## CAPTAIN CHELAN

(Original spelling Sheelah) was born in Fort Augustus Scotland. In 1812 during a Great Storm his Ship was transported to what is now known as Lake Chelan.

Two Hundred Years later, just as Legend had it the Pirates and Captain Chelan return to Lake Chelan. In 2012 they Magically re-appeared.

Now they return Every Year for a Summer of Pirating Fun.

## HISTORY OF LAKE CHELAN PIRATES

Two hundred years ago, a Scotsman, born in Fort Augustus took a treasure chest from the Fort where his Father was a soldier, and it was assumed that the chest was filled with gold and other riches, and set out to sea on a long journey. However its true contents were discovered by the Captain and crew during a mysterious and violent storm off the coast of Washington in 1812.

Somehow the ship was transported to what is now known as Lake Chelan. The ship under great stress was tossed violently in the storm, and the chest and its contents were washed overboard into the water below. The Captain not willing to lose his mysterious prize dove into the water after it. He held on to the treasure chest and it took him quickly down to the crushing depths of the nearly 1,500 foot deep lake.

Unbeknown to the crew, two female

stowaways were on board whom kept watchful eyes on the chest. Stewards to its precious contents. They too, jumped in after the chest and as they hit the water the crew watched with disbelief, as it appeared that their feet transformed into fish-like fins as they breached, then dove into the angry water. Mermaids! One went after the chest the other after the Captain. The Captain was taken to the shore and the chest was taken deep, deep down into an under water cavern. Where its contents, an egg, cracked open and a Hatchling emerged, the Lake Chelan Dragon!

That was the beginning of the legend. Two hundred years later, just as legend had it the Pirates and Captain Chelan returned to Lake Chelan. As per the calculations and with the help of the Chinese Zodiac Calendar, the Lake Chelan Pirates returned in 2012, the year of the Dragon. Now the Lake Chelan Pirates return every year.

## THE CARNIVAL

Our Carnival is no stranger to the Lake Chelan Valley. For those with long time memories will remember years ago the fair that would set up a Ferris Wheel in Downtown Chelan – That was Paradise Amusements.

Paradise Amusements, a second-generation Carnival owned by Sherry McKay, whose legacy dates back to the 1940s with McKay Show. Known for its impeccable reputation of being safe, clean, and fun, Paradise Amusements is now under the dedicated management of Sherry's son in-law, Pedro Dos Santos. Alongside his wife, Kelsey, Pedro has also established

Norse Amusements, a small but promising show that operates in sync with Paradise Amusements.

In a recent interview, Pedro was asked about his greatest inspiration in the industry, and he humbly acknowledged his mother-in-law, who set the bar extremely high and taught him the values of maintaining a fun and secure environment.

Pedro follows closely in her footsteps, ensuring that the carnival remains enjoyable, safe, and well-maintained. He plays an active role in shaping safety standards as a voting member and holds the title of Producer at ASTM, the esteemed American

*Proud Sponsor of the*

Lake Chelan

PIRATE FEST 

Society for Testing and Material.

This organization is responsible for establishing international technical standards for a wide range of materials, products, systems, and services. In addition, Pedro holds a significant membership in NAARSO, the distinguished National Association of Amusement Ride Safety Officials.

This renowned organization is entirely dedicated to enhancing safety standards through comprehensive amusement ride safety education and certification programs. Pedro's involvement further underscores his commitment to ensuring the utmost safety and enjoyment for all carnival-goers.

Although not the largest carnival with the biggest rides, Paradise Amusements takes immense pride in their tireless efforts to provide your family with an exceptional and secure experience.

They prioritize the well-being and enjoyment of every visitor, going above and beyond to create a delightful atmosphere that leaves lasting smiles on the faces of both young and old. Pedro's expertise in welding, fabricating, electrical work, and mechanics ensures that safety remains a top priority.

This year, Paradise Amusements has exciting new additions to its lineup, including a brand-new Gondola Ferris wheel, a thrilling brand new Zero Gravity ride, a second Eli High Five Wheel, and an Eli Big Kid Wheel.

While Paradise Amusements may not boast the grandeur of being the largest carnival with the biggest rides, their unwavering dedication to ensuring your family's utmost enjoyment and safety fills them with profound pride. Each day, they pour their hearts into crafting an unforgettable and secure experience, where laughter and joy intertwine, leaving cherished memories etched in the hearts of all who venture into their delightful realm.

Pedro wants to leave you with a message! "
