialties,

including root beer, horseradish, smoked meat and fish. She was preceded in death by son, Jay in 1993, husband Ken in 1996 and sisters Nila Koenig and Helen Louise England. She is survived by her son, Mark Hisel of Deary, Idaho, sisters Corrine Cockburn in New Mexico and Carolyn Alice Killian in Manson, Wash. She will also

be missed by many nieces and nephews who loved to hear her tell jokes and stories while sampling her cooking and visiting from nearby Washington State University. Graveside services were held Tuesday, July 9 at 10 a.m. at the Moscow Cemetery. Donations in Barbara's name may be made to the Moscow Volunteer Fire Department or local Habitat for Humanity.

Timothy L. Verellen

Timothy L. Verellen, 72, of Federal Way, Wash., died Friday June 28, 2019 at Franciscan Hospice House

in University Place. He was born in Chelan to Laurence (Lew) and Verda LaCasse Verellen on May 10, 1947, where he attended Chelan schools, graduating in 1965. Tim married Cristy Hill of Ephrata and they moved to

Federal Way, Wash. where they raised their family. He worked in industrial tool sales and was widely respected by his clients and employers over a 45 year career. His love of motorcycles was legendary, he rode competitively and for

fun all his life. Tim is predeceased by his parents. He is survived by Cristy Verellen of Federal Way, his son Cory (Tali) of Seattle, daughter Emily Strom (Darnell) and grandson

Sterling, of Los Angeles, Calif., brothers Mick (Bonnie) of Omak, Terry (Connie), Ned (Marilyn), and sister, Louellen (Mark) all of Chelan, and niece and nephews. Memorials may be made

to Alzheimers Association or other charity, in Tim's name. A celebration of Tim's life will take place on Sunday, Sept. 29, at Chelan Senior Center at 534 E. Trow Ave, from 1-3 p.m.

2019 Election

CHELAN - Chelan County's Primary Election is less than a month away. The election will take place on August 6 countywide and citizens will have the opportunity to have their say. Ballots will be

mailed out beginning July 19 and ballot drop box sites are available for use 18 days prior to Election Day. Ballots must be returned/postmarked by midnight on August 6.

Dropbox locations: Behind Chelan City Hall, 135 E. Johnson Ave., Chelan.

Outdoor Box: 24 Hours a day with Drive-thru access; and Entiat City Hall, 14070 Kinzel St., Entiat, Outdoor Box: 24 Hours a day with Drive-thru access

The Primary Special Election ballot will include Rivercom's Communication

Systems and Facilities Sales and Use Tax Levy which renews the expiring one-tenth of one percent sales and use tax (10 cents per \$100.00). Link Transit's proposition to increase their sales and use tax by 2/10ths of 1% for transit system

improvements, including higher frequency bus services, extended weekday and Saturday services, new Sunday and holiday services, purchase of new buses, technology improvements, and expanded services for seniors and persons living

with disabilities. Also looking for the public's vote are Mike Cooney (incumbent), Stan Morse and Bob Goedde running for the City of Chelan Mayor position. Below you can find all the candidates bios.

Mike Cooney

Mike Cooney, 64, of Chelan, running for Mayor of Chelan.

Graduated from Gonzaga University with a Bachelor degree in Business (Marketing)

Married to Janice (42 years), we have two great children Jacob and Katie and now have three grandkids.

Upon graduation, I went to work for our family

owned food brokerage business selling groceries for 30 years. It was our goal to move to a small historic NW town and open a retail shop on Main Street. Chelan was the town we chose and The Vogue is the business we created and are now in our 15th year.

I have coached basketball for 32 years, including several years at Chelan Middle School.

Hobbies include; camping, hiking, skiing and music.

Why are you running for this position and if re-elected or elected what are your areas of concern:

I am running for re-election because I love the service aspect of the office. I'd like to think that we have played a role in bettering our

community and have things that I'd like to continue on with.

Areas of concern are; with the accumulated wealth on the west side headed our way, I see challenges ahead for us to help save the Chelan we know and love. It will take involved, strong leadership to keep growth in check and keep our community intact.

Part of this equation is an area that several of us have started...to build homes

Bob Goedde

Bob Goedde, 73, of Chelan, running for Mayor of Chelan.

