Zimmer to replace Jerome as Lake Chelan's community nurse

BY DIANA PIÑON STAFF WRITER

CHELAN – Susie Zimmer has been getting to know clients and the needs she will be filling in as she takes over as the new nurse for the Lake Chelan Community Nurse program.

“I’ve lived here for 30 years, I live in Manson and I like to garden and farm ... now that is changing because I am in town a lot more,” Zimmer said.

Since August of 2017, Michelle Jerome has served the greater Chelan Valley from Manson to Chelan Falls visiting, assisting and educating vulnerable and older adults in their homes as the community nurse.

Recently, Jerome and her husband decided to move to Twisp, leaving behind the big role as community nurse open. After consideration, Zimmer has stepped up and will fill in Jerome’s nursing role.

Back in November, Zimmer joined Jerome in some of her in-home visits to “get a grasp” of the program. “I have been a nurse for a very long time this is just different, it is a totally different setting,” Zimmer said.

A month later, Zimmer started shadowing Jerome and now she is doing some charting and becoming more independent. Zimmer has also gotten the chance to take a closer look at the different resources in the Chelan area.

Once she get’s a full picture of the program itself, she feels that she will be ready to step up as a community resource.

Next month Zimmer will be shadowed by Jerome and in March she will be consulting all on her own.

The Community Nurse program is free and was initially funded by grants and generous donations from those who helped Jerome.

At the moment the program has no grants and now both nurses are actively fundraising. “It is between \$2,000 to \$2,500 a month budget right now for a half-time nurse, which includes expenses,” stated Jerome.

According to Jerome, “Keeping the program at its grassroots and being funded by grants and donations makes it possible to see everybody, we don’t go in and ask for payment, we are not reimbursed by any government entity, it’s totally grants and donations. That makes it accessible to all.”

The program has maintained in constant growth, at the end of the first year Jerome stated that the program had 50 clients. Right now in the database, there are over 200 people that Jerome has had contact with. “We currently have active 23 clients but we are also keeping track of another 27,” said Jerome.

On Jan. 15 council members nominated and voted on three members to be officers for the year. Without any opposition Chis Willoughby was voted as Chair, Sorensen as Vice Chair and Cushing will be the Secretary and Treasurer for the council.

That evening, Chelan County Sergeant Chris Foreman stopped by to speak about what the Sheriff Department is doing and seeing in Manson and to also answer questions from the board and community mem-

Glass to Sand girls crush 217 wine bottles in one weekend

BY DIANA PIÑON STAFF WRITER

MANSON – The Friday after New Year’s, Megan Clausen and Devyn Smith founders of the Glass to Sand project received the GLSand machine to start crushing glass bottles.

After receiving over \$3,000 in donations, Clausen and Smith had to rely on a loan to cover the remainder cost of the GLSand. “We are going to take out a loan and you are going

to learn how to do this,” said Clausen’s mom to them both.

Once the machine was ordered, a few weeks later it was delivered at the North Shore Café. Soon, they realized that the machine couldn’t be plugged into an electrical outlet.

“There weren’t any parts to plug it into, so we rewired it, we talked to some electrical people,” Clausen explained.

After the machine was re-

wired and ready to go, during one weekend Clausen and Smith got together and crushed 217 bottles and produced eight sand bags. It took about one hour to rinse the bottles and to press them. Each of them had took a chance to work the machine which was easy to use said Smith.

The sand bags are selling for \$5.00 at Lake Chelan Building Supply. Clausen and Smith receive \$4.00 of that profit for

each bag sold.

Now that they have the sand, the girls are planning on collaborating with members of Chelan Earth Day to experiment with the sand. This will also serve as a way to spread the word out to the community on the different ways the sand can be use.

At the moment, the Glass to Sand girls have partnered

Foreman also spoke about the Marine Patrol, for the most part he stated that the patrol stays on the lake mainly in Chelan, however they do check out the Manson area. "One of the things we are trying to do is break up the lake into different zones, so we can document what we are handling and where. Then we can look at those numbers and see the issues are and then adjust accordingly from there," he said.

The Sheriff Department operates differently as the seasons change. For example, during the summer times they deal with alcohol related issues such as DUIs, fights and domestic violence.

