Pateros council discusses Relight Project, awards irrigation contract

By Mike Maltais
Staff writer

PATEROS – The city's Relight Project was one of the principal topics of discussion at the regular monthly meeting of the Pateros City Council last Monday, May 15.

City administrator, Jord Wilson reported that he has been working with Pateros School, Okanogan County PUD and planner Kurt Danison on the retrofit.

"In general, the downtown will have 70 watt fixtures and the residential area will have 40 watt fixtures," said Wilson. "The exceptions are at Peninsula Park, Methow Boat Launch, and the light at the top of Chris Street that lights the elementary school parking lot."

Wilson said the excepted areas will use brighter 70 watt bulbs for security reasons.

City workers continue to clean up the Ives Landing site and locating key underground pipes in preparation for upcoming expansion of facilities there.

Council awarded the cemetery irrigation installation contract to the lowest of three bidders for the work. The contract went to North Cascade Landscaping, of Brewster, whose bid of $45,046.00 was more than $25,000 below the next lowest competitor. Other bidders were Wilson & Wilson Landscaping, Pateros at $70, 703.29, and Riverview Outdoor Living, LLC, East Wenatchee, $79,021.10.

Mayor Carlene Anders was absent from Tuesday's meeting so she could deliver a presentation on behalf of the Okanogan County Long Term Recovery Group to the 2017 National Volunteers Organization Active in Di-

Council approves Armory CUP, appoints Assistant Fire Chief

By Mike Maltais
Staff writer

BREWSTER—The City Council appointed Dylan Gamble as the city's new Assistant Fire Chief and approved a conditional use permit (CUP) for Brewster Quick Lube, among other business at its regular monthly meeting last Wednesday, May 10.

Brewster Quick Lube has been open and operating since January, said co-owner, Manny Hurtado, but since the business is sharing a building with another adjacent business, a separate CUP was required by the city.

With mayor pro tem Tim Rieb filling in for Art Smyth, Council approved a resolution to accept matching funds from the Washington State Department of Transportation equal to five percent of a $1 million Federal Aviation Administration grant for new lighting at the Brewster airport. The city is also obligated to match the state's contribution with five percent from its own budget to complete the funding package.

The new upgrade will allow visitors and aircraft pilots to remotely activate lighting as needed for airport operations.

The FAA allots the city $150,000 every year for the airport," said Public Works Director, Lee Webster.

Legionnaires and volunteers will put up the large flags at each of the cemeteries Monday and add a wreath to each flag pole. They'll have an honor guard and firing squad at each location where three volleys will be fired and taps played.

In between ceremonies at cemeteries at Brewster (11:30 a.m.), Packwood (10 a.m.), Pateros (9 a.m.) and Monse (11 a.m.) the Legionnaires will also hold a service for Navy and Coast Guard veterans on the Bridge Street Bridge that spans the Columbia River at Brewster at 9:30 a.m., and will drop a wreather into the river to honor those veterans.

Monday's activities will conclude with a final service at the American Legion Hall in Brewster at noon.

On Tuesday following Memorial Day volunteers will again be out picking up the crosses with flags on the veterans' graves. Volunteers are welcome on all three days.

Columbia Post 97 is comprised of some 180 members. The total is around 325 if you include the Ladies Auxiliary and the Sons of the American Legion. They also have about 30 AL riders who participate on their motorcycles in parades and funeral processions around the area.

American Legion Columbia Post 97 is located at 102 3rd St. in Brewster. It can be reached at (509) 689-3307.

Student Engagement) project, where in students were involved in each step of the publishing process.

In other business, the board unanimously approved the 2017-18 academic schedule. In small schools like Pateros teachers prep for six separate classes daily, unlike larger schools where teachers prep for only one or two. Owing to this added load on Pateros teachers, the new schedule calls for an additional prep period for secondary teachers.

Scott Wiltse, Kelly Hixon, Jean Hartwich and Melanie Williams, grade 6-12 math teachers, reviewed various available math curriculums and endorsed one from Pearson (makers of enVision-math2.0). The teachers will bring a quote including itemized materials and resources to this month's board meeting, Thursday, May 25.

To help relieve the burden on the school's K-12 counselor, board approval was requested for a student services specialist. Owing to a shortage of both certificated teachers and certificated counselors, a temporary student service specialist who would pursue Washington counseling/teaching certification was a recommended option.

The city has deferred using the annual allotment for the past three years to have a sufficient stockpile of funding to finance the new lighting system, but the monies must be used this year or the annual allotment will decrease.

The lighting installation is projected to begin somewhere around mid-summer and will allow pilots to remotely activate the runway lights as needed.

"Right now, they are on all night," Webster said.

Weather delays have pushed back completion of repair work on Griggs, Hanson and Indian streets until the middle of June.

"I'm hearing now that it may be the week of June 19 or June 26," Webster said of the chip seal work.

The state Transportation Improvement Board agreed to Webster's request to add the city street work to a larger project underway on State Route 173 between Bridgeport and Triangle Exxon.