Why are you running for this position and if re-elected or elected what are your areas of concern:

I want to give Chelan's registered voters a choice to return to a common sense and balanced approach to City

Government. Having served on Chelan's city council (eight years); as Mayor Pro Tem (four years), and Mayor (eight years), I feel that I can bring my experience in public service to work with the citizens while maintaining the most efficient and highest quality

public services available. I would use my extensive governmental experience along with my public service contacts with other public officials to make Chelan a place where citizens are proud to call it home.

My main concern is to give voters a balanced approach

to city government. I am concerned with traffic corridor issues within the community, the efforts to purchase land on Chelan Butte for millions of dollars, the affordable housing crisis, and the money spent on consultants and lobbyists.

If given the chance to serve

this community as Mayor once again, I will represent the citizens of Chelan to the best of my ability. I am willing to discuss any issues with constituents at your convenience. Please call to make arrangements at 683-2366 or by email at bgoedde@nwi.net.

Stan Morse

Stan Morse, 64, of Chelan, running for Mayor of Chelan.

I was born and raised in Chelan. I graduated from Chelan High School in 1972, from Central Washington University in 1976 with a double major BA in political

science and psychology, and from law school at Southern Illinois University in 1979. I began practicing law in Chelan in

November 1979. From 1980 through 1983 I was the city attorney of Entiat. I moved to Seattle in 1983 and practiced law there until my return to the Chelan Valley in 1996, where I have practiced law up to the present. I served as a City of Chelan councilmember from 2008-

2011.

Why are you running for this position and if re-elected or elected what are your areas of concern:

Protecting our lake, guarding against wildfire, dealing with traffic congestion, ensuring that existing neighborhoods are

not sacrificed as gateways to high-priced developments, and improving the economic health of our downtown core businesses during the "off-season," are basic needs that have not, in my opinion, been adequately addressed. We need to re-evaluate how much growth is sustainable

in the long term. We must better listen to our local residents' concerns. And we must efficiently spend tax dollars to meet the essential needs of full time residents and business owners. In short: we need a return to practical small town governance.

This levy 'Yes' vote could save your life

By Gary Bégin, NCW Media Managing Editor

NCW Media, Inc. had an exclusive interview with RiverCom Executive Director Misty Viebrock at the end of June. Viebrock explains why the upcoming August ballot measure is so important to the multi-jurisdictional agency.

NCW:: What is your viewpoint of the role RiverCom has played and continues to play in the Chelan/Douglas communities it serves?

Misty Viebrock: RiverCom is the essential link to public safety. We are the core and heartbeat to the public safety system. When you call 911 for an emergency, we answer and obtain critical information about the scene and dispatch the appropriate responders as quickly and as efficiently as we can. We remain on the line to provide any additional support or guidance needed as well as to obtain any critical scene updates to relay to the responders. Situations tend to evolve rapidly as responders are enroute. We have a critical role to keep the responders apprised of any changes which may alter their response to the incident.

In the last 4-5 years we have drastically reduced our call

processing times for fire and medical emergencies. Through technology and enhancements, we dropped the call processing times from an average of 1.5 to 2 minutes down to 30-60 seconds on most fire and medical calls. This is the time between answering your call and notifying responders.

Let's talk about life saves. Can you think of anything more important than being a part of saving someone's life? Last year, our witnessed cardiac survival rates in Chelan and Douglas Counties was 57%, while the national average was 33%. The Telecommunicators at RiverCom start telephonic CPR right away as soon as it's known the patient is not awake and not breathing normally, they coach and guide the caller and count out loud with them to keep the caller compressing at the right rhythm. CPR is exhausting work, especially when done correctly, we do a lot of encouraging and praising to keep the compressor going until help arrives and takes over. These life save percentages make me extremely proud!

We are always looking at ways to improve our service to the public and to our user agencies. Technology proves to be a critical piece in doing so and does not come cheap.