Neighbors in the Lloyd Road expressed their concern with people speeding through the neighborhood. Foreman suggested to place a portable speed trailer to collect data in the area from the cars that drive by. This

area is of concern to the Lloyd Road residents because a lot of kids walk to and from school and the road has no shoulder and it is also a blind turn.

"When it comes to our kids in the community we take that very serious," said Foreman.

Sorensen asked a question regarding noise complaints in vacation rentals. According to Foreman, based on County ordinance, there's no time frame for quiet hours. Before that quiet hours started at 10 o'clock.

If someone calls with a noise complaint, Foreman stated, "we will go out there and verify that it's noisy and we will contact them ... whatever they are doing that's noisy needs to stop, then at that point if we get called back the next time they are getting cited."

The frustration with noise complaints in vacation rentals is the fact that every week there's different people, therefore talking to different people every week.

Foreman explained that during the busy weekends if the Sheriff Department gets a call

The Manson Community Council voted to appoint Chis Willoughby as Chair (left) and Kari Sorensen (right) as Vice Chair during the first meeting of the year.

over a noise complaint, it could be pending for a couple of hours based on the priority of other calls.

On average during the week there are five officers patrolling from Entiat to Manson and three during the weekends. During the summer time four to five officers patrol the areas.

The council also reviewed Council Bylaw changes and came to the conclusion to make a few more changes before fully adopting them. It was determined that letters that contain public comments to the County by the council will be posted

on the website for the public to view.

Blum will contact the Peshastin and Malaga Community Councils via phone call to set up a meeting time to discuss questions the Manson council members have for them. The idea of meeting with Peshastin and Malaga came from Manson's concern with soil contamination.

Manson Chamber of Commerce Director Jeff Conwell spoke to the council about the acquisition of Leffler Field. After explaining details on the project, he went ahead and ask for a

letter of support from the board members. The council agreed to write the letter in support of the acquisition.

On Tuesday, Jan. 8, the council hosted an informational meeting on the Master Planned Resort Antheia of Chelan. After the town hall meeting, the council met and wrote their comments to the County on the MPR based on what they heard that night from the area neighbors.

"The Manson Community Council passed a motion based on information available, to recommend the application for the MPR 2018-283 Antheia of Chelan be denied due to parts of the application, and information provided by Antheia of Chelan does not meet State of Washington Growth Management Act, Chelan County Comprehensive Plan, or Chelan County Code requirements."

From employee to owner: Catalina Jimenez acquires Lake Chelan Bakery

BY DIANA PIÑON STAFF WRITER

CHELAN – In 2013, Catalina Jimenez started working for Lindsay Evans at Lake Chelan Bakery and just five years later, Jimenez has become the new owner of the bakery.

Jimenez comes from an immigrant Mexican family who works in the fields. When she arrived to Chelan from Mexico 20 years ago, she decided she didn't want to work in the fields. Without knowing English, Jimenez applied to work at the Red Apple, where she worked for 10 years before becoming an employee for Evans.

Last summer, Evans assigned Jimenez as the store manager for Lake Chelan Bakery, as she realized she was spending too much time in town running the store.

Evans commute to work consisted of about three hours said Jimenez. Soon Evans came to the conclusion of selling the business. As a longtime employee, Evans had Jimenez in mind to sell the business to.

"She offered it to me, she said I had a lot of time working here and knew a lot," said Jimenez.

Without doubts Jimenez went on and accepted Evan's offer. "It's a good business, I know how to manage it, it has a great reputation and being the owner has its advantages," Jimenez explained.

Jimenez became the official owner of Lake Chelan Bakery on Jan. 1 and she says there has not been a lot changes now that she is the owner.

"Basically the only changes are that I am here more and on top of that I have to deal with office work," she says. The rest of the work she is already familiar with since she was already running the store under Evans management.

Jimenez is not only in charge of doing just one thing, she explains that she fills in the gaps when needed. She, however, does prefer being in the back,

looking out and making sure everything is well done.

The community has already noticed the recent change of ownership and has been nothing but supportive towards Jimenez. "They have accepted me, very well ... I've had a great relationship with the customers even before it was mine," said Jimenez.