Council also renewed the Satellite Management Agreement to allow certification of the Group B water system at the airport. The state requires the maintenance measure performed by the Satellite Management Agency through the Department of Health.

The visiting Chelan Goats pulled out a narrow 4-3 win over the Central Washington B League-leading Bears in a bruising physical District match last Tuesday, May 9.

It was the third game in District 6/7 competition between Chelan, ranked No. 2 in the 1A Caribou Trail League, and the undefeated Bears, ranked No. 1 in the CWB.

"We were ahead, 3-0," said coach Jenner Sanon, "but our guys relaxed because they thought they had the game won and Chelan caught us in the second half."

Jose Gomez and Brady Busching each scored a goal for Brewster in the first half. Gomez scored again in the second to make it 3-0 before Chelan caught fire and burned the Bears by a goal.

Earlier, Chelan defeated No. 3 Oroville, 4-0, in game one of Districts on May 5 to advance to meet the Bears on their home field four days later. In game two, also on May 9, Cashmere lost to Cascade of Leavenworth, 2-1, to set up the championship match between the Goats and Grizzlies at the Apple Cup in Wenatchee, Thursday, May 11. Brewster played CTL No. 4 Cashmere at the Apple Cup earlier that day for third and fourth place,

Cascade edged Chelan, 2-1 for the district title while Brewster defeated Cashmere, 3-0, for third place. Felix Nava scored for Brewster in the first half before Jose Marin and Rodrigo Gomez closed the door with second half goals.

Newport, ranked No. 2 in the 1A Northeast league, was all that stood in the way of the Bears' state bid in the crossover match that Brewster won 3-0 last Saturday, May 13.

"We didn't give them many shots," said Sanon of Newport's loss. "When you don't get shots, you can't score."

While the Brewster defense dogged Newport, the Bears' offense was getting some good shots at the net. Ricardo Gallaga and Felix Nava scored first half goals, and Jurgen Cornejo added a comfort margin with a second half score.

Bears take second at District, advance to State

By Mike Maltais
Staff writer

MOSES LAKE – The Brewster Bears varsity baseball team defeated Kittitas, 9-2, but lost to Tri-Cities Prep, 12-0, to win second place in District 5/6 competition at the Paul Lauzier Athletic Complex in Moses Lake, last Saturday, May 13.

Brewster will face Northwest Christian, Colbert, in the first round of state playoffs at 10 a.m., Saturday, May 20, at Ferris High School in Spokane.

The Bears reached the District championship game by beating DeSales at home, Tuesday, May 9, and Kittitas at Moses Lake last Saturday.

A huge fifth inning turned a 2-0 deficit into a 6-2 lead and eventual 7-3 win for the Bears in loser-out District playoff competition against DeSales last Tuesday, May 9.

"(We) turned it on after they made a pitching change in the fourth," said coach Todd Phillips.

The turnaround began when freshman, Kade Kelpman, got on base with a hit. DeSales next walked Eric Martinez, and eighth grader, Cade Gebbers laid down a sacrifice bunt but still reached first to load the bases.

Freshman, Logan McGuire singled to drive in two runs to knot the game at 2-2, and the rally was on.

Sophomore Joe Taylor, who had been hitting well all season, put the Bears up, 4-2, with a double that drove in two runs. Sophomore, Jeff Sonneman singled two more runners and sophomore, Isaac Baker singled in the sixth Bear to finish the inning 6-2. Each team added another run to make the final, 7-3.

Kittitas falls

Playing what coach, Todd Phillips called "our best game of the year," the young Bears came alive in the bottom of the third inning when Corey Jarrell singled in McGuire to get Brewster on the board, 1-0.

Sonneman tripled into right field and scored Jarrell from first, and a wild Kittitas pitch allowed Sonneman to steal home to make it 3-0 Brewster after three innings.

In the bottom of the fourth inning, Kelpman scored, followed by McGuire who cashed in on a Jarrell double to put the Bears up, 5-0 and persuade Kittitas to change pitchers.

Taylor provided the "film at 11" moment with a home run over the left field fence that also scored Jarrell.

Kittitas put a run across the plate in the top of the fifth but could not keep pace with the Bears who added two more runs and the chance to meet Tri-Cities Prep.

Sonneman pitched the entire game and gave a strong performance from the mound

Tri-Cities Prep wins

Much of what went right for the Bears against Kittitas, went wrong against the Jaguars.

"I thought we beat ourselves against Tri-Cities Prep," said coach Phillips of the 12-0 loss. "They are good but they are beatable."

The Jaguars took advantage of Brewster defensive errors and multiple walks to squeeze runs out of the lapses in the Bears' inconsistent play. Brewster went through three pitchers trying to find the right combination to counterpunch the steady Tri-Cities progress but came up short.

"Free offense is the key to success in the playoffs," said coach Phillips. "We can't make errors and walk guys."

Lady Bears clinch League with 18-3 win over Liberty Bell

By Mike Maltais
Staff writer

BREWSTER – The Lady Bears varsity softball team put its undefeated win streak to the test in post-season play when it hosted Tonasket in the first round of the North Central Washington 2B League Championships on Tuesday, May 9, followed by Liberty Bell on Saturday, May 13.

