Application Period Commences for WSU Master Gardener Training

WARD MEDIA Cashmere Valley Record

WENATCHEE - As the seasons shift towards winter, gardening enthusiasts in the Chelan-Douglas region have a unique opportunity on the horizon. The WSU Extension Chelan-Douglas Master Gardener Program is now open for applications for its forthcoming basic training course scheduled to kick off in January.
 Becoming a certified WSU Master Gardener entails the successful completion of this comprehensive training, along with fulfilling

internship requirements that encompass dedicating 55 volunteer hours during the initial year of enrollment.
 The core component of this one-yearly training regimen is rooted in a robust online learning experience offered through Washington State University. Additionally, participants can look forward to weekly in-person classes led by a cadre of experts, including WSU Extension faculty and staff, Master Gardener volunteers, and other specialists in the field.
 Local classes are slated to commence on Saturday, Jan. 20. They will continue every Saturday from 9

a.m. to noon until April 20. These informative sessions will unfold at the Douglas County Transportation & Land Services building, located at 140 19th St. NW in East Wenatchee. Topics covered throughout the course span a diverse range, encompassing botany and plant identification, soil science, entomology, lawns and herbaceous landscape plants, plant health care, integrated pest management, and plant diagnosis.
 The cost associated with this enriching training opportunity is set at \$175, with aspiring gardeners encouraged to mark Nov. 15 on their calendars as the application deadline.

The WSU Master Gardener program, tailored for Chelan and Douglas counties, provides an avenue for individuals to expand their horticultural knowledge and connect with like-minded gardening enthusiasts. Beyond the pursuit of gardening expertise, this volunteer group champions environmentally responsible gardening practices and promotes a healthy lifestyle through gardening.
 For those eager to embark on this enlightening journey, a letter designed for prospective volunteers, brimming with additional information and an application form, awaits online at bit.ly/trainingMG.

If you have an exciting event to share, email Reporter Quinn Propst at quinn@ward.media. We'll showcase the five most captivating events of the week, giving your event the recognition it deserves. Even if your event isn't among the top five, it will still be added to our events calendar and featured online. Don't miss this chance to make your event shine!

Oktoberfest in Leavenworth

The Leavenworth Oktoberfest will run Sept., 29-30, Oct., 6-7 and Oct., 13-14 in downtown Leavenworth.

"Oktoberfest returns to Leavenworth this fall with longstanding traditions of music, dancing, and the ceremonial tapping of the kegs," the event page states. "This year, like last year, we have exciting enhancements to Oktoberfest, bringing the event throughout downtown Leavenworth, with two fully programmed venues (beer gardens) located at the Leavenworth Festhalle and at Front Street Park. Sit under our clear-topped tent enjoying tasty local and German beers, lively music, and mountain views for days."

"For the kiddos, a 10,000 sq foot Kinderplatz has been added, free for kids 12 and under, with activities, games, a root beer garden, and a 62 ft Ferris Wheel," the event page states. "It's time to grab your best Trachten (traditional Bavarian garments) and make plans to celebrate Oktoberfest in America's unofficial Bavarian capital."

The Front Street Park Beer Garden (21+ Only) is open on Friday from 6 p.m. to 10 p.m. and Saturday from noon to 10 p.m.

The Kinderplatz is open until 9 p.m.

The Festhalle Beer Garden

is open Friday from 6 p.m. to midnight and Saturday from noon to midnight.

For more information and to purchase tickets, visit leavenworth.org/oktoberfest.

Autumn Amble

The Wenatchee River Institute will host an Autumn Amble on Friday, Sept. 29, from 9 a.m. to 11 a.m. at the Leavenworth Waterfront Park.

"Join the Wenatchee River Institute for a two-hour autumn amble with one of our knowledgeable naturalists," the event page states. "Walk with us through Waterfront Park as the air begins to cool and the leaves turn gold. You will learn about the natural and cultural history of Leavenworth with many scenic views along the way."

Registration is required, and the event is limited to 10 participants.

The trail difficulty is for beginners and is up to two miles round trip. The cost is \$10 for ages 16 and up, \$5 for ages 6 to 15, and ages five and under are free.

For more information visit wenatcheeriverinstitute.org.

A Night at the Museum

The Wenatchee Valley Museum and Cultural Center will host A Night at the Museum on Saturday, Sept. 30,

from 6 p.m. to 9 p.m.

"The Museum's signature fundraiser features talented chefs, tasty gourmet foods, a award-winning wines, great beers, ciders, distilled spirits, and live music," the event page states.