Jimenez is working and planning on adding new items to the bakery. For example she mentioned the possibility of incorporating a tres leches cake.

In terms of beverages, Jimenez has already added a Mexican Mocha to the menu. "During the summer we will be making Italian sodas and Matcha lattes, Matcha teas," she said.

Lake Chelan Bakery employs four others, in both part-time and full-time positions. One of the employees is Jimenez's sister, who is always looking out for her, she says. During the weekends, Jimenez brings her 14 and 17 year olds to the business to help her with washing dishes.

"I love food, I do not see this so much as a job, I really love it. Sometimes when I am not here I think about the bakery, even if I am not working I want to be here," said Jimenez.

Soon, Lake Chelan Bakery's bread will be available to purchase at the Chelan IGA Market. Bear Foods is another local store that currently sells the bread. Jimenez will continue to have talks with other local stores that way she can see more Lake Chelan Bakery's products.

Jimenez shared her goals, "I want every year to be better than the previous year, every year our goal will be to have the business grow a little ... instead of losing of losing money we want to see that we've made money even if it is one penny."

She would also like to have a bigger space for the bakery and for the customers to enjoy, however, that will come with time.

At the moment, Jimenez will continue to open the bakery Monday – Saturday 7:00 a.m. to 3:00 p.m. and Sunday 7:00 a.m. to 2:00 p.m. Closed on Tuesdays. Prices remain the same.

fers are blood pressure screenings. Those screenings target a lot more people, "it helps us introduce ourselves to the community so it's a good opening if they need some type of help at home," explained Zimmer.

Jerome states that herself and Zimmer hang out a lot at the Chelan Senior Center and people there recognize their work as nurses. When the seniors see their health declining they know they should contact the nurse to get checked out. The nurses also get a lot of referrals from the clinic.

According to Jerome the program is having a hard time

servicing the Hispanic community. Due to this, a student nurse working towards her BSN is working on a project that will help the program reach that population.

In March, both nurses will be presenting at the Northwest Rural Health Association Conference in the Sea-Tac area. The topic of their presentation will be on ways to develop a program as the one currently here, "it was not really hard to do, in a small community because everybody knows everybody and as long as you can figure out a way to get some funding then it's not that hard," said Jerome.

Zimmer's goal as the new community nurse is to serve the

needs of the community to the best of her abilities.

In order to continue to serve the Chelan community, Jerome hopes to get approved for another big grant of some sort, as she and Zimmer continue fundraising. A Go Fund me account has been set up for the program, if you wish to donate visit Facebook under Lake Chelan Community Nurse. Vote for Manson Apple Blossom 2019 royalty at Selection on Jan. 26

Selection of the royal court of the 99th Manson Apple Blossom Festival will be held on Saturday, Jan. 26, at 6:30 p.m. at Manson High School. Five candidates are vying for the royal court: Megan Clausen, Marisol Mendoza, Vanessa Gomez, Perla Villasenor and Devyn Smith. Cost is \$8 for adults and \$5 for children. The theme for this year's festival is "Enchanted Manson".

Megan Clausen

Megan is the daughter of Sandra and Bruce Clausen and older sister to 9th grade brother, Conner.

She is ASB and FBLA Treasurer, as well as class Secretary and National Honor Society Vice-President. Her love for sports has allowed her to play for varsity volleyball, basketball, and softball teams; she has been captain of her volleyball and basketball teams for the past two years. A project she has enjoyed being involved in is her service project called "Glass to Sand at Lake Chelan". Megan and her project partner, Devyn Smith, have worked over the past year to find ways on eliminating glass waste in the valley.

Megan also enjoys running, cross-country skiing, being out on the lake and boating up to Lucerne. After graduation, Megan plans to study engineering at one of the five universities she's been accepted to and she's most recently been drawn to civil and environmental engineering.

Megan's favorite TV show is Gilmore Girls and she enjoys rereading the book "Love Does" by Bob Goff. Megan feels participating in Apple Blossom will allow her give back to the community of Manson that has helped her find her voice and is excited to represent and lead with that voice.

Vanessa Gomez

Vanessa is the 17-year old daughter of Mario and Carolina Gomez and has one older brother; 24-year-old Enereo and two older sisters, 22-year old Jessica and 19-year-old Lissette, and one younger sister, 12-year-old Maria.