Brewster rallied from two runs down in the first inning to emerge the 9-4 winner over the Lady Tigers and advanced to the championship game against Liberty Bell.

Tonasket took advantage of a walk in the top of the first inning and put a couple runs across," said coach Rick Miller. "I thought we played a little tight in the beginning of the game."

It didn't take the Lady Bears long to settle down and tend to business. Freshman, Sammi Emigh slapped a single in the second inning to bring home Abby Urias, and Brewster went after more.

"Bizzy Stam started a big third inning for us," said Miller. "Yvette Sanchez and Abby Urias both hit two RBI doubles and Marlisa Garcia added an RBI single."

At the end of three innings, Brewster was up, 6-2, and never lost the game momentum after that.

Tonasket scored in the fourth but the Lady Bears countered with runs by Stam and Michaun Kelpman. In the sixth inning Kelpman scored again to match another run by the Tigers to make it 9-4. Tonasket managed one base hit in the top of the seventh in its final chance to make a comeback.

Yvette Sanchez pitched all 6-1/2 innings for the Brewster and gave up four hits on 11 runs with a walk and five strikeouts.

Liberty Bell silenced

Following double-digit wins at home over Lake Roosevelt, 13-2, and Waterville-Mansfield, 10-0, Saturday, May 6, the Liberty Bell Lady Lions had an 11-game win streak snapped by Brewster, the same team that did it last April 18.

In a one-sided run-fest, the Lady Bears took the early lead and cruised to an 18-3 final that ended in the bottom of the fourth inning on the 15-run Mercy Rule.

Both teams now advance to the District 5/6 championships in an eight-team, one-day tournament in Ephrata on Saturday, May 20. The No. 1 seed Lady Bears will face Tri-Cities Prep at noon on Field 1. The winner of that game will play the winner of Lake Roosevelt v. Kittitas with that winner advancing to the title game.

Finally, the entrenched bureaucracy is being dismantled. FBI Director James Comey is not the first to go and hopefully not the last. He is just the biggest fish so far. This is what most Americans were calling for when they voted for Trump.

Democrats are trying to spin this as some sort of conspiracy by Trump to kill the investigation of how Trump and the Russians conspired to steal the election.

Just a few short months ago these same Democrats were blaming Comey for killing Hillary's presidential run. It is time for these Democrats to act like adults and accept their defeat. They put up a flawed candidate. They lost. Most Americans are beginning to see through the lies of the far left and have rejected another administration bound on dismantling our Constitution.

Truth is the Democrat Party has lost its way. While many Democrats are well meaning devotees of the mantra of standing up for the little guy. The party has been taken over by radical leftists who have blinded their loyal supporters by twisting history, science and social justice to justify their radical positions.

Under the current Democrat leadership traditional Americans are the problem. Traditional Americans are self centered, greedy, sexist, racist homophobes that must be reined in by a more compassionate and enlightened central government. They don't talk like that but their policies, protests and legislative actions belie their true intentions.

Democrats are quick to claim that President Trump did not win the popular vote so he is not a legitimate President. That argument is indicative of their true disdain for the Constitution.

Except for the California fruits and nuts and the Globalists in New York City and Washington, D.C. the great bulk of the American people rejected Hillary. Trump won the popular vote in most of the rest of the country and was elected by a landslide in the Electoral College. Neither candidate won a true majority of the electorate. Those are the facts.

The Electoral College is that pesky Constitutional system set up by our founding fathers to insure no heavily populated state could dominate the election. The Democrats squealing about Trump's illegitimacy clearly only want to follow the Constitution when it accords with their view of how our government should work.

The justice department is a good place to start the clean-up. If we truly believe we are a nation of laws then the justice department must be a non-partisan enforcement agency. Remember how the statue of a blindfolded lady justice is holding balanced scales? The justice department has lost its way failing to prosecute obvious violations of the law by powerful connected politicians and in racially charged incidents. In other words, the justice department can no longer balance the scales.

The justice department should be enforcing the federal laws on immigration. Remember how the Department of Justice sued the state of Arizona when the Arizona Governor tried to enforce immigration laws there? And how has the justice department reacted to the issue of sanctuary cities?

Regardless of whether the justice department believes the immigration laws are out of date, they do not get to choose which laws to enforce. Congress makes the laws and once passed it is up to the justice department to enforce those laws.

When FBI Director Comey said, "Although there is evidence of potential violations of the statutes regarding the handling of classified information, our judgment is that no reasonable prosecutor would bring such a case." He tipped the scales of justice by giving a powerful politician a pass that would not have been accorded other individuals.

Politicians and bureaucrats in Washington work for us – the American people. Their growing sense of special privilege is a growing cancer on our great American experiment.

There are a lot more entrenched bureaucrats slithering through the halls of our nations capital. Many of them need to go. It is not going to be easy to separate the good ones from the bad ones and you can be sure the electronic media will continue to dwell on the drama and not on the facts.

A little housekeeping is what the American people have been demanding. Expect more squealing pigs.