"Funds from this event support the Museum's mission-serving programs, including featured exhibits, MakerSpace, robotics clubs, field trips, student scholarships, community cultural events, film and speaker series, and collection restorations," the event page states.

Tickets are \$60 for members and \$75 for non-members. For tickets and more information, visit wenatcheevalleymuseum.org.

Pawtober Fest

Dog Haus Brewery will host the second annual Pawtober Fest on Saturday Sept., 30 from 1 p.m. to 6 p.m.

"Pawtoberfest is an event to support the non-profit organization DogOnGood Dog & People Rescue," the event page states. "DogOnGood Dog & People Rescue supports training and education of humans and their beloved puppies. It provides training, especially for those humans who have found frustration with their soon-to-become best friends and just

5 THINGS TO DO THIS WEEK

need some extra understanding or training in order to fully appreciate and understand how to handle their furry friends."

The event includes fun for dogs and people alike with a dog tricks contest, a pie eating contest (for the two-legged attendees), and more.

Admission is free, and donations are accepted.

For more information visit dogongood.org/pawtober-fest.

Scary Craze Scarecrows in Cashmere

During October, Cashmere will be filled with scarecrows.

"Get ready to embrace the festive spirit of fall as our charming town gets taken over by an abundance

page states. "It's time to go Scare-Crazy and witness the creativity and imagination poured into these whimsical creations. Make sure to take a stroll through town and admire the scarecrows, and don't forget to cast your vote for your favorite."

"These delightful figures will grace our streets during daylight hours throughout the entire month of October," the event page states. "For a convenient scarecrow tour, simply stop by the Chamber office or any participating businesses to grab your free scarecrow map. Let the scarecrow extravaganza begin."

Your Guide to Informed Voting

As we step into the vibrant colors of autumn here in North Central Washington, there's an equally colorful event on the horizon that's of utmost importance to our community - the upcoming elections. At Ward Media, we believe in the power of democracy and the crucial role that

From the Publisher **TERRY WARD**

informed voting plays in shaping the future of our cities and schools.

In our ongoing commitment to serving as your trusted source of local news and information, we're excited to announce our comprehensive election coverage. We've reached out to the local candidates running for city council, mayor, and school board positions, extending an invitation for them to share their vision and plans with you, our valued readers.

We've sent each candidate a detailed questionnaire to ensure transparency and provide you with a deeper insight into the individuals vying for public office. These responses will serve as the foundation for the profiles we'll publish in the coming weeks.

Our goal is simple yet essential: to empower you, our readers, with the knowledge you need to make informed decisions when you head to the polls. We understand that your votes will shape the future of our beloved communities, and we take our responsibility to deliver unbiased, accurate, and insightful information seriously.

These candidate profiles will not only highlight their platforms but also shed light on their aspirations and visions for the positions they seek. We want you to know who these individuals are, what they stand for, and how they plan to address the challenges and opportunities facing our cities and schools.

Informed voting is the cornerstone of a vibrant democracy. It ensures that our elected officials truly represent the will of the people. So, as you read through these profiles in the coming weeks, remember that you hold the key to the future of North Central Washington in your hands. Your vote is your voice, and your voice matters.

We thank the candidates for their willingness to participate in this process, and we thank you, our readers, for your unwavering support. Together, we can make a difference, one informed vote at a time.

Stay tuned for our upcoming election coverage, and let's embark on this democratic journey together.

Cross Country Recap

By JEFF KENOYER
Special to Ward Media

It was a pretty good day of racing for the Bulldogs the Wenatchee Invitational on Saturday 9/16! Cashmere runners improved on their times from last Saturday's race at Sunnyside. Several of our veteran runners set new 5 km personal records at Wenatchee. Complete results can be found at <https://www.athletic.net/CrossCountry/meet/221625/info>

The Wenatchee race course is at Walla Walla Point Park. The race is a two loop, 5 km race that is rolling but has no steep hills.

Our freshmen and sophomore group is going to be a good one. They work hard in practice and are pushing the older kids.

Our next race is Wednesday at the Okanogan Invitational. The race is run at the Okanogan Valley Golf Course at 105 Danker Cutoff Road, Okanogan, WA 98841. It will be a smaller meet than today but Liberty Bell and Cascade will give us plenty of competition!

How long coaching?

Leisa - 3 years, Aly - 1 year

How many returning?

We have 7 seniors, 3 juniors. No sophomores or freshman

Are your numbers up or down from previous years?

We had 24 girls try out for

cheer this spring. 10 were chosen for both football and Basketball cheer. 24 is the most cashmere high school has ever seen at tryouts! The future is bright for CHS cheer and Stunt.

How many new?