I have operational changes

that I want to make at RiverCom that I know will vastly improve our service to the public and our user agencies, but these changes all hinge on the renewal of the one-tenth of one percent. One of these changes involve having dedicated call-takers. Currently we have no dedicated call takers. Every Telecommunicator who answers the phone is also responsible to dispatch for one of our user agencies. This becomes problematic when they answer a 911 call and are trying to obtain critical information and/or provide Telephonic CPR instructions and then have an officer, deputy, firefighter or EMS responder talk to them on the radio. Our population growth since the inception of RiverCom in 2004 has significantly increased which has increased our call volume. Our user agencies have increased their staffing which has increased the activity on the radio. The ability to manage both disciplines of call taking and dispatching simultaneously is increasingly difficult on the Telecommunicators and the service to the caller and our user agencies is not where I want it to be. The public deserves 100% of our attention when the are calling for help, they aren't expecting that they are going to have to

share their Telecommunicator with radio traffic. Our law enforcement, firefighters and EMS responders do not want to be told to "Standby" because we are on a 911 emergency telephone call. These are times that both our citizens and our responders deserve 100% of our attention.

I look at the service we are providing and constantly evaluate it...our RiverCom 911 center must be good enough for my family and this is what the Director should say. At any given day, it could be my family or friends needing help.

NCW:: Why is this levy request so important?

Viebrock: This is NOT a new tax, and we are not asking for an increase. We have been paying this tax for the last ten years, we are asking for it to continue.

RiverCom is asking for renewal of the one-tenth of one percent sales and use tax allowed under RCW 82.14.420.

The tax rate equals: \$0.01 for every \$10 selling price/value; \$1.0 for every \$100 selling price/value; \$1 for every \$1,000 selling price/value.

The tax is collected from all persons, residents and visitors, who pay sales and use tax in Chelan and Douglas counties. This method of tax collection allows for the cost to fund emergency communications to

be shared by all who use such services in RiverCom's service area.

RiverCom utilizes this tax revenue to supplement funding for critical emergency communications in Chelan and Douglas counties and to bridge restrictions placed on other revenue sources. The revenue received through the one-tenth of one percent sales and use tax provides a source of permanent, stable, and sustainable revenue for emergency communications systems and facilities in Chelan and Douglas counties.

RiverCom needs to keep up with the growth of our communities as well as the ever-changing technology.

For the past 10 years we have used the one-tenth of one percent money collected, for improvements to our radio infrastructure. Several of our radio sites have gone through a complete overhaul. The new shelters are made with material to be more resistant to wildfire and the towers are grounded to reduce opportunity for a lightning strike to damage the equipment. These sites have also been built to include back-up power via battery banks, propane generators and even solar power at some sites. A portion of this revenue has also gone back to our user agencies, again sole for improvements to radio interoperability. We are not finished with our radio infrastructure, we still have a ways to go yet to overhaul more existing sites, build new sites and expand the radio system to fix the areas that we have limited to no coverage with our responders.

The 911 system is much more complex than the phone system we use to answer your

call, we must also be able to dispatch and communicate with our user agencies and those physically responding to your call. The radio system, while it has received significant improvements, still has some shortcomings and locations where we cannot communicate with our responders. This is unacceptable. When we dispatch them to emergencies, we need to be able to communicate with them through the entire incident as they often time evolve, and additional resources or back-up may be needed. This is a safety issue for our public as much as it is for our user agencies and responders.

NCW: What will the money be used for?

Viebrock: Future revenue will be utilized according to a Funding Agreement approved by the RiverCom Administrative Board. The Board is made-up of representatives from Chelan County, Douglas County, City of Wenatchee, and City of East Wenatchee as well as other law enforcement, fire, and EMS representatives. The Board will maintain the right to set an Annual Budget for the tax revenue. All tax revenue will be maintained in a designated account.

The tax revenue will be used in accordance with RCW 82.14.420.