Vanessa has been an honor roll student throughout her high-school career and became part of The National Society of High School Scholars her senior year. She participated in Knowledge Bowl her freshman year, member of Me 2 We club her freshman and sophomore years. She is also a member of Future Business Leaders of America. Vanessa plans on attending Central Washington University and majoring in marketing management and minoring in advertising.

Vanessa's favorite TV show is Grey's Anatomy and her favorite novel is Me Before You.

When asked about why she wanted to be part of the Manson Apple Blossom Royal Court, Vanessa said, "From previous royalties I have learned that becoming Manson Apple Blossom Royalty entails many responsibilities. A Manson Apple Blossom Royalty must become a model citizen, a spokesperson for the Manson community and most importantly show integrity towards our community. I am humbled at the opportunity to be a part of such a rewarding program and it would be of the utmost privilege to be part of the royal court."

Marisol Mendoza

Marisol is the 17-year-old daughter of Antonio Mendoza and Erika Paniagua. She has one older brother, 19-year-old Marco Mendoza that attends Eastern Washington University, and one younger brother, 11-year-old Fernando Mendoza and one younger sister, 9 year-old Sarita Mendoza.

Vanessa Gomez

her spare time, she enjoys practicing her soccer skills, drawing perfect portraits of people, taking stunning pictures of family and friends, and spending time with her older brother, Marco.

After graduation, her future is to attend a four-year University to major in Modern Languages & Literatures.

Marisol's favorite show to watch on her down time is The Flash and her favorite movie is The Book of Life. Her favorite song is "Moonchild" by RM.

The person that inspires her the most is her dad, not only because he is very hard working, but because he never gives up in any situation that he sets his mind on accomplishing. Marisol's most treasured keepsake is her little Mexican bracelets that were gifted to her by her grandmother when she was a small little girl. Marisol's favorite thing to do in the Manson area is enjoying the time she spends with family, whether it be enjoying the lake on a hot summers day or even picking cherries in the orchard fields. While she has many memories her proudest moment in life was being awarded most inspirational for the varsity girls' soccer team. Marisol believes she is an outgoing, heartfelt, loving individual and a good role model and leader for the younger kids in the community. She would be honored to represent the Manson community as the Manson Apple Blossom Royalty.

Devyn Smith

Devyn is the daughter of Dallas Lewman and David Pletsch. Devyn has 2 brothers Damon and Dawson and a sister Denali.

She has been actively involved in Honors Society for

Marisol Mendoza

the past two years, holding the position of secretary her senior year. She is active in Future Business Leaders of America, competing at the state level in business ethics last year. Her senior year she also holds the position of secretary for FBLA. For her senior project this year, she helped start Glass to Sand with fellow classmate Megan, which focuses on sustainable glass recycling. Devyn is active in sports, playing volleyball and softball through her high school career, and has earned honorable mention for all league softball her sophomore year. Being a part of the Manson Apple Blossom Royalty is a great opportunity to be able share with others what makes Manson a wonderful place to have grown up in, live, and represent, as well as a role model for younger children.

Devyn's favorite TV show is MASH, and her favorite book is the End Game series. After graduation she plans to major in physical therapy or sports medicine, which was inspired by all the great physical therapists that helped her when she tore her ACL her junior year.

A little rain, but tons of fun for Winterfest's first weekend

Photos by Diana Piñon
CLOCKWISE FROM TOP LEFT: Jim Basnight was one of the many artists to perform for those hanging out in the Ice Bar.

The grownups enjoyed live music and some drinks at the Ice Bar.

One of the most popular activities on Saturday was the horse-drawn carriages ride.

The crowds made their way to the beach at Don Morse Park to enjoy the spectacular fireworks show and watch the brave do the Polar Beach Splash.

In order to keep those at Don Morse Park warm during the fireworks show, a massive beach bonfire was lit.

Kiddos and adults alike savored the delicious s'mores while keeping warm around the bonfire.

Lake Chelan Second Princess Rosa Lopez Barboza and First Princess Lucy Bordner stopped their fundraising efforts to pose for a quick picture.