I have 2 new cheerleaders this year which are both seniors, Maia Purbaugh and Brianna Talley. The rest are returners.

How did you do last season?

Last season was great! We had 9 cheerleaders and the skills and leadership were really powerful. Who do you see as your toughest team(s) to beat this year.

Please send or tell us where can we find it.

You can see us at all home and away football games!

CBDL Announces Regional Community Convenings on Columbia Basin Project Completion

Ward Media / Cashmere Valley Record

CASHMERE – The Columbia Basin Development League (CBDL) announced the commencement of registrations for its inaugural Regional Community Convenings. These meetings are designed to foster informed discussions centered on the essential facts concerning the Columbia Basin Project.

“We are thrilled to open the doors to our Regional Community Convenings,” stated Sara Higgins, Executive Director of the CBDL. “This is an exceptional opportunity for individuals invested in the Columbia Basin Project to gain a comprehensive understanding of its various aspects and engage in meaningful conversations.”

This year's events revolve around comprehending the process of the Columbia Basin Project completion.

In a series of informative sessions, community members are invited to delve into the historical significance and current benefits of the Columbia Basin Project (CBP)—meeting one scheduled for October 2 from 9 to 11 a.m. in Connell at the Connell Community Center and 2:30 to 4:30 p.m. in Pasco at the Columbia Valley Grange #938, will explore the comprehensive implications of the CBP's completion and its geographical scope. Admission is free at both locations, providing an impartial platform for understanding

diverse perspectives on the Project. The second meeting, set for October 17 at the same venues, will further unravel the process of CBP completion, with sessions in Connell from 9 a.m. to 10:45 a.m. and in Pasco from 2:30 to 4:15 p.m., also offering free admission at both venues.

During this assembly, attendees will be guided through a comprehensive breakdown of the step-by-step process crucial for achieving the Columbia Basin Project's completion. The intricacies of requirements, the roles of key stakeholders, and the financial mechanisms essential for realization will be exhaustively explored.

The Regional Community Convenings underscore CBDL's unwavering commitment to transparency and the dissemination of precise information. All interested individuals are strongly encouraged to register promptly to secure their participation, as space is limited.

“By participating in these events, stakeholders will gain valuable insights that will contribute to informed decision-making and constructive conversations surrounding the Columbia Basin Project,” Sara Higgins added.

To secure your place in these enlightening discussions, register at www.cbdl.org/community-convenings.

OBITUARY & MEMORIAL POLICIES

Ward Media, LLC: Leavenworth Echo, Cashmere Valley Record, Lake Chelan Mirror, Quad City Herald. An Obituary is a way for family member(s) to commemorate a loved one's life and to notify the community of the passing of the loved one. Obituaries are also used for historical and ancestral data. Memorials are another way to let the community know about the life and memories of the person who has passed. A Memorial is different from an Obituary. An Obituary is usually current, while a Memorial can be written later. Obituaries and Memorials need to be typed and emailed as a Word Document. They can be placed in one or more papers - all publish weekly on Wednesday. Obituaries are priced by the number of words and include one color photo and go online at no extra charge. Memorials are priced per column inch. Please call for cost. *Payment is due at the time of placement. *Exception: Chapels, funeral homes who have an account, can be billed. There is no charge for a Death Notice - information is limited. Deadline is 4 p.m. on Friday - some exceptions may apply. Please call 509-548-5286 for more information Or email obits@ward.media

Child Find Notice
The process of locating and evaluating children with developmental delays or other disabilities is referred to as "Child Find." The Individuals with Disabilities Education Act (IDEA) requires all school districts to locate, evaluate, and provide services to individuals birth to age 21 years old who may have a disability. If you suspect your child or if you know of a child that may have a developmental delay or disability, please contact the Brewster School District Special Education Department at 509-689-2581. The Brewster School District offers free developmental screenings. These screenings are designed to provide a brief assessment of the communication, adaptive, cognitive, social-emotional, and motor development of the child. Developmental screening appointments are available. Please contact the Brewster School District Special Education Department at 509-689-2581 to schedule an appointment.

Aviso del Proceso de Child Find

El proceso de localizar y evaluar a los niños con retrasos en el desarrollo u otras discapacidades se conoce como "Child Find". La Ley de Educación para Personas con Discapacidades (IDEA) requiere que todos los distritos escolares ubiquen, evalúen y brinden servicios a personas desde el nacimiento hasta los 21 años que puedan tener una discapacidad. Si sospecha de su hijo o si sabe de un niño que puede tener un retraso en el desarrollo o una discapacidad, comuníquese con el Departamento de Educación Especial del Distrito Escolar de Brewster al 509-689-2581. El Distrito Escolar de Brewster ofrece evaluaciones de desarrollo gratuitas. Estas evaluaciones están diseñadas para proporcionar una evaluación breve del desarrollo comunicativo, adaptativo, cognitivo, socioemocional y motor del niño. Las citas de evaluación del desarrollo están disponibles. Comuníquese con el Departamento de Educación Especial del Distrito Escolar de Brewster al 509-689-2581 para programar una cita

Choosing the right cleaning solution

to fade.