RiverCom 911 Emergency Communication Systems and Facilities Tax Information Sheet		
The RiverCom Administrative Board acknowledged and recognized an emergent need to address the aging two-county radio system as the most likely single point of failure. The Board authorized a comprehensive engineering study and, based on the results of the study, subsequently implemented a graduated plan to bring radio sites and equipment up to acceptable standards. After first exhausting available supplemental monies, RiverCom was authorized by voters to collect the one-tenth of one percent sales and use tax revenue which was used to further complete the project.		
RiverCom's Primary Funding Sources:		
(not including radio site lease payments or account interest)		
Revenue Type	2018 Actual Revenue	% of Total Revenue
Agency Annual		
Assessment Fees	\$2,703,019	36.47%
E911 Phone Excise Tax	\$1,142,820	15.42%
State E911 Grants	\$ 253,733	3.42%
Emergency Comm. Systems and Facilities Tax (RCW 82.14.420)	\$3,278,389	44.23%

How is RiverCom primarily funded?
RiverCom is primary funded through a combination of Agency Annual Assessment Fees, E911 a portion of Phone Excise Tax monies, State E911 Grant monies and, to a lesser degree, radio site lease payments and earned interest on account holdings.

Agency Annual Assessment Fees
The public safety agencies that contract with RiverCom for 9-1-1 services are responsible for paying for all general operating expenses not otherwise covered by the E911 Phone Tax, State E911 grants, account interest, or other encumbered resources. The monies collected through Agency fees may not be used for any capital costs.

E911 Phone Excise Tax
E911 Phone Excise Tax is generated through payment of wireline, wireless, VOIP, and pre-paid phone services. The \$0.95 monthly tax is collected as follows: .25 State level; .70 County level.
This tax is paid by people in Chelan and Douglas counties through their monthly phone bill or collected through a phone purchase. The tax is collected by the Department of Revenue and, after holding back a 1% administrative fee, DOR sends 25-cents to the State E911 general fund and 70-cents to the county in which it was collected. Each respective county then deposits such monies into RiverCom's account.
E911 Phone Excise Tax revenue can only be used for equipment and tasks directly related to receiving a 911 call. This revenue may not be used for any hardware, software, or systems related to the dispatch of information obtained from a 911 caller.

State E911 Grants
These grant monies come from a grant application and reimbursement process administered by the Emergency Management division of the Washington State Military Department. A portion of grant monies comes from the E911 Phone Excise Tax allotted to the State. The use of Grant monies is restricted. Monies can only be used for eligible expenses as determined by the State and only for expenses that support the Enhanced 911 (E911) emergency communications network, database, and on-premise equipment that is accessed by dialing 911 and that enables police, fire, medical, or other emergency situations by a designated Public Safety Answering Point.
State E911 funding can be problematic because the revenue is not always stable and is not always a guaranteed source of revenue. Historically, this source of revenue can be impacted by State budget shortfalls, E911 fund sweeps by legislators for

Answering Point (PSAP) that provides emergency call-taking and dispatch services for law enforcement, fire districts and departments, public and private ambulance services in Chelan and Douglas counties. Dispatch operations are staffed twenty-four (24) hours a

non-911 purposes, increased costs for state-wide 911 networks, and restricted expenditure authority by the State's Office of Financial Management in any given year. Over the past few years, the State E911 program has significantly reduced the level of funding it once provided for communications equipment, systems, and other operational costs which has resulted in a greater level of fiscal responsibility placed at the local level.

Radio Site Lease Payments
RiverCom receives some revenue as compensation for space leased at its radio sites. Lease revenues are received into an Equipment Replacement Account and used for replacing equipment previously purchased with Agency Assessment Fees. Emergency Communications Systems and Facilities Tax has paid for:
• Capital improvement projects
• Critical 911 and radio system equipment
• Radio site development, infrastructure, equipment, and ongoing maintenance
• Radio console equipment
• IT infrastructure, equipment, and ongoing maintenance
• E911 phone systems, equipment, auxiliary equipment, upgrades, and maintenance
• Radio engineering services and consulting
• Legal, contract development, and other related professional services (related to the radio system)
• Liability Insurance for remote radio sites and radio equipment
• Project management and oversight, technical services and support
• Radio system and equipment repairs and preventive maintenance for user agencies

What is the Tax?
RCW 82.14.420 provides the basis for a sales and use tax for emergency communication systems and facilities. A county legislative authority may submit a proposition to county voters and, if approved by a majority of persons voting, affix a sales and use tax at a rate equal to one-tenth of one percent of sales or use tax.
In 2009, voters in both Chelan and Douglas counties approved RiverCom to receive the one-tenth of one percent sales and use tax from 2010 through 2019. Collection of this revenue is scheduled to sunset December 31, 2019.
The tax is collected from all persons, residents and visitors, who pay sales and use tax in Chelan and Douglas counties. This method of tax collection allows for the cost to fund emergency communications to be shared by all who use such services in RiverCom's service area.