People were able to cast their vote for their favorite ice sculpture on Saturday evening. A goat on top on an apple was spotted as one of the four sculptures.

Many visitors watched in wonder as live ice carvers sculpted unique creations.

Winterfest featured an ice sculpture competition, one of the intricate sculptures was Merlot the Bear.

Lake Chelan Winterfest continues this weekend in downtown Manson, Friday, Saturday and Sunday, Jan. 25-27. To purchase tickets and to find a full schedule of the events visit <https://www.lakechelan.com/winterfest/>

OMAK - The Chelan Goats were defeated by the Omak Pioneers 64-58 Tuesday evening at Omak High School. The Goats got down early getting outscored 21-8 to start the game. But Chelan battled back outscoring the Pioneers in each of the remaining quarters. However, Omak was able to hold off Chelan's late game rally to secure a win on their Senior night.

Chelan was led by Cade Christopherson's 17 points. Bert Mendivil chipped in 12 points and Quinn Stamps added 10.

"We were way too lack luster to start the game. We dug ourselves into a hole we had to battle our way out of the rest of the game. I thought our defense outside of the first quarter was solid, but we need better intensity to start the game. We need to do a better job of blocking out teams that are taller than us, we gave up some offensive rebounds that gave them several second chance points," said Coach Pearl.

ATTENTION WAVE CUSTOMERS

Periodically, franchise, utility, PEG and convenience fees are adjusted in keeping with regulatory requirements.
Effective March 2019, Wave Broadband will implement a Non-Payment Service Restoral Fee. With this change, customers that have had their services terminated for failure to pay for such services will be charged a \$35 fee to have their services restored. This fee is being implemented to help defray Wave's administrative, accounting and field operational costs and expenses associated with the restoration of services. Further, if Wave must deploy a technician to the customer's premises to physically reconnect the services, Wave will charge an additional fee of \$60.
Also effective March 1, for customers that subscribe to our Expanded Content video tier, we will be reducing their monthly bills by \$1.00/month. This is a reflection of Wave's commitment to negotiating fair and reasonable network carriage agreements on behalf of our customers. We were able to negotiate more favorable pricing with some programming vendors so we are directly passing through those cost savings to our customers. Additional details will be included in customer's billing statements in the coming weeks. Thank you for choosing Wave Broadband.

The persecution of Tim Eyeman continues

If you are going to challenge the political system be sure you have a lot of money and the help of a major law firm. Otherwise, you are in for a fight you cannot win.

It appears Attorney General Bob Ferguson continues his legal persecution of political activist Tim Eyeman. Last week he requested the court declare Eyeman's attorney unqualified to represent Eyeman.

It seems the AG has invoked the nuclear option by convincing the court to declare no individual practitioner can keep up with the army of lawyers employed by the state. So only hours before he was to appear in court Eyman found himself without legal council.

It has been said that anyone who chooses to represent himself in court has a fool for a client. The problem is Eyman did not choose to represent himself he was forced to by the very people who have filed the actions against him.

Of course he lost the hearing on procedural grounds that he didn't follow proper court procedures. Of course he didn't. Eyman is not an attorney.

The goal of all of this appears to be nothing more than an attempt to silence

Eyman. A blatant attempt to strip Eyman of his civil rights under our Constitution.

Ferguson is using the Campaign Finance Laws to persecute Eyman. Claiming Eyman did not file proper reports with the Public Disclosure Commission. The suit is for \$2.1 million dollars and a lifetime ban from participating in any political activity. It has forced Eyman to file for bankruptcy.

The problem is the penalty far outweighs other suits by the AG's office for similar violations of Campaign Finance law. A review of the Attorney General's website regarding enforcement action against campaign finance law violations shows the action against Eyman is remarkable. Only one other claim exceeds the amount sought against Eyman. That was against the Grocery Manufacturers Association for \$19.1 million. The next closest claim was against the Washington Education Association for \$975,000.

Gov. Inslee wants state to spend \$10B more, paid for by \$4B in taxes against 'the haves'

Why must it always be thus - the "haves" versus the "have nots"? In this case it is vice versa. Big government, i.e., the state of Washington, wants more tax revenue so it can spend more money.