Unfortunately, mercury can be absorbed through broken skin. Mercurochrome® is no longer used because it isn't considered effective enough to be worth the risk of being exposed to mercury. Mercurochrome® was replaced with Merthiolate®, a different form of mercury called thimerosal.

Thimerosal is much safer because it "locks" mercury to prevent it from being absorbed into your body. In the past, thimerosal has been used in vaccines as a preservative. Today, most vaccines are distributed as single-dose syringes without the need for preservatives. This avoids potential exposure to mercury from vaccination.

Iodine is helpful as tablets to decontaminate water for drinking and as a solution called povidone-iodine (Betadine®) to clean skin before surgery.

Silver is used on the skin as silver sulfadiazine, an antibiotic widely used in burn victims. Silver nitrate works to cauterize wounds and reduce bleeding.

Hand gels containing at least 60% alcohol work as hand sanitizers, significantly reducing the number of bacteria and viruses on your hands. Parabens and benzalkonium chloride interfere with the growth of microbes and are widely used as preservatives in eye drops and nose sprays.

For kitchen cutting boards, household chlorine bleach sanitizes well.

Hydrogen peroxide helps clean scratches, but you should avoid applying it after the initial cleanse because it destroys new tissue, preventing wounds from healing.

What do you reach for when cleaning a kitchen cutting board or caring for a scratch? A disinfectant, antiseptic, or an antibiotic?

Disinfectants and antiseptics are chemical compounds with the power to either completely destroy organisms that cause disease or keep them from multiplying. These compounds can be effective against bacteria, fungi, viruses, and other microorganisms like amoebae that live in water.

There are two main types of disinfectant chemicals and disinfecting procedures: sanitizers (sanitization) and sterilizers (sterilization).

Sterilization is a procedure meant to destroy all life forms on a surface. At the same time, sanitizing is less complete, killing most of the organisms it touches and reducing the number left down to a safe level.

Surgical instruments are sterilized with a two-step process. They are first soaked in a disinfectant solution of a particular concentration for a specific time, called cold sterilization. This is followed by heat sterilization by exposing them to very high temperatures inside a pressure cooker-like appliance called an autoclave.

Heat sterilization procedures are used in home canning. You immerse empty canning jars in boiling water for a set time to prepare them for your food. After filling the jars, they are further exposed to heat, with either more time in boiling water or inside a pressure cooker.

Sanitizing kills organisms that cause disease. A disinfectant is a compound used to clean inanimate surfaces like kitchen cutting boards and bathroom fixtures. Cleaning a wound effectively requires something that can kill microorganisms without damaging living tissue: an antiseptic. Antiseptics include antibiotics that target bacteria, antifungals that attack fungi, and antivirals that work against viruses.

An effective disinfectant or antiseptic works against various microorganisms, kills on contact and acts quickly. One beneficial char-

acteristic is the ability to penetrate cracks and crevices where microbes can lurk.

Some bacteria can form a tight layer over a surface. This is called a biofilm. When bacteria form these layers, they become much harder to kill. The ability of a compound to penetrate into a biofilm and destroy it is a valuable characteristic.

To be most useful, antiseptics and disinfectants must be able to be used safely with other commonly used cleaners. They also should not have toxic fumes and be economical to use. Finally, disinfectants shouldn't create any pitting, corrosion, or staining of instruments or surfaces, and antiseptics must not damage living tissue.

Some examples of commercial disinfectants include hydrogen peroxide, sodium hypochlorite (the ingredient in household bleach), phenol, and formaldehyde. Although bottles of hydrogen peroxide and laundry bleach are everyday household items, they are used in higher concentrations when used as commercial disinfectants.

Antiseptics include compounds that reduce the spread of certain organisms or kill them outright. They can suppress the general growth of microbes or be only effective on specific microorganisms, like antibiotics, antifungals, and antivirals. Some anti-infectives should only be used on intact skin, like when used just before surgery. At the same time, others can be applied to wounds or given internally.

A compound containing mercury and bromine called Mercurochrome® was widely used in the 1960s as a topical antiseptic. Like many kids then, my mother painted it on my cuts. After stinging like mad, it left a bright reddish-orange stripe that would take days