What can these monies be used for?
Following RCW 82.14.420, monies received from this tax will be used solely for the purpose of providing funds for costs associated with financing, design, acquisition, construction, equipping, operating, maintaining, remodeling, repairing, reequipping, and improvement of emergency communications systems and facilities.

Why reauthorization?
RiverCom utilizes this tax revenue to supplement funding for critical emergency communications in Chelan and Douglas counties and to bridge restrictions placed on other revenue sources. The revenue received through the one-tenth of one percent sales and use tax provides a source of permanent, stable, and sustainable revenue for emergency communications systems and facilities in Chelan and Douglas counties.
When RiverCom was first organized, no funding mechanism was established to pay for future radio systems, technologies, or equipment.
The one-tenth of one percent sales and use tax is the only permanent funding solution available to RiverCom to pay for many of the expenses related to its communication systems and facilities.

day, seven (7) days a week. RiverCom also owns and operates a public safety radio communications system located at various radio site facilities throughout Chelan and Douglas counties. RiverCom is organized as a municipal corporation and as a separate legal entity under

the laws of Washington State. The agency is governed by the RiverCom Administrative Board.
RiverCom is one of 69 Public Safety Answering Points operating in Washington state.
RiverCom service area covers about 4,741 square

miles.
RiverCom serves a population of about 120,000 fulltime residents (not including visitors).
In 2018, RiverCom responded to a total of nearly 96,917 calls, including 49,730 9-1-1 emergency calls for service.

Projected Revenue?
Based on past trends, RiverCom estimates that it would receive about \$2.5 – 4 million dollars per year (for the next 5 years) if this tax is reauthorized. The amount collected and received by RiverCom would fluctuate relative to the amount of sales and use tax paid by consumers. If at any time consumer sales decreased, RiverCom would realize a lesser tax amount.
How is this tax different from taxes collected under the Emergency Communications Act?
The Emergency Communications Act applies only to law enforcement organizations and does not include emergency communications infrastructure. RiverCom 911 is not a law enforcement agency and is not eligible to collect such tax.

What is different this time?
• This proposition does not have an ending or sunset clause.
• Previous one-tenth of one percent tax revenue was primarily used for a Capital Improvement Project, specifically a regional public safety 911 radio system upgrade and expansion project. Moving forward, RiverCom would use the one-tenth of one percent tax revenue as fully allowed under RCW 82.14.420.
• Since 2009, several other counties in the State of Washington have successfully received voter approval for the same tax, and without a sunset clause, including the counties of Clallam, Cowlitz, Grant, Grays Harbor, Jefferson, Kitsap, Lincoln, Mason, Pacific, Skagit, Thurston, and Whitman.

Alternative Funding Sources?
RiverCom could possibly secure a commercial loan or government bond to pay for needed 911 communication systems and facilities, although the cost to pay the principle and interest would have to be supported and realized by RiverCom's founding principle organizations: Chelan County, Douglas County, City of Wenatchee, and City of East Wenatchee. Securing a loan or bond as a source of long-term funding for 911 communications systems is not fiscally sustainable. Radio and 911 communications technology, systems, and equipment are likely to become obsolete, outdated, or reach the end of a life cycle prior to a loan or bond being paid off.
The one-tenth of one percent tax provides RiverCom with a consistent, stable source of revenue as an alternative to having to continually rely on commercial loans and/or government bonds to fund critical infrastructure, systems, and components to maintain the 911 communications system.
Additionally, RiverCom has used surplus revenue to pay-down an existing bond for the regionalization that created RiverCom. The bond is scheduled to be paid off in 2022.
The 2009 "RiverCom 911 Sales Tax Measure" provided the following election results:

Chelan County	Yes	8,330	65.40%	No	4,401	34.60%
Douglas County	Yes	3,742	62.00%	No	2,292	38.00%