The "Tax and Spend" Democrats are flying their colors high indeed. Governor Jay Inslee wants \$10B more in spending, but his new taxes would cost nearly \$4B.

This chunk of cash includes mental health and orca recovery.

Orca recovery?

So now whales are more important than fiscal stability? Please God, end the madness. I love cats, dogs, horses, even whales and many other critters, but my brethren goes homeless, without medicine or food and we are paying a billion in tax money for orcas!

There are kids without shoes and single moms and the "working poor" but oh no, to heck with humanity, spend it on the whales.

We've got an opioid epidemic and local kids in gangs, water issues and fire issues and ... the list goes on.

To pay for this largesse towards our giant aquatic buddies Inslee, as if purposely trying to portray the stereotypical tax and spend liberal, is doing exactly that. It is a kick in the teeth for any hope of a serious rainy day fund being augmented by higher year-end revenues.

Just remember how we squandered all this money the next time we have a disastrous fire season as in recent years, costing us billions.

Inslee wants a capital gains tax on high income folks. He wants an increase in the business and occupation tax

on professional services.

Is our Governor a drunken sailor on leave after a year at sea with more money than sense? Paraphrasing Sarah Palin -- you betcha.

State Representative Bruce Chandler, ranking Republican on the House budget committee in Olympia, mocked Inslee saying, "If you're an orca, a criminal, or someone who voted for the failed carbon tax ... you probably like this budget. If you're a small business owner ... or the average citizen trying to make ends meet, you probably don't."
A wise man indeed. Clothe the naked among us before feeding the fish. Is that too much to ask? Take the whale money and use it on medicine and housing and job training and highways and bridges.

Inslee also attacks "flat real estate excise rates" making them into graduated rates to pay for the court-ordered removal of barriers to fish passage.

Again with the fish thing. Those with an interest in the real estate industry, agents, home buyers and sellers alike, will be footing the bill.

He also goes on the record as being anti-success since those among us with a little gelt are penalized for their entrepreneurial spirit by taxing capital gains including sales of stocks, bonds and other assets subjecting them to a nine percent tax.

The other 32 cases listed averaged \$74,609 including AGO costs for prosecuting the cases.

In December of 2017 The Spokesman Review ran a story about how Campaign Finance complaints were becoming the newest political weapon in Washington politics. Bob Ferguson's assault on Tim Eyman is moving that weapon from the big money politics of labor unions and political parties to individual citizens who are simply seeking to petition their government for redress of their grievances.

That is unconstitutional. As the chief legal officer for the state, Attorney General Robert (Bob) Ferguson should know that.

There is another political activist who has promised to bring suit against Ferguson for violation of the very Campaign Finance laws he is charging Tim Eyman with violating. Glen Morgan of WeTheGoverned.com has filed 14 claims of violation of Campaign Finance Laws by Ferguson according to a story on his website.

There is no reason that individual citizens should need to hire a major law firm to represent them when they are simply exercising their Constitutionally

protected rights.

It is time for political activists and organizations that claim to support holding government accountable to come together to support Tim Eyman. Organizations like Glen Morgan's WeTheGoverned and The Freedom Foundation need to call on Ferguson, Governor Inslee and both political parties to end this travesty.

The suit needs to be dropped. The state needs to agree to pay for Eyman's current legal costs and Attorney General Bob Ferguson needs to resign. It is the only fair solution to this egregious abuse of an ordinary citizen.

In light of the Supreme Court Decision in Citizens United there is some question about the legality of the entire Campaign Finance Law and the Public Disclosure Commission. That law was passed as a result of a citizen's initiative but now is being used as a political weapon not a tool for citizens to make more informed decisions.

In light of the travesty being perpetrated on Tim Eyman as a result of this law it may be time for an Initiative to disband the PDC.

His operating, capital and transportation budgets ask for \$1B on orca recovery efforts. Let that amount sink into your head for a bit. Billion is a real number, a really large number and chances are good that investing \$1B in whales will not pay taxpayers back in our lifetime and maybe not even our grandchildren's.

I look forward to hearing from Representatives Keith Goehner, Michael Steele and Sen. Brad Hawkins about all this taxing and spending. Do they agree with Chandler? Exactly what are they thinking? Stay tuned to The Bottom Line.