Prop 1 Link Transit would fund 30 projects

COMPILED BY DIANA PIÑON
STAFF WRITER

Link Transit is proposing more than 30 transit improvement projects around the region based on the community's desires.
Since 2016, Link has been engaging with the community to determine what they would like their transit to be. They said they want a transit system that operates earlier in the mornings, later in the evenings, on the weekends and holidays. To

them public transportation has to meet the needs of tourism and services workers on the weekends, as well as service second and third shift workers in the medical, manufacturing and fruit industries. Another concern for the community is improving the services provided for seniors and fully meet the special needs of disabled residents.
In order to improve the services, Link is running a proposition to increase their Sales and Use Tax by 2/10ths

of 1% in this year's Election. This means for every \$10 retail purchase, Link would receive an additional two cents in sales tax.
The monies will fund more than 30 projects in the area planned over the next six years. Including:
• Add Saturday service to all cities and towns as well as Sunday service
• Begin service earlier in the morning
• Operate later evening service, some routes until 12:00 a.m.

• Faster service between Leavenworth and Wenatchee, Chelan and Wenatchee
• Expand coverage to reach more areas
• Smaller buses in residential neighborhoods
• Cost-effective rural services
• More frequent service on major urban areas
For the average household in the service area, the proposal would have a yearly impact of \$24 in additional sales tax.

LAKE CHELAN SENIOR MEN'S GOLF DIVISION

SUBMITTED BY BOB MATSON,
LAKE CHELAN SENIOR MEN'S GOLF DIVISION

CHELAN - On Wednesday, July 3 the Senior Men's Golf Club welcomed guests Dan Amsberry, Randall Goodlund, Doug Grout and Dave Johnson who joined the Members for regular play. After play, Dave Johnson decided to become a New Member of the Men's and Senior Men's Golf Clubs.
Approximately 40 golfers teed off at 8 a.m. from tee boxes ranging from Hole #14 through Hole #1 with a shotgun start format. Jim Oscarson and Mark

Lawrence with the Lake Chelan Golf Course organize the shotgun start every Wednesday to allow for all the Senior Men's Club Members to begin play at the same time.
Following play, Phil Clausen treated a large number of club members and guests to a beverage to celebrate his Hole-in-One shot which took place on June 26. Jim Storms announced Phil Clausen's Hole-in-One shot details will be added to the Member Hole-in-One Plaque located

in the Golf Course Clubhouse.
Matt Froman the 2019 Men's Golf Club President informed the Senior Men's Club Members there are still team slots available for the Men's Golf Club Open Golf Tournament scheduled for July 20 and 21. He shared with the Members the Open Golf Tournament is the Men's and Senior Men's Clubs primary fundraising event every year that supports Student Scholarships and the Chelan High School Boys and Girls Golf Teams. Additional Tournament information is available at the Lake Chelan Golf Course Pro Shop or online at www.chelangolfclub.com

Scott Patrick, Dr. Darrell Richards and Eric Lorenz informed the Club they completed the 2019 Memorial Match Play Tournament pairings (17 Participating Golfers) and the Tournament Poster can be found in the

Clubhouse Restaurant area. The Tournament is scheduled to begin on Wednesday, July 10th.
The Game Competition results from July 3 are as follows:
For the Most Putts Longer than the Flagstick competition, first place went to Bob Matson (4 putts) and Lyle Burns, Ray Wilson and Ellis Nierenberg tied for second place (3 Putts). The Personal Representative named below has been appointed as Personal Representative of this estate. Any person having a claim against the Decedent must, before the time the claim would be barred by any otherwise applicable statute of limitations, present the claim in the manner as provided in RCW 11.40.070 by serving on or mailing to the Personal Representative or the Personal Representative's attorney at the address stated below a copy of the claim and filing the original of the claim with the court. The claim must be presented within the later of (1) thirty days after the Personal Representative served or mailed the notice to the creditor as provided under RCW 11.40.020(1)(c); or (2) four months after the date of first publication of the notice. If the claim is not presented within this time frame, the claim is forever barred, except as otherwise provided in RCW 11.40.051 and 11.40.060. This bar is effective as to claims against both the decedent's probate and non-probate assets.
